USE THE PEN.

BY J. E. CARPENTER.

Use the pen there's magic in it, Never let it leg behind; Write thy thought the pen can win it From the chaos of the mind. Many a gem is lost forever By the careless passer-by; But the game of thought should never On the mental pathway lie.

· Use the pen, reck not that others' Take a higher flight than thine; Many an ocean wave still smothers Pearl of price beneath the brine; But the diver finds the treasure, And the gem to light is brought, So, thy mind's unbounded measure May give up some pearl of thought.

Use the per, the day's departed When the sword, alone held sway, Wie'ded by the lion, hearted, Strong in battle! where are they All unknown the deeds of glory Done of old by mighty men, Save the few who live in story, Chronicled by sages' pen.

Use the pen, the sun above us. By whose aid the chemist's art Stamps the forms of those who love us, Showing us their counterpart, 1 Cannot hold a his ber power Than within the pen enshrined, When with wisdom for its dower, It daguerreotypes the mind.

Use the pen, but let it never Blander Truth with death black ink; Let it be thy best endeavor But to write what good men think; So thy words and thoughts securing Honest praise from learning's tongue, May, in time, be as enduring As the strains which Homer sung.
