Melancholy Accidents.

Mr. Edward Daley, one of the hitchers at Plane No. 2, was killed on Wednesday the 18th inst. in the following manner:-He was sitting on the hind end of a car as it was descending the plane, when the fastenings or stops gave way, and it went to the foot with tremendous rapidity, where it struck another car with such velocity that it knocked him off, killing him instantly. He leaves a family of five small children to mourn his untimely end.

Another. - A man named Jamison from Freeport, was killed at Plane No. 6, on the same day. He was on a section boat when the rope broke. He jumped off the boat, but the rope caught him round the body and dragged him some distance down the place, killing him almost instantly and mangling him in a most horrible
