

vociferous, accompanied always by the gong, making altogether such an unearthly din as might have penetrated the ears of a wooden god. When the gongs paused to rest a moment, the prayers would cease, and be resumed when the music struck up. A shelf was drawn out before the "Josh," on which was placed for his special use, roast beef, pork, ducks, fowls, eggs, lobsters, &c. &c. The royal god dines a la Astor, and is by no means satisfied with plebeian fare. Having eaten a sufficient quantity, he graciously permits his worshippers to partake of the remainder.

If the god leaves any of the food, the natives regard it as an indication that their sins are all forgiven. The result, probably, is generally very satisfactory in regard to the forgiving disposition of "Josh," and no less gratifying to the palates of his worshippers. The exercises were continued till about sunrise. A pail containing a large piece of pork, reddened by a peculiar process of cooking with Josh powder, is suspended from the boom—object unknown, probably an offering to the god. The officers allow the natives to enjoy their religious rites unmolested, though frequently at great expense, and much to the destruction of stock on board the vessel when these rites happen at sea.—The public curiosity continues unabated. Yesterday twenty-eight hundred visitors were on board.—N. Y. Post.

ELECTRICITY—TELEGRAPH WIRES.—Messrs. Editors: It is with extreme regret and mortification, that I have seen circulating in the papers, the article alluded to in your last, in which a paragraph published in the New Haven Journal with the signature of "O," is ascribed to me. The idea that we shall have no heavy thunder showers, or lightning striking, as long as we have telegraph wires spread over the earth, could not, I should suppose, be entertained by any one, who reflects how small a proportion such structures of art bear, in extent, to the grand operations of nature. Although a line of telegraph wires sometimes undoubtedly facilitates the passage of electricity from the clouds to the earth (not by attracting the fluid, but by diminishing the resistance always experienced by electricity in passing through the air), yet nothing appears to me so improbable, than that structures so limited in extent as these are, and always must be, compared with dimensions of the whole atmosphere, should, to any great degree, prevent the accumulation of electricity in thunder storms. One opinion, however, which I publicly expressed through the medium of this paper, a year or two since, may be worth repeating, namely, that on account of the tendency of a thunder cloud, which approaches near to a line of wires, to discharge its electricity through that channel, care ought to be taken, when the poles give warning of the approach of a thunder cloud to some part of the line, to complete the conducting communication with the earth, and thus to prevent the charge from exploding through the person of the operator. Without this precaution, I have for some time believed, that the consequences would sooner or later be fatal.—DENSON OLMSTED.

YALE COLLEGE, July 28.
A RACE WITH AN INDIAN.—On Saturday last a small party, on their return from a picnic excursion to the Indian village, happened to meet, about a mile this side the council house, the "last" Indian, John Steppock (his name came near winning the great ten mile race at Hoboken.) As some of the party were on their first visit to an Indian settlement and were desirous of seeing an Indian foot-race, John was bantered for a run, and by the way of inducement was told that if he would reach the council house (distant one mile and a trifle over) before we could drive there with our two horse team and wagon, containing four persons, he should have a small purse which was made up on the spot. John in a guttural "na-hwy" consented, and divesting himself of boots and hat, and tying a handkerchief tightly around his waist and another around his head, was ready for a start. At the word "go!" and with a crack of the whip, away we went—team and Indian—the latter "loping," off steadily, after the Indian style, and we crowding with our team—a fast one—as swiftly as we dared.

The road was undulating, winding, and in some places rough. We thought it would be no "chore" at all to "distance" him, but very soon discovered our mistake, and commenced "paying out." It was "no use." Mr. Indian now and then glanced back, and whenever we whipped up, he whipped up too. Several times he crossed and re-crossed the road in order to get the best track—sometimes taking the foot path beside the road and occasionally bounding over a log or bush with a stride that was wonderful. At one time we came upon a smooth, "straight stretch" of thirty or forty rods, and by a little extra effort, shot ahead; but it wouldn't do—we were "sold"—for at the next hill John respectfully raised his coat-tails and bid us good bye. He won the race by about six rods and ran it in four minutes and forty seconds! It did not appear to fatigue him in the least.

On Thursday of this week, the 29th instant, John proposes to be in this village, and will run five miles against time, for a purse then to be made up. He is to run a ten mile race at Buffalo some time during the autumn.—Batavia Times.

JAMES K. POLK, PRESIDENT OF THE UNITED STATES, AND ALL OTHER DISTINGUISHED PERSONS, WHO USE AS A TOILET ESSENTIAL, RAYBURN'S CHINESE MEDICINE SOAP, GIVE IT THE PREFERENCE OVER ALL TOILET OR SOAP.
1st. Rayburn's Chinese Medicinal Soap is the only article of the toilet possessing medicinal virtues in the form of soap.
2nd. The medicinal properties are selected from the most rare, and efficacious extracts and balsams of roots, shrubs and plants of oriental growth, and they are so scientifically combined with the soap as to be all at once analyzed.
3rd. Rayburn's Soap is the most delicate Toilet Soap ever used. Its soothing, healing and purifying effect upon the complexion, in allaying the irritation occasioned by the bites of insects, itching, cleaning the secretory vessels from all impurities, rendering the skin soft, pure, sweet, fair and healthy—speedily removing tan, sunburn, pimples, blotches, eruptions, transforming dark, sallow and discolored visages to beautiful clear and rosy complexion. Curing salt rheum, ring worm, erysipelas and rash—proclaim it to be the *me plus ultra* of soap.
4th. Rayburn's Soap is equally valuable as a SHAVING SOAP; it softens the beard and renders the skin smooth and pliable.
5th. Rayburn's Soap is entirely free from essential oils, mercurial preparations, turpentine and other deleterious admixtures; therefore, unlike all other soaps, it does not irritate or inflame the skin, and it is recommended to use it, therefore, if you wish a good article, ask for Rayburn's Soap.
7th. When you ask for Rayburn's Soap, do not be put off with any other. In all cases go to the advertised agents, and be sure you see that R. G. Rayburn is upon each cake. Sold for 12 1/2 cents a cake, and 25 cents a large, by

CHILLS AND FEVERS.—Wright's Indian Vegetable Pills are one of the best, if not the very best medicine in the world, for the cure of Intermittent Fever, because they excel all others in ridding the body of those morbid humors which are the cause, not only of all kinds of fevers, but of every malarial incident to man. Four or five of said Indian Vegetable Pills, taken every night on going to bed, will in a short time make a perfect cure of the most obstinate case of the chills and fever, at the same time the digestive organs will be restored to a healthy tone, and the blood so completely purified that the fever and acute, or diseases in any form, will be absolutely impossible.
Beware of Counterfeits of all kinds! Some are coated with sugar; others made to resemble in outward appearance the original medicine. The safest course is, to purchase them from the genuine agent, and not more than one may be found in every village and town in the State.
The genuine for sale by FRY & SPANGLER, and Jos. M. Watts, who are the only authorized Agents for Columbia. Also, by agents advertised in another column. Principal Office, 169 Race Street, Philadelphia.

THE MARKETS.
PHILADELPHIA, Aug. 4, 1847.
The flour market continues quiet and the demand for export very limited. Fresh ground Penna's is held firmly at \$6, and sound Western at \$5.57, but only a few hundred barrels were sold. Rye flour is inactive and is mostly held at \$2.50. Corn meal is dull, and Penna's is offered at \$3.25, and Brandywine at \$3.75, without finding purchasers. Wheat continues scarce and prices are finally settled. 800 bushels Penna's red firm, sold at \$1.27, and 1200 bushels good Western and Southern, \$1.25, per bushel for starch making. Corn is dull and has further declined. 1500 bushels prime Penna's round yellow, sold at 70 cts. weight. Oats continue scarce. Small sales of prime Northern at 55 cts. New York, August 4, 1847.
Flour continues to increase in firmness, and \$5.75 is offered freely for Genesee, whilst \$5.57 is asked for Penna's in selling at 65 to 70 cts. Wheat commands better offers, but there is none of the best sort in market.

PITTSBURGH, August 5.
There is an increasing demand for flour, and sales are reported at \$4.25 to \$4.50. Pennsylvania Red Wheat brings 85; white Corn 36; Oats 22 to 24; Rye 51; the price of Whiskey is unaltered. Provisions are firm— Bacon, sides 9, shoulders 7, hams 9. The Cotton market exhibits more animation to-day. The river is still falling, and we have but 3 1/2 feet in the channel to-day.

BALTIMORE, Aug. 4, P. M.
The supply of Flour is so very light that no operations to any extent has been made, besides which the Illinoisian's news has had a very depressed effect. There were sales of 1000 bushels Howard street at \$5.75. No sales of City mills holders asked \$6. Sales white Wheat at 121 to 127 cts and red at 116 to 119 cts. Sales yellow Corn at 71 to 74 cts. Sales Oats 50 cts. Sales Rye Flour \$4. Sales Whiskey in bits at 27 cts; demand limited.

Provisions are in limited request, at former quotations Beef is held at \$10 to 15 for prime and mess, and Pork at \$14 to 16.25. Kreg Lard is worth 10c. Bacon is more active than other meats. Hams 9 1/2 to 10; shoulders 7 to 7 1/2, and sides 9 to 10.

MARRIED.

Ladies are Cautioned Against Using COMMON PREPARED CHALK!
They are not aware how frightfully injurious it is to the skin; how coarse, how rough, how yellow, and how unhealthy the skin appears after using prepared chalk. Besides it is injurious, containing a large quantity of Lead! We have prepared a beautiful vegetable article, which we call
Jones' Spanish Lily White.

It is perfectly innocent, being purified of all deleterious qualities; and it imparts to the skin a natural, healthy, alabaster, clear, living white; at the same time acting as a cosmetic on the skin, making it soft and smooth.
Dr. James Anderson, Practical Chemist of Massachusetts, says: "After analyzing Jones' Spanish Lily White, I find it possesses the most beautiful and natural, and at the same time innocent white I ever saw. I certainly can conscientiously recommend its use to all whose skin requires beautifying." Price 25 cents a Box. For sale by

A FINE SET OF TEETH FOR 25 CENTS.
WHITE Teeth, full breath, healthy gums, Yellow and unhealthy teeth, after once or twice cleaned with
Jones' Amber Tooth Paste,

has the appearance of the most beautiful ivory, and, at the same time it is so perfectly innocent and exquisitely fine, that its constant daily use is highly advantageous, even to those teeth that are in good condition, giving them a beautiful polish, and preventing a premature decay. Those already decayed, if prevented from becoming worse, it also fastens; such as are becoming loose, and by perseverance it will render the foulest teeth delicately white, and makes the breath deliciously sweet. A BLESSED, BLESSED AND HEAVENLY MIRACLE OF MIRACLES!!
ON the 4th of August, in the year 1843, a singular scene occurred in the Royal Scientific Institute of France. The aged, white-headed President, his head bare, his arm outstretched, his face radiant with smiles, (for science was triumphant) and his voice with gratulatory tone, delivered the following report:
"We are astounded at this singular preparation. Where indeed will science stop!—Here we have a preparation made in the form of a beautiful piece of soap, which we know by actual practice, to cure every cutaneous eruption, every disfigurement of, and even discolored skin! Where will its magic and singular power cease? The Negro, the Creole, the Yellow Race of the East, and the Red Man of the Far West, are alike under the influence of its extraordinary powers of clearing yellow or discolored skin, and making it white and beautiful as that of the color of his age, or black, or brown skin." (Here several persons were brought forward by the President, who had used it, in proof of his assertion.)
There are probably few persons of intelligence, who, after reading the above, will doubt the qualities of
Jones' Italian Chemical Soap

in curing Pimples, Blotches, Salt Rheum, Scoury, Erysipelas, Sore Heads, Old Sores, Beard and Barber's Itch, Chapped and Tender Flesh, Freckles, Tan, Sunburn and changing dark Sunburn or Yellow Skin to a pure clear white, as smooth and soft as an infant's, and inflicting every kind of eruption and disfigurement. Read these certificates:
From the New Orleans Sentinel, October, 1841.
One of our subscribers, Mr. H. Leonard, informs us that he has been cured of old, scaly Salt Rheum, of eighteen years standing, on his beard, fingers, and hands, by a cake of an article which he has not only used, but which he has analyzed. He also informs us, that he has tried its effects on his female slave Rose, much marked with sun spots, and he found in two weeks her skin much clearer and whiter. James Ellham, a painter, in Jersey City, was cured of carbuncles, and pimples, which he was afflicted with for many years, by part of a cake of Jones' Italian Chemical Soap.
Persons in purchasing this must always ask for JONES' ITALIAN CHEMICAL SOAP; and perhaps, as many who have been cheated with counterfeits, will be too much discouraged to try the genuine, we say to such, try this once—you will not regret it; but always see that the name of T. JONES is on the wrapper. Sold only in New York at 23 Catham Street, Sign of the American Eagle. Price 50 Cents a Cake. For sale by

Those Who have been Deceived With MOCK PRETENDED HAIR PREPARATIONS
Should read the following statements of respectable persons.
MR. Abraham Vanderbeck, of Avenue 98 at No. 10, New York, certifies that his head was entirely bald on the top, and by the use of two 3s. bottles of
JONES' CORAL HAIR RESTORATIVE,
he has a good crop of hair, and will soon have it long, thick and luxuriant.
MR. WILLIAM JACKSON, of 89 Liberty street, Pittsburg, certifies: On the 3d of February, 1847, that Mr. Thomas Jackson's head on the top, was entirely bald for fifteen years, and by using two 3s. bottles of Jones' Coral Hair Restorative, the hair is growing fast, thick and healthy. He expects by using this a little longer to have a better head of hair than he ever had.

To those whose hair is gray, or falling off and weak at the roots:
I hereby certify that my hair was turning gray and falling off, and that since I have used Jones' Coral Hair Restorative it has entirely ceased falling, is growing fast, and has a fine, dark look. Before I used Jones' Coral Hair Restorative I had used many of the best of the kind, but to no purpose. WM TOMPKINS, 93 King st., N. Y.
HAVE YOU SCURF OR DANDRUFF?
M. Power a grocer, of Fulton street, had his hair completely choked up with dandruff, and Jones' Coral Hair Restorative entirely and permanently cured it.
Do you want to dress, beautifully, and make your HAIR soft and fine?—Read:
I, Henry F. Cullen, late barber on board the steamboat South America, do certify that Jones' Coral Hair Restorative is the best article I ever used for dressing, softening, cleansing and keeping the hair a long time soft, clean, silky, dark, and odorless; and all my customers preferred it to any thing else. IT NEVER FAILS!!
DR. CULLEN'S INDIAN VEGETABLE PANACEA.
PERSONS afflicted with Scrofula, Kings' Evil, Cancer, and Erysipelas, Old Sores, Ulcers, Piles, Mercurial Diseases, or any other complaints arising from impurities of the blood, are requested to read the following testimonials, in proof of the wonderful properties of the above named medicine.
READ! READ! READ!!
We, the undersigned, having visited Mr. Isaac Brooks, at the office of Messrs. Rowland and Walton, 376 Market street, Philadelphia, consider his case the most remarkable one we have ever witnessed or heard of.
His disease was SCROFULA, and terrible must have been his twelve years' conflict with the destroyer.
His Palace, the entire roof of his Mouth, Nose, Upper Lip, and Lower Lid of the Right Eye, have been destroyed, his Face nearly eaten up, and part of the Jaw Bone carried away. And yet we can give no description of his agony.
Mr. B. informs us that in January last the whole interior of his mouth, as well as most of his face, was a mass of deep and painful ulcers!
On the 14th of January last, he commenced taking DR. CULLEN'S INDIAN VEGETABLE PANACEA, which checked the disease in a few days, and from that time the cure has progressed without intermission.
New flesh has supplied the place of the deep ulcers, and though badly disfigured, his face is sound, and his general health is restored.
We are assured the effect of the Panacea in Mr. Brooks' case, no Mercurials, Ointments, or Caustic applications have been used—in fact the Panacea alone, has wrought this wonderful change.

TRUSTEE'S SALE OF VALUABLE FARMS IN BALTIMORE COUNTY.
By virtue of a decree of the High Court of Chancery in and for the State of Maryland, the trustee will offer public sale, at Forney's Tavern, in Reisterstown, on SATURDAY, the seventh day of August at 12 o'clock, M., the following valuable FARMS—
A Farm, containing 130 acres, more or less, lying about nine miles from the city of Baltimore, and a mile and a half from the Hanover Turnpike. Upon this Farm is a mill seat and an old Grist and Saw Mill, which if repaired, would command an extensive custom. Nearly one half is in valuable timber and a large portion of meadow. It adjoins the lands of J. T. Worthington, Esq., and the land recently purchased by Messrs. Barr and Kindig. Limestone in abundance is in the immediate vicinity.
There are upon it two small DWELLING HOUSES and a Lime Kiln.
Also, a Farm, containing 320 acres, more or less, lying about eighteen miles from the city of Baltimore, fronting on the Hanover Turnpike, and running down to the Limestone valley, well known as one of the richest tracts in Maryland. More than half is in valuable timber, and the best of the finest timber. The arable land is very productive and more than 30,000 bushels of Lime have been put upon it within the last few years. There are more than 1200 fruit Trees, of choicest kind, apple, peach, &c., young and just coming into full bearing. The Legislature has passed an act for the continuation of the Westminster branch of the Susquehanna Railroad, which, by surveys heretofore made, without passing through this Farm will almost touch it; and which, when made, will besides other advantages, give great value to the large quantity of fine timber and timber upon the place. There is upon the Farm a small Dwelling House, Barn, Lime Kiln, &c. The terms of sale are one-fifth cash, and the balance in four equal annual instalments, with security to be approved by the trustees, and bearing interest from the day of sale.
J. J. SPEED, Trustee.
J. C. DUCKER, Trustee.

Immediately after the above sale, and upon the same terms, will be offered two lots adjacent to the last Farm above described. The one contains thirty acres, fronting on the Hanover Turnpike, with about five acres of Wood Land, and adjoining the village of Woodensburgh. The second tract contains fifty acres, fronting on the County Road leading to Woodensburgh and about one half mile from the Turnpike.

HANCE'S COMPOUND SYRUP OF HOREHOUND.
FOR the cure of Coughs, Colds, Consumption, Spitting of Blood, Pain in the side and breast, Bronchitis, Hoop, Asthma, and all diseases arising from a disordered condition of the lungs or neglected cold.
The following sonnet was addressed to the proprietor, by a young lady who was cured of consumption:
Ho! ye who pant with failing breath,
And pine away and die,
Hance shall put away your death,
And light anew your eye.
How sweet it melts upon the tongue,
How grateful to the breast!
A glorious theme for poet's song,
Soothing his cough to rest.
Hance! favored of the gods art thou!
A blessing to thy race,
Let laurels flourish on thy brow,
And wealth those laurels grace.
When heroes are forgotten—kings
Defunct—or ceased to reign—
Glorious they shall flay their wings—
Thou conqueror of pain.
