

MOUNTAIN SENTINEL.

EBENSBURG, PA.

Thursday, May 10, 1849.

The Sentinel, has much the largest circulation of any paper published in this county...

Our thanks are due the Hon. Simon Cameron for a copy of "Emory's Reconnaissance in California and New Mexico."

We also tender our thanks to Hon. Jos Mann for valuable public documents.

Another flood has occurred in the Allegheny river. It commenced rising on Saturday night last, and on Monday morning it was almost bank full.

Read the news of the late democratic triumph in "Old Virginia" in another column of to-day's paper. The intelligence is of the most cheering character.

Some of the New York papers are laboring to do away with the time honored practice of young men standing round the church doors to see the young ladies come out of meeting.

Canada.—We have nothing of importance from Canada. The latest intelligence represents that the most perfect tranquility has been maintained since the late outbreak.

There was a meeting of the citizens of Johnstown and vicinity held at the Mansion House on Monday, to consult upon the subject of the best route through that place for the permanent location of the Central Railroad.

"The World as it Moves."

This is the title of a Weekly Magazine of 40 pages published in the city of New York. In addition to a reprint of Chambers' popular Edinburgh Journal, it gives the choicest articles that appear in the great British Reviews, magazines and newspapers.

Revenue Bill.

Perhaps the most important bill passed by the late Legislature of Pennsylvania, is that to raise additional revenue, and to establish a sinking fund for the gradual liquidation of the State debt.

That from and after the passage of this act no person shall keep any billiard room, bowling saloon, or ten-pin alley, without license; for which he or she shall pay, in the city and county of Philadelphia and other cities of the State, one hundred dollars, and in all the other counties thirty dollars for each and every year.

That in addition to the license now required by vendors of Merchandise, all persons who manufacture or sell (except regular Apothecaries) any description of medical compound or

patent medicines, shall pay from five to fifty dollars, according to the class in which they shall be placed.

The assessors of the several counties are directed by this act to re-assess, between the periods of the triennial assessments, all real estate which may have been improved by the erection of buildings or other improvements, subsequent to the last preceding triennial assessment, subject to appeals as now provided by law; and all re-assessments made during the year are hereby declared to be as valid and effectual as if made in pursuance of law.

The General Appropriation Bill.

We have received the General Appropriation Bill passed at the last session of the Legislature, but its great length forbids its appearance in our columns this week.

For the payment of the domestic creditors on the Allegheny Portage Railroad forty-two thousand two hundred and forty-four dollars and fifty-eight cents are appropriated.

For repairs and improvements of the canals and railroads belonging to the State, including the amount necessary for the purchase of new rails for the Philadelphia and Columbia and Allegheny Portage Railroads, from the first of December 1848 to the first of December 1849, one hundred and ninety-four thousand four hundred dollars, in addition to the sum of twenty thousand in the Treasury on the first of December 1848, and also in addition to the sum of seventy thousand appropriated in February last, making in all two hundred and eighty-four thousand four hundred dollars.

For ordinary repairs of the canals and railroads from and after the first day of December next, one hundred and twelve thousand one hundred dollars are appropriated.

For motive power expenses and repairs of the Portage Road one hundred and ninety-six thousand dollars. Included in this amount is the sum necessary for the purchase of two new passenger cars and two new locomotive engines.

For the support of Common Schools two hundred thousand dollars.

The following sections, pointing out the duty of Superintendents and Supervisors, and authorizing the Canal Commissioners to increase the bonds of these officers so as to allow them to draw funds in sufficient amounts to enable them to pay off the old debts and keep pace with the increasing business and expenses of the public improvements, we give entire:

Sec. 5. That from and after the passage of this act, it shall be the duty of the Supervisors of the several divisions of the canal, to pay monthly to the lock-tenders the amount that they, the said lock-tenders are respectively entitled to receive, the accounts for which to be settled by the Auditor General and State Treasurer, as other accounts of Supervisors for disbursements are now settled.

Sec. 6. That it shall be the duty of the several Superintendents and Supervisors on the railroads and canals to pay the men employed in their respective departments at the end of each month, if funds can be obtained for that purpose, and that it shall not be lawful for any foreman on said canals or railroads to procure the receipt on any check-roll or bill by any laborer, mechanic or material man, or any person having contracts in any way before such laborer, mechanic or material man, or any person having contracts under the Commonwealth on said railroads or canals, is paid on said check-rolls or bills, which check-rolls or bills shall be made out in full by the respective Foreman Superintendents or Supervisors, and any violation of this section, or any part of it, shall be deemed a misdemeanor in office by the persons who shall be guilty of the same.

Sec. 7. The Canal Commissioners are hereby empowered in such cases as they may deem necessary to increase the penalty of the bonds of Supervisors on the canals and railroads of the Commonwealth to ten thousand dollars: Provided, That no Supervisor whose bonds shall be thus increased, shall be allowed at any one time to have more than ten thousand dollars in his hands unaccounted for, and provided further, That the said Canal Commissioners shall not permit any Supervisor to draw for funds unless the same be required for the immediate use of his line.

Provision is also made for the re-issue of the relief notes by the banks in denomination and character corresponding with the original issues, and not exceeding the amount now remaining uncancelled.

The cities of Pittsburg and Allegheny are authorized to levy upon all property taxable for city purposes, an additional tax of one mill to the dollar, to be applied to the redemption of the city scrip now in circulation, which is to remain in force until all the scrip is redeemed.

The Great Triumph in Virginia!

The ascertained result of the Virginia Congressional Elections, is a thrilling appeal to the Democracy of the whole country—an impressive proof of power without patronage, and devotion without clamor. Almost at a blow that historic old Commonwealth annihilates the hopes and the majorities of Federalism.

It is now ascertained that the following Democrats have been elected to Congress in that State:

- I. John S. Millson, II. Richard K. Meade, III. Thomas H. Averett, IV. Thomas S. Bocock, V. Paulus Powell, VI. James A. Seddon, VII. Thomas H. Bailey, VIII. A. R. Holliday, IX. Richard Parker, X. James McDowell, XII. H. Edmundson, XIII. F. McMullin, XIV. J. M. H. Beale, XV. Alexander Newman.

And the following anti-TAYLOR man, elected against the Administration candidate in district X—JEREMIAH MORTON.

If the other States that have yet to vote only follow the lead of Virginia, we may expect to see a working Democratic majority in the next House of Representatives, to aid the Democratic majority in the United States Senate. We think the result will be about as follows in those yet to vote exclusive of nine independents, already chosen:

Table with columns: Dem., Whigs, Members elected, Virginia has chosen, Mass. to elect (May), Rhode Island, Maryland, North Carolina, Alabama, Mississippi, Louisiana, Tennessee, Iowa, Kentucky, Indiana, Texas, Missouri.

This estimate, which is moderate in all particulars, as any one, by examination, will perceive, would give the Democrats a decided majority over both Whigs and the 9 Independents. But of these Independents; at least half will be as often with the Democrats as with the Whigs! leaving the control of the House emphatically with the Democracy! Said we not well—that Virginia has led the way in a Glorious Work!—Pennsylvanian.

Revolution in Mexico. This morning's mail brings us the intelligence, in the shape of an extract from a letter from Matamoros, that another revolution has taken place in Mexico. Paredes is at the head of it. He took San Louis Potosi on the 17th ult., and is now on his way to Queretero, at the head of a considerable force.

The Secretary of the Commonwealth of Pennsylvania has issued proposals for a loan of \$400,000 at an interest of six per cent, or less, to be redeemable in thirty years after date. This money is to be expended in the construction of a new railroad which will supersede the inclined plane near Philadelphia.

Pittsburg Scrip.

The authorities of the city of Pittsburg sold the old water lot at public auction on Saturday last. This lot covers an entire square, and laid out in lots, for which thirty-two thousand four hundred and five dollars was realized. This together with the loan that is about being negotiated will undoubtedly raise the scrip to its original value.

A Relic Destroyed. A fire occurred at the City Carpenter Shop last week, by which a relic of times past was destroyed. It was the old clock, which a century ago, marked the time in the steeple of the old Court house, at Second and Market streets.

Spurious Coins. Mr. Brown, one of the New York police, has been in Washington on business respecting the manufacture of large quantities of spurious coin, and exporting the same to California for currency.

NOTICE.

PUBLIC notice is hereby given, that by order of the Orphan's Court of the county of Cambria, there will be exposed to sale, by public vendue or outcry, on Monday the 4th day of June next, at one o'clock in the afternoon, the one undivided sixth part of a certain message or tract of land, situate in Washington township, Cambria county, adjoining lands of Samuel Dillon and others, containing 123 acres more or less, having a good two story TAVERN HOUSE, BARN, and other buildings thereon erected, known as the "Troxell Tavern" property, formerly the property of Jacob Troxell, deceased; the said undivided sixth part being the interest of William Troxell, late of Cambria county, deceased.
