A BLESSED, BLESSED AND HEAVENLY MIRACLE OF MIRACLES!!

ON the 4th of August, in the year 1843, a singular scene occurred in the Royal Scientific Institute of France. The aged, white headed President, his head bare, his arm outstretched, his face radiant with smiles, (for science was triumphant,) and his voice with gratulatory tone, aclivered the following report:

gratulatory tone, delivered the following report:

"We are astounded at this singular preparation. Where indeed will science stop!—
Here we have a preparation made in the form of a beautiful piece of soap, which we know by actual practice, to cure every cutaneous emption, every disfigurement of, and even discolored skin! Where will its magic and singular power cease? The Negro, the Creole, the Yellow Race of the East, and the Red Man of the Far West, are alike under the influence of its extraordinary powers of clearing yellow or discolored skin, and making it white and beautiful and of changing the color of dark, or black, or brown skin." (Here several persons were brought forward by the President, who had used it, in proof of his assertion.)

There are probably few persons of intelligence, who, after reading the above, will doubt the qualities of
