

CIRCISSIAN OIL,
For the Preservation, Beauty, Growth and Restoration of the Hair.

THIS valuable preparation excites the scalp to a new and healthy action, cleanses it from scurf and dandruff, prevents the hair from falling off or becoming prematurely gray, cures those eruptive diseases which often appear upon the scalp, and a majority of cases produce a fine growth of new hair. It also gives the hair a rich and beautiful appearance, unequalled by any thing of the kind. In addition to all its usefulness as a preserver and beautifier of the hair it removes all unnatural harshness and dryness of the hair, which often precede its loss, and should never be permitted to continue without using remedies. For the toilet, Ladies and Gentlemen will find this an admirable article. It gives a luxuriant, silky, soft and fine brilliancy to the hair and curls, filling the minds of the beholders with admiration and almost with envy. All this for only 25 cents a bottle. For sale by

A BLESSED, BLESSED AND HEAVENLY MIRACLE OF MIRACLES!!

ON the 4th of August, in the year 1843, a singular scene occurred in the Royal Academy of Sciences, in Paris, France, which has since become a subject of general interest. A white-headed President, his head bare, his arm outstretched, his face radiant with smiles, (science was triumphant,) and his voice with gratulatory tone, delivered the following report:
"We are astounded at this singular preparation. Where indeed will science stop! Here we have a preparation made in the form of a beautiful piece of soap, which we know by actual practice, to cure every eruption, every disfigurement of, and even discolored skin! Where will its magic and singular power cease? The Negro, the Creole, the Yellow Race of the East, and the Red Man of the West, are alike benefited by the influence of its extraordinary powers of clearing yellow or discolored skin, and making it white and beautiful, and of changing the color of dark, or black, or brown skin." (Here several persons were brought forward by the President, who had used it, in proof of his assertion.)
There are probably few persons of intelligence, who, after reading the above, will doubt the qualities of
Jones' Italian Chemical Soap
in curing Pimples, Blotches, Salt Rheum, Scoury, Erysipelas, Sore Heads, Old Sores, Itch and Barber's Itch, Chapped and Tender Skin, Ringworms, Tan, and other eruptions, dark Sunburn or Yellow Skin to a pure clear white, as smooth and soft as an Infant's, and in fact every kind of eruption and disfigurement. Read these certificates:
From the New Orleans Sentinel, October, 1843.
One of our subscribers, Mr. H. Leonard, informs us that he has been cured of old, scaly Salt Rheum, of eighteen years standing, on his beard, fingers, and hands, by a cake of Jones' Italian Chemical Soap. He also informs us that he has tried its effects on his female slave, who, much marked with sun spots, and he found in two weeks her skin much clearer and whiter.
James Ellham, a painter, in Jersey City, was afflicted with so many pimples, which he was unable to cure, by the use of a cake of Jones' Italian Chemical Soap.
Persons in purchasing this must always ask for JONES' ITALIAN CHEMICAL SOAP; and perhaps, as they have been cheated with counterfeiters, will be too much concerned to give the genuine, we say to such, try this once—you will not regret it; but always see that the name of T. JONES is on the wrapper. Sold only in New York at 62 Catham Street, Sign of the American Eagle. Price, 25 Cents a Cake. For sale by

DR. LE ROY'S

Vegetable Universal Pills
Are a strengthening purgative and a purifying Tonic.
THE hopes of the American agents are far more than realized by the success of Dr. Le Roy's Vegetable Universal Pills on this side of the Atlantic. Never did a medicine spring into such immediate popularity. In less than three months eighty thousand boxes have been disposed of; and certificates of cures performed by them received from upwards of four hundred persons. The cures embraced a great number of diseases; but those which predominated were Bilious Fevers, Colic, Habitual Constipation, Dyspepsia, Loss of Appetite, Flatulence, Worms and Eruptions of the Skin. All persons who take them agree that they are far superior to every other medicine they had used, in the mildness of the energy, and the efficacy of their action; for though they produced neither gripe nor nausea, they acted upon the secretions with great directness, force and rapidity; and as a purgative leave nothing to be desired. But their great peculiar excellence, and that which distinguishes them from all other purgatives, is that their operation is followed by no reaction. Their unrivaled purgative and purgative properties, for which they are indebted to the Sarsaparilla, and other ingredients, being controlled by their highly tonic virtues, derived from the extract of Wild Cherry, they do not strain the digestive organs into action, as is the mode of operation with other cathartics, but on the contrary strengthen them into action. Thus all other purgative medicines produce more or less subseqent costiveness, and sluggishness of the gastric juice, while Dr. Le Roy's Pills leave all the machinery of the system full of life activity, and the bowels open and natural.
Price 25 cents per box.

Those Who have been Deceived With MOCK PRETENDED HAIR PREPARATIONS

Should read the following statements of respectable persons.

MR. Abraham Vanderbeck, of Avenue 98 D. New York, certifies that his head was entirely bald on the top, and by the use of JONES' CORAL HAIR RESTORATIVE, he has a good crop of hair, and will soon have it long, thick and luxuriant.
MR. WILLIAM JACKSON, of 89 Liberty street, Pittsburg, certifies: On the 3d of February, 1847, that Mr. Thomas Jackson's head on the top, was entirely bald for fifteen years, and that by using two 3s. bottles of Jones' Coral Hair Restorative, the hair is growing fast, thick and healthy. He expects by using this a little longer to have a better head of hair than he ever had.
To those whose hair is gray, or falling off and weak at the roots:
I hereby certify that my hair was turning gray and falling off, and that since I have used Jones' Coral Hair Restorative it has entirely ceased falling, is growing fast, and has a fine, dark look. Before I used Jones' Coral Hair Restorative I combed out handfuls of hair daily. WM. TOMPKINS, 92 King st., N. Y.

HAVE YOU SCURF OR DANDRUFF?

M. Power a grocer, of Fulton street, had his hair completely choked up with dandruff, and Jones' Coral Hair Restorative entirely and permanently cured it.
Do you want to dress, beautify, and make your HAIR soft and fine?—Read:
I, Henry E. Cullen, late barber on board the steamboat South America, do certify that Jones' Coral Hair Restorative is the best article I ever used for dressing, softening, cleansing and keeping the hair a long time soft, clean, silky, dark and in order; all my customers preferred it to any thing else.

Ladies are Cautioned Against Using COMMON PREPARED CHALK.

THEY are not aware how frightfully injurious it is to the skin; how coarse, how rough, how sallow, yellow, and unhealthy the complexion appears, and how the skin itself is injured, containing a large quantity of Lead! We have prepared a beautiful vegetable article, which we call
Jones' Spanish Lily White.
It is perfectly innocent, being purified of all deleterious qualities; and it imparts to the skin a natural, healthy, alabaster, clear, living white; at the same time acting as a cosmetic on the skin, making it so soft and smooth.
Dr. James Anderson, Practical Chemist of Massachusetts, says: "After analyzing Jones' Spanish Lily White, I find it possesses the most beautiful and natural, and at the same time innocent, coloring matter. I certainly can conscientiously recommend its use to all whose skin requires beautifying." Price 25 cents a Box. For sale by

THOMPSON'S COMPOUND SYRUP OF TAR AND WOOD NAPHTHA.

THE ONLY CERTAIN REMEDY FOR THE CURE OF Pulmonary Consumption, Chronic Bronchitis and Sore Throat, Asthma, Chronic Catarrh, Spitting of Blood, Pain in the Side and Breast, Difficulty of Breathing, Hoarseness, Croup, Weak Nerves and Nervous Tremors, Palpitation of the Heart, and all the plantain Affections of the Kidneys.
Of all the diseases incident to our climate there is none so universal and at the same time so insidious and so dangerous as Pulmonary Consumption. In the early stages of this disease the patient is generally seized with a cough, and in its resistless career sweeps over the land as a destroying angel, laying low with relentless and the strongest and the fairest of our race; hitherto all efforts to arrest this dread disease have proved vain, and all that seemed within our power was but the alleviation of suffering, rendering somewhat another certain progress to the tomb.
The proprietor in offering this preparation to the public would embrace the opportunity to state upon what grounds it puts forth its merits, and the reasons upon which he founds its superior claim to the attention of the afflicted, that all who are unfortunate may repose full confidence in its natural powers, and the efficacy of its preparation, which has been proved by its success in numerous instances; but he was determined not to offer it to the public until he had secured the approval of the medical profession, and the successful operation of its efficacy. He now confidently offers it as a remedy without a parallel for the cure of PULMONARY CONSUMPTION and all the kindred diseases.
Consumption of a tubercular character from time immemorial has been deemed incurable and considering its frequency and fatality, it is not surprising that the medical and new systems of treatment should from time to time be brought under the notice of the profession and the public. At present every organic and inorganic substance, in an endless round of combination, has been used with the hope of checking the scourge of our race; many doubts being entertained that in the progress of medical knowledge we should at last obtain the mastery over this fatal disease, and in the use of the Compound Syrup of Tar and Wood Naphtha, this object is daily attained.
The therapeutic agents employed in the composition of this remedy, are such as enable it to prevent the secretion of tubercular matter in the lungs and to cause its resolution and absorption after deposit has commenced, an object achieved by no other medicine, and the importance of which the professional man will at once perceive, since it brings this form of disease, hitherto pronounced hopeless, entirely within control. The success which has attended the administration of this preparation is unparalleled in the records of medical science, in confirmation of which the proprietor would ask a careful perusal of the testimonials of those who have been restored to health by its powerful agency.
Let the following speak for itself—
I have used Thompson's Compound Syrup of Tar and Wood Naphtha for some time in my practice, and have found it the most efficient remedy I have ever used in cases of chronic cough, chronic catarrh, and all the kindred affections, with weakness of the pulmonary organs, and the rapidity with which it acts is greatly in its favor. It is a most valuable remedy, which is immediately relieved by it.
In Pulmonary Consumption it can be used with confidence, being innocuous to the system, and it is considered a medicine well worthy the attention of the physician, and exempt from the usual objections of emetics.

WRIGHT'S INDIAN VEGETABLE PILLS.

THIS extraordinary medicine is founded upon the principle that the human frame is subject to ONLY ONE DISEASE, viz: corrupt humors, which, when floating in the general mass of circulation, are the cause of all kinds of Fevers, but when lodged in the various parts of the body, give rise to every malady incident to man.

Let it be remembered that the human body and Wright's Indian Vegetable Pills are mutually adapted to the other, and that by them all morbid and corrupt humors (the cause of disease) can be entirely eradicated, and this in so easy and natural a manner, that while they every day give ease and pleasure, the disease of every name is literally Driven from the Body.
