terms of the display made by the Americans at was cured in a short time the World's Fair, but the following article written by John S. Riddle, Esq., places the matter in a more favorable light: "Our contributions are national, characteris-

tic, and unique. They are abundant enough to Wales, aged 85 years. give some idea of our resources ingenious enough to show our skill, and superior enough in quality to prove our capabilities. We have a better machine, any mechanic being the judge-than stands within the building. We have a clearer the law directs. conception of the graceful in vehicles than every other nation here. We are greatly beyond even England in agricultural implements. We can lay one sample of our cutlery by the side of Sheffield's thousand specimens, and carry off the palm. France has not sent a chandelier; Norway and Sweden have not contributed a buthose we display upon our counters. Our pianos thenticated for settlement will be unsurpassed. We have scores of barrels of flour altogether unequalled. We have carpenter's tools in abundant variety, far before other nations. And in the productions of our soil, in Indian corn, and cotton, and tobacco, ought."

From Our Exchanges.
