We hope every Democrat in the county will READ the ADDRESS of the County Committee, published in this week's paper. We do carnestly desire UNION of the whole party here and in a short time, will submit a fair and honorable proposition to accomplish it.

The Reading Convention.

Three weeks since we stated our views as the duties to be performed by this Convention, and since then our opinions have undergone no change. It meets at Reading on next Wednesday; June 4th, and assembles for a specific puroffices of Governor and Canal Commissioner, to confine themselves. It has been asserted that Thompson. an effort would be made, there, to have an expression concerning the choice of the Keystone State for the Presidency, but as this matter was and at present Mayor of the City of San Frannot made an issue at the time of the election of cisco, California, was solicited, by letter, dated delegates, and their appointment was not based April 4th, addressed to him by a large number upon the supposition as to who they were in of the merchants and citizens of that city, withfavor of, or opposed to, for this important office, out distinction of party, to become a candidate it would be a question beyond their legitimate for re-election, but in his reply he states that duties, and can certainly meet with no favor oduty to himself and family requires me to defrom the radical democracy and well wishers of vote my whole time to my private interests. 1 the party throughout the State. The results of the past we refer to with regret, but the lessons we have received ought to admonish us sufficiently to induce every democrat to calmly reflect upon the present state of affairs in our county, and induce him to aid in preventing their recurrence. Our county is decidedly democratic, as is proven by the large majority which is annually given to the State ticket. Occasionally some members of the county ticket have been defeated, owing to our dissentions, much to the gratification of our opponents, who well know that it is only by keeping the party distracted and divided that they can succeed. It must also be admitted that these dissentions have in some measure been fomented and kept up by them, well knowing that the result must redound to their
