DR. LE ROY'S

Vegetable Universal Pills

Are a strengthening purgative and a purifying Tonic.

THE hopes of the American agents are far more than realized by the success of Dr. Le Roy's Vegetable Universal Pills on this side of the Atlantic. Never did a medicine spring into such immediate popularity. In less than three months eighty thousand boxes have been disposed of; and certificates of cures performed by them received from upwards of four hundred persons.

The cures embraced a great number of diseases; but those which predominated were Bilious Fevers, Colic, Habitual Constipation, Dysentery, Loss of Appetite, Flatulency, Worms and Lowness of Spirits. All persons who take them agree that they are far superior to every other medicine they had used, in the mildness the energy, and the efficiency of their action; for though they produce neither gripe nor nausea, they act upon the secretions with great directness, force and rapidity; and as a purgative leave nothing to be desired.

But their great peculiar excellence, and that which distinguishes them from all other purgatives, is that their operation is followed by no reaction. Their unrivalled purifying and purgative properties, for which they are indebted to the essence of Sarsaparilla, and other ingredients, being controlled by their highly tonic virtues derived from the extract of Wild Cherry, they do not strain the digestive organs into action, as is the mode of operation with other cathartics, but on the contrary strengthen the system into vigor, and which is accompanied by a more or less subacute costiveness, a dullness of the gastric juice, while Dr. Le Roy's Pills leave all the machinery of the system full of life activity, and the bowels open and natural.

HOVER'S

First Premium Writing Ink.

From Dr. Hare, the celebrated Professor of Chemistry in the University of Pennsylvania, Philadelphia, Oct. 11, 1843.

"Dear Sir—Having tried your Ink, I will thank you to send me another bottle, as I find it to be excellent. I am yours, truly, ROBERT HARE."

From Dr. Locke, of Cincinnati, distinguished for his numerous scientific researches. "Medical College of Ohio, Cincinnati, January 17, 1844.

"Having used Mr. Hover's Writing Ink, I am satisfied that it is the best which I ever came to my knowledge, and especially is it excellent for the use of the Steel Pens, and will not corrode them, even in long use. JOHN LOCKE, Prof. Chemistry."

Hover's Adamantine Cement

From a well known scientific gentleman. "Philadelphia, Feb. 27, 1846.

"Mr. Joseph E. Hover—Sir: A use of your Cement, and some practical tests of superiority, has induced me to recommend it to others as an invaluable article for mending China, Glass or Cabinet Ware. CAMPBELL MORFITT, "Analytic Chemist."

HARPER'S CELEBRATED

RAZOR POWDER,

THE best article ever invented for giving a fine lather upon a Razor, or any face instrument. To shave, not to shave, that's the question; Whether 'tis better, on the whole, to suffer Th' outrageous scrapings of an edgeless razor; Or, buy a box of HARPER'S Razor Powder, Wherewith to set the edge?—to buy,—to use,—No more!—for in its use we surely have A sovereign balm for all the barber's shocks The face is heir to,—is a consummation Devoutly to be wished. To shave,—to scrape,—To scrape! perchance to scream—ay, there's the rub;

For in that horrid scrape what screams may come, (Particularly if the face be tender.) Must give us pause. * * Who would their faces bear, And grunt, and sweat, with a villainous dull razor, When the remedy, that renders shaving pastime, May now be had at Westbrock's? For want of this, Men sometimes rather wear the beard than have Than undergo the grubbing operation.

Harper's Razor Powder is warranted to give a keen sharp edge to any razor (that has not been used for quarrying stone or sharpening crowbars) in a shorter space of time than would be required with the best hone. It supercedes the use of the hone altogether.

Wiggins as a Shoe Store, which he has fitted up entirely new, where he will be happy to wait on all those who may favor him with a call. He has received within a few days a general assortment of

Drugs, Medicines, Patent Medicines, CHEMICALS, PAINTS, DYE-STUFFS, and a splendid assortment of

Perfumery, Brushes, &c. of a very superior quality, which he will sell wholesale or Retail, at greatly reduced prices. The subscriber holds himself responsible for the purity and genuineness of every article he sells, which will be a guarantee to all against the purchase of counterfeit or worthless medicines.

In conclusion, the subscriber returns his most sincere thanks for the very liberal encouragement he has received, and flatters himself by strict attention to business, he will merit a continuance of public patronage. R. WILLIAMS. Columbia, April 7, 1847.—if

WRIGHT'S INDIAN

VEGETABLE PILLS.

THIS extraordinary medicine is founded upon the principle that the human frame is subject to ONLY ONE DISEASE, viz: corrupt humors, which, when floating in the general mass of circulation, are the cause of all kinds of Fevers, but when lodged in the various parts of the body, give rise to every malady incident to man.

Let it be remembered that the human body and Wright's Indian Vegetable Pills are mutually adapted one to the other, and that by them all morbid and corrupt humors (the cause of disease) can be easily eradicated, and this in so easy and natural a manner, that while they every day give ease and pleasure, Disease of every name is Literally Driven from the Body.

Health, Health, Health.

THOMPSON'S COMPOUND SYRUP OF TAR AND WOOD NAPHTHA.

THE ONLY CERTAIN REMEDY FOR THE CURE OF Pulmonary Consumption, Chronic Bronchitis and Sore Throat, Asthma, Chronic Catarrh, Spitting of Blood, Pain in the Side and Breast, Difficulty of Breathing, Whooping Cough, Croup, Weak Nerves and Nervous Debility, Indigestion, Pain in the Heart, also Liver Complaint and Affection of the Gall Bladder.

OF all the diseases incident to our climate there is none so universal and at the same time so insidious and fatal as Consumption. In the country especially Pulmonary Consumption is emphatically a scourge and in its resistless career sweeps over the land as a destroying angel, laying low with its victims both the strongest and bravest of our race. Unhappily all efforts to arrest this dread disease have proved vain, and all that seemed within our power to arrest the progress of the disease, rendered somewhat smoother the certain progress to the tomb!

The proprietor in offering this preparation to the public would venture the opportunity to state upon what grounds it puts forth its merits and the reasons upon which it founds its superior claims to the attention of the sufferer, than any other medicine he has ever known with confidence in its curative powers. Since its first preparation he has had the pleasure of witnessing its happy results in numerous instances, and he was determined to offer it to the public until he had become thoroughly convinced of its efficacy. He now confidently offers it as a remedy for all the diseases named above, and he is fully satisfied that its use will result in the cure of all the diseases named above, and he is fully satisfied that its use will result in the cure of all the diseases named above.

Consumption of a tuberculous character from time immemorial has been deemed incurable, and considering the frequency and fatality of this disease, it is surprising that new remedies and new systems of treatment should from time to time be brought under the notice of the profession and the public. Almost every year new and more extraordinary, in an endless round of combination, has been used with the hope of checking this scourge of our race, many doubting the success of the progress of medical knowledge we should at last obtain the mastery over Consumption, and in the use of the Compound Syrup of Tar and Wood Naphtha, this object is happily attained.

The therapeutic agents employed in the composition of this remedy, are so selected as to prevent the necessary use of tuberculous matter in the lungs and to cause its resolution and absorption, after deposit has commenced. An object which is not attainable by any other remedy, and which the professional man will not once perceive since it brings this form of disease into pronounced hope, cures every case of it. The success of this remedy is attested by the administration of this preparation is unparalleled in the records of medical science, in confirmation of which, the proprietor has had a careful perusal of the statements of every one of those who have been restored to health by its powerful agency.

Let the following speak for itself: "I have used Thompson's Compound Syrup of Tar and Wood Naphtha for some time in my practice, and have found it the most efficient remedy I have ever used in Consumption and Asthma. It is so simple, so agreeable, so reliable, with weakness of the pulmonary organs, exalted. The remedy with which it acts is greatly in its favor, and it is a most powerful agent, which is immediately relieved by it.

"In Pulmonary Consumption it can be used with confidence, being applied to the roots. It is a most powerful agent, which is immediately relieved by it. The remedy with which it acts is greatly in its favor, and it is a most powerful agent, which is immediately relieved by it.

"The above medicine prepared only by ANGEY & DICKSON, at N. E. corner of Fifth and Spruce streets, Philadelphia. AGENTS—R. WILLIAMS, Columbia; JOHN GRIEL, Lancaster; Himes, Elizabethtown; D. GROSS, Harrisburg; R. ANGEY, Carlisle. Price 50 cts., or 6 bottles for \$2.50. March 6, 1847. 876

White Teeth, Sweet Breath, Healthy Gums, &c

To be had by using a pot of

JONES' AMBER TOOTH PASTE.

Reader, you have only to use this once, to be delighted, and to pronounce it the most beautiful article ever made for the purpose.

Yellow and unhealthy teeth, after being once or twice cleaned with the Amber Tooth Paste, have the appearance of the most beautiful ivory; and at the same time, it is so perfectly innocent a desideratum, that its constant daily use is highly advantageous, even to those teeth that are in good condition, giving them a beautiful polish and preventing a premature decay. Those already decayed it prevents from becoming worse; it also fastens such as are loose, and by perseverance it will render the roughest teeth as gently as life, and make the breath deliciously sweet.
