We desire only to admonish those who are now fascinated by the idea of such a work, against taking any step looking to any appeal to the Treasury of the General Government for the capital to begin and carry out the project. That some such work will ultimately be made, we have never doubted at all. That it will ever be constructed, over the mountainous route, made impassable by snow for more than half the year, advocated by Col. Benton, we have never for a single moment believed. As at present advised, (and in this view we are sustained by some most distinguished authorities,) we incluse to prefer the Gila route above all others. route, is selected, that Texas herself may THE subscriber begs leave to 400 Who knows, if the summer, or Texas not carry out her portion of the road to her boundary line? And where is that man who doubts that California will be eager and ready to extend over her domains, and to build with her own means, hundreds of miles of the same mighty improvement? There can be no objection, we conceive, to giving alternate sections of the public land to the builders of such which will be sold VERY LOW for CASH. a road, where there is no State government to take hold of it-for, by such an arrangement, population would follow the path of the enterprise, and protection would be afforded against danger and de- UT sale by vastation. But we protest against any attempt, at this early stage of the question, to commit the general government to the endorsement of a work, which would be a fearful precedent for the encouragement of speculation and plunder, and a source of burdensome taxation and injurious legislation, for the whole period of our future national existence.

bors almost unknown. It is followed by ing to exculpate, in a measure, the young acta making small appropriations for the man from any participation in the act; and removal of those obstructions.
