Messrs. Klueber and Easley were nominated on the third ballot.

On motion, Richard White, Michael McGuire, John Phillips, Peter McGough, and James Carroll were appointed by the chair a committee to report Resolutions expressive of the sense of this convention in reference to the State and County nominations.

The committee having retired a few moments, returned and reported the following Resolutions which were unanimously adopted.

**Resolved,** That the nomination of Col. William Bigler, of Clearfield county, as the Democratic candidate for the office of Governor, is especially agreeable to the Democracy of Cambria, for the reason that we know him, and knowing him appreciate his many estimable qualities of mind and heart, having represented Cambria for six years in the State Senate, we accord to him the declaration of "well done good and faithful servant," the Democracy of Cambria will attest their regard for their former representative by increasing his majority at the Polls beyond that usually given to the Democratic ticket.

**Resolved,** That in the nomination of Gen. Seth Clover, for Canal Commissioner, we recognize a Democrat of merits and capacity, one who will discharge the important duties that will be entrusted to him with fidelity and an eye single to justice and right, "Little Cambria" will roll up a majority for Gen. Clover that will evince their confidence in the man and their appreciation of his principles.

**Resolved,** That the nominations of the Harrisburg Convention for the Supreme Bench will receive a cordial support from the Democracy of Cambria county.

**Resolved,** That we pledge our undivided and enthusiastic support to all the nominations made this day and invoke the Democracy whom we represent, to rally with enthusiasm around the nominees of their party.

**Resolved,** That since the connection between Bedford and Cambria in a Congressional District, the latter has always contributed largely to the success of distinguished citizens of Bedford county for office, the political history of past years shows how nobly Cambria stood by the vote of her sister county in support of Hon. Job Mann, and more recently swelled the majority of another favored son of Bedford, Hon. John Cessna, now Cambria claims to be the Gibraltar of Democracy in this representative district, and whilst we are willing to bury the recollections of past injustice in oblivion, we shall claim our right in this district for the future.

The Committee further reported the following Resolutions as regulations for this and subsequent County Conventions, which were also adopted by a vote nearly unanimous:

**Resolved,** That hereafter delegates to the County Convention shall be appointed as they heretofore have been, that is to say, by primary elections.

**Resolved,** That the annual nominating County Convention shall be considered the Convention for transacting all the legitimate business of Conventions for the term of one year, and shall only be superseded by the next annual nominating convention.

**Resolved,** That as far as practicable, the County Convention when assembled for the purpose of nominating a county ticket, shall appoint all delegates or conferees for the coming year, in order thereby to avoid the trouble and inconvenience of a second assembling of the county convention, but when it becomes necessary to re-assemble the county convention during the year, each meeting shall be called by the President thereof and the chairman of the County Committee.

**Resolved,** That in conformity with the foregoing resolutions, this Convention now proceed to appointment of delegates (or conferees for selecting delegates) to the State Convention.

In pursuance of the last resolution, Messrs. M. Hasson, M. M. Adams and J. C. O'Neill, were appointed conferees to meet the conferees from the counties of Blair and Huntingdon to select a Senatorial Delegate to the next State Convention, and were instructed to support Thomas A. McGuire of Johnstown.

Robert P. Linton, Isaac Teeter and John Phillips were appointed Representative conferees to meet the conferees from the counties of Bedford and Fulton, to select two candidates for the House of Representatives, with instructions to support the nominee of this convention, John Kane, they were further instructed to select two Representative Delegates to the next convention. On motion it was Resolved, That M. M. Adams and J. C. O'Neill, be appointed Judicial conferees to meet conferees from the counties of Blair and Huntingdon to put in nomination a candidate for President Judge of this Judicial District, should such nomination be deemed expedient by the Democracy of the district.

The following persons were reported to serve on the county committee for the term of one year: M. Hasson, James M'Dermitt, N. Nagle, John Wherry, Richard White, Thomas H. Porter, Thos. Gallagher, P. J. Little, George Murray, Samuel Brasier, John Anderson, John Adams, John Deibert, Elizabeth M. Luckett, Lewis B. Dunmore G. Walters, George N. Smith, T. H. Heyer, Andrew Sprout, Charles Dillon.

On motion the proceedings of this convention be signed by the officers and published in the Democratic papers of this county.

On motion that the convention now adjourn, carried.

**ROBERT P. LINTON,** President.  
**RICHARD WHITE,** Secretary.

**CLOVER AHEAD.**—A stalk of clover, taken from a field of Mr. Jacob Westly, of Cumru township, Berks county, contained five heads to one stem. They were large and fine and perfectly separated from each other, yet all united at the stock, and was considered a rare specimen of the clover, such as can only be found in the richest fields and most favorable seasons or the growth of the crop.—Berks County Press.

**The Late Floods and Tornadoes.**  
It is generally stated that in no year since the settlement of the western country, have the storms been as numerous and destructive as during the present. The Mississippi has been four feet higher than in the great freshet of 1828. The damage to property has been immense, and many lives have been lost. In some portions, the hurricanes have swept over and devastated large tracts of land, overturned houses, and visited with fearful violence towns and villages. It would be impossible to calculate the amount in dollars of injury to property. 1851 bids fair to be remembered as the year of floods and tornadoes.

**Spoken Like a Man!**  
**JOHN B. BRATTON, Esq.,** who was a candidate for Canal Commissioner before the Reading Convention, comes out in favor of his successful competitor, in the following manly style:

"We have no complaints to make, and we surely would be most ungenerous to make any, for no man was ever sustained by a truer, nobler set of delegates, than those who honored us by their votes through the different ballots, until our name was withdrawn from the Convention. We were treated nobly by our friends, and kindly by all. Had we been named at an earlier day, or had our location been different, the result might have been otherwise. For Mr. CLOVER, our successful competitor, and in fact for all the candidates, we have the kindest feelings, for we believe the canvassing was conducted in a highly honorable and praiseworthy manner. All was good humor and fair dealing. Such is always the policy of the Democratic party, and when that is the case the nominations of her Conventions will be cordially and heartily sustained at the polls. There will then be no heart burnings and bitter feelings and jealousies, but all portions of the party, and all sections of the State will look upon each other as friends and brothers.

To all we say again, we return our sincere thanks. We have not been honored with being the nominee of the Convention, but we have been treated kindly and fairly. That was all we had a right to expect. The interests, usages, and nominations of our party are our guide, and shall have our best services."

Mr. Bratton is a noble example of true, earnest, and self-sacrificing Democrat. He does honor, and in due time will obtain the just reward of his fidelity.

**THE OCTOBER ELECTION IN OHIO.**—Under the new Constitution just adopted in Ohio by a large majority, the people of that State will vote for the following officers in October:

A Governor,  
Lieutenant Governor,  
Attorney General of the State,  
Secretary of State,  
Auditor of State,  
Treasurer of State,  
Five Supreme Judges,  
Three Canal Commissioners.

**Francis R. Shunk.**  
We learn from the Philadelphia Ledger, that on the Fourth of July, the contemplated monument to the memory of the late Governor of Pennsylvania, FRANCIS R. SHUNK, will be erected at 'The Trappe' in Montgomery county, where the bones of the deceased patriot repose. Pennsylvania, says our contemporary, does well, and nobly to render homage to this sterling, but unpretending class of public men, who go for the right in defiance of the temptations of wealth, the intimidation of partisans; the allurements of the banquet hall, and the saloons of pleasure and fashion, illumined by the smiles and blandishments of beauty's charms.

The day is appropriate to the occasion, for had F. R. SHUNK lived in the Revolution of 1776, he would have stood shoulder to shoulder with her MULLENBURGS and her MIFFLINS and her FRANKLINS, whose principles he revered, and whose conduct, as a civil magistrate, he faithfully adhered to as a model. When such a man is honored, a truce to party contention is tacitly understood.

**To the Faculty.**  
The Physicians of Cambria county are requested to meet in Ebensburg, on Tuesday the 8th instant, for the purpose of organizing a county medical society.  
July 3, 1851.

**Petroleum.**  
I had a severe Cold, and was cured by the Petroleum, and gave it to several others with like success; and an old lady who had bruised her shoulder by a fall, and strained the muscles of her arm and shoulder, was cured by rubbing the Petroleum on it. I also had an attack of the Blind Piles and by the application of Petroleum was cured in a short time.

**Scrofula.**  
It has been remarked by eminent men, that in the varied catalogue of diseases to which man is liable, there is scarcely one of such importance and of such interest as Scrofula, whether we look to the obscurity of its origin, its insidious progress, the number and variety of organs that it attacks, or its remarkable incurability and extensive fatality.

Scrofula has baffled the skill of the most eminent physicians in this country and in Europe. But there is an antidote for this disease in "Dr. Guyssot's Extract of Yellow Dock and Sarsaparilla," which is proving itself a Specific in the most severe cases of Scrofula.

**DR. GUYSSOT'S IMPROVED EXTRACT OF YELLOW DOCK AND SARSAPARILLA.**

put up in the largest sized bottles, contains more of the pure *Honduras Sarsaparilla* than any other preparation extant, which is chemically combined with the Extract of Yellow Dock, the Extract of Wild Cherry, and the Balsam of Fir, thus making the remedy more thoroughly efficient than any other *Sarsaparilla* before the public. At the same time it is perfectly free from all mineral poisons, which cannot be said of any other of the *Sarsaparilla* compounds. The invalid should beware of poisons! Mercury, Iron, Quinine, Potash, Iodine, Sulphur, Arsenic, and many other mineral and metallic poisons enter into and form the active basis of most of the *Sarsaparillas* and *Panaceas* of the day. *Guyssot's Compound Extract of Yellow Dock and Sarsaparilla* does not contain a particle of these substances; as any one can ascertain by applying the necessary tests.

These poisons may occasionally remove diseases, but they so vitiate the blood and completely impregnate the whole system with their baneful effects, that the first cold, or the first attack of disease, prostrates the patient's strength, and subjects him or her to the most excruciating torture, and renders another cure almost impossible and hopeless. Let all poisonous *Sarsaparilla* preparations alone, and use *Guyssot's Improved Extract of Yellow Dock and Sarsaparilla* which is thoroughly efficacious, perfectly harmless and purely vegetable. All kinds of diseases yield to its genial influences.

Price \$1, per bottle or six bottles for \$5. To persons purchasing by the dozen, a liberal reduction will be made.
