The members of the Republican County Committee are requested to meet in Rheem's Hall, Carlisle, on Tues day, February 20, at 111 o'clock, a. m. for the purpose of electing a Representative Delegate to the Republican State Convention, and of appointing confereed to settle a Senatorial Delegate.

GENERAL HANCOCK is said to have de clined to be a candidate for the nomina tion of the Democratic party for President. This is certainly very sensible The nomination of that party will be equivalent to a bad defeat, and that affords neither profit nor pleasure.

Some Democratic papers insist on the nomination of Geo. W. Cass, of Pitts. burgh, as the candidate of that party for Governor in the next campaign. We -think it is about General Cass's turn to made by the canvassers, he was disfranget a threshing for that position, and if his friends think so, they had better bring him out. There are many other speculations which will pay quite as well name of any qualified voter who may as running on the Democratic ticket for jority of the board of aldermen appointed Governor next fall.

FREDERICK DOUGLASS recently went to St. Louis and registered himself at the Planter's Hotel. Some very superior speciment of humanity, who was charged with the responsible duties of hotel clerk, erased his name from the register and refused to allow him to take his dinner at the house. This is, perhaps, as small a piece of business as any man could have been guilty of.

GOVERNOR WOOD, of Utah, has vetoed a bill passed by the Legislature of that territory, providing for a convention to frame a constitution, preparatory to being admitted into the Union as a State. The Governor tells the Legislature that Utah has not a sufficient number of people to be entitled to admission, and further that they do not deserve nor should they ask admission, so long a polygamy is one of their recognized in stitutions. At all of which the Utzi Legislature is very undignant, and says all sorts of ugly things against Governor Wood.
