Certificate of Distinguished Gentlemen Relative to Mount Florence:

We are familiar with Mount Florence on the Hudson, and take pleasure in saying that it is a large and beautiful property, conveniently located as to the railroad and the City of New York, highly and substantially improved, and embellished to a degree rarely equalled in this country.

Mount Florence was improved by Mr. B. H. Craig, between 1858 and 1864, and with ten years of natural growth, added to the immense sums expended in improvement, its present value can hardly be over-estimated. The situation is extremely favorable for health and comfort, and the views of mountain, river, and inland scenery, from different parts of the grounds, are varied and beautiful at all seasons.
