Democrats of Cambria!

Are you ready for the contest next TUESDAY? The Nation looks to the Keystone State and is in hope that she will do her whole DUTY. Are you prepared to fulfill this expectation? You are eager to say to the Manufacturing North, the Agricultural West, and the Sunny South, that you are in favor of the UNION, the CONSTITUTION and the COMPROMISE, as they are. You are anxious to declare your attachment to the principles of the Democratic party. Democrats of Cambria, how can you do these things? By casting your votes for Wm. F. Johnston, the Abolition candidate of the Whig party—who is in favor of repealing part of the Compromise—who is supported by the Abolitionists and Native Americans—who has bartered away the purity of the judicial ermine in Philadelphia for the purpose of securing Native American votes—who has arrayed himself in opposition to the leading men of both parties, Clay, Cass, Webster, Buchanan, Cooper, Douglass—who was for One Term in 1848 but has changed—who was opposed to the Veto Power but has in many instances exercised it—who was for and against the Ten Hour Law—who was opposed to the Pardoning Power but who pardons almost every villain who makes application—who has paid so much of the State Debt, (much less than was paid by honest Frank Shunk.) Democrats, this is not the way. You know it well. How can these things be accomplished? How can confidence be restored to the country and universal joy prevail? By voting for HONEST WILLIAM BIGLER the RAFTSMAN of the SUSQUEHANNA—the PEOPLE'S choice—the ardent and sincere advocate of the CONSTITUTION and the COMPROMISE—the firm friend of the UNION—who is opposed to further agitation of the Slave question—whose "policy is alike just, liberal, narrowed down to no personal interests, bound to no personal objects, held to no locality, but broad, and generous, and open, as expansive as the air which is wafted by the winds of heaven from one part of the country to another." He is the true and tried Democrat—the exponent of the principles of the party—has never voted one dollar to increase the State Debt—who so well represented your interests in the Senate of this State—who has made himself by a strict course of honesty, industry and perseverance—who has not been guilty of saying one thing in the east and another in the west to gain votes, but pursues a consistent and honorable course, not stooping to any base and unfair means to elevate himself to office. This is the man for whom you will vote. His election will be hailed with pleasure throughout the land and evince a determination on your part to be loyal to the Union as it is. We hope you will not be recreant to the trust confided in you, but that you will go to the POLLS next TUESDAY and give your vote for BIGLER and your COUNTRY, against the demagogue Johnston and all the 'ism's with which he is connected.

Democrats and Whigs, you have a Canal Commissioner to elect. Mexican John Strohm is the candidate. Can you vote for him? He has done that which no man should be guilty of. VOTED AGAINST HIS COUNTRY. VOTED AGAINST THE SOLDIERS. He attempted to dishonor his native land, the nation that gave

him birth. He voted to recall the Army from Mexico in disgrace and dishonor. He voted that it was an unholy, unjust and unrighteous war, and yet the Whigs call him honest!!! Such a man is unworthy of support and many of his own party oppose him. You cannot support Strohm who endeavored to cast the foul stigma of dishonor on the dead. Remember the names of the gallant dead—Alexander B. Cummings, Wm. Humphreys, Edward A. Downey, John A. Litzinger, James Ashcraft, A. H. Burkhardt, Thos. O. Evans, John Francis, Noah Goldman, John S. Lambaugh, A. S. McCune, Silas, Daniel and John Plummer, Patrick A. Murray, David Buchanan and others. Vote against John Strohm who would have dishonored and disgraced their memories. You have hearts to feel for their sufferings and you have the remembrance of their devotion to their country. Show to the country your detestation of the man who has insulted you, their friends. Give him a Buena Vista defeat. Go for SETH CLOVER, the backwoodsman of Clarion, an estimable man. He never done aught against his country or his country's honor. He is possessed of all the necessary qualifications and will not attempt to STARVE you when elected.

You have a Supreme Court to elect. In this you have a solemn duty to perform. The Supreme Bench is the guardian of your property, the protector of your rights. You are now called upon for the first time to cast your votes for five persons to act as Judges of the highest tribunal in the State. Men of talent, of legal learning, of sound judgment, versed in the law, should be elected. The Democratic Judicial Convention nominated Hon. J. S. Black, Hon. James Campbell, Hon. Ellis Lewis, Hon. John R. Gibson, and Hon. Walter H. Lowrie. They are entitled to your support. They are all learned in the law. A better Supreme Bench could not have been selected. They will reflect credit upon our State. Purer, more able, more learned than their opponents, they deserve your suffrages. Moderate men of the opposite party intend to vote for them. VOTE FOR THEM ONE AND ALL, Democrats of Cambria.

Last though not least in importance is your COUNTY TICKET. You have a President Judge, two members of Assembly, a Prothonotary, two Associate Judges, a Treasurer, a Commissioner, and an Auditor, to elect. We have supported them to our best ability since the time of their nomination, and ask you to do all you can for their election. They are all eminently qualified for their respective offices. Better men could not have been placed in nomination. You know them all, and you should vote for them. A contrast between them and the persons nominated by the Whig party, evidently establishes the superiority of the Democratic nominees. RALLY for your COUNTY TICKET, as well as for the State ticket. Look to your ticket. Have your friends at the POLLS. Go there yourself. Take the sick and the old with you. Leave not a man behind. Go to the POLLS for the sake of your country. Stand by and see that JUSTICE is done you. Let nothing detain you. Put not off until to-morrow that which you can do today. Democrats do your duty. Remember to vote the ticket, the whole ticket, and nothing but the ticket. Redeem the honor of your State. Give cause for rejoicing. Devote one day to your country. Let all be at the Polls determined to send forth a large majority from Cambria for the WHOLE TICKET.

The Legislature

Of this State has an important duty to perform next winter. The State will be apportioned into Congressional districts. The Democrats must have a majority in the Legislature, else they will have a Whig delegation in Congress for the next ten years. Cambria county has been represented long enough by a Whig, considering it is a Democratic county. She has nominated Col. Kean as the candidate of the Democracy. He will make you a good member. He has done it and can do it again. Who can say aught against him? He is one of the hard-workers himself, one of the people, and your confidence in him is not misplaced. Wm. P. Schell, Esq., of Fulton county, is associated with him on the ticket. Fulton and Bedford counties unanimously nominated him. Cambria county concurred. He is a young gentleman of much ability, an excellent speaker, a ready debater, a firm, unflinching Democrat, and should receive your hearty support. The Whigs are anxious to run Kean and Linton together, knowing it is the only hope for Maj. Linton's election. Do not be deceived in this way. Vote for Kean and Schell. Act in good faith towards Bedford and Fulton counties by supporting Wm. P. Schell, Esq., with all your strength. Col. Kean will run more than a party vote in this county, and in Bedford and Fulton counties Schell and Kean will not lose a vote. Here, let every Democrat do his duty. Let Schell not lose a vote. Redeem the district. Send Democrats to the Legislature. Col. John Kean and Wm. P. Schell, Esq., will represent you ably—they will attend to your interests,—and it is expected you will give them a large majority next Tuesday.

President Judge.

Information beyond all dispute from Huntingdon county, tells us that Thos. P. Campbell, Esq. will not be defeated in that part of his district. The matter of his election here is considered certain. More than two hundred Whigs with the view of reforming our courts and accelerating business, will vote for Major Campbell. Cambria county will be right upon this question; she has an honest, industrious population, who wish to avoid the excessive taxation to which they have been long subjected, under the plea of adjourned courts. In the election of Major Campbell this grievance will be redressed, as he will dispense business in a manner suitable to the feelings and interests of the people. Those who know him well are his best vouchers, and give us every assurance that such will be the case. His popularity at home is unbounded, and during his visit this week he has made hosts of friends. He has the talent and legal ability to make an excellent Judge, and in the event of his election we feel justified in saying, that he would preside with a dignity and grace unsurpassed by any of his predecessors.

DEMOCRATS,
Read the account on the first page of this week's paper of the disgraceful coalition between the Whigs and Native Americans of Philadelphia, for the purpose of re-electing William F. Johnston. It is an act that blurs the face of honesty. Can you vote for such a barterer and trader as William F. Johnston? Honest and well meaning Whigs in Philadelphia, since this outrage, oppose him. Can all the Whigs of Cambria support so designing a man? We hope not. To us this affair is the crowning act of political dishonesty. Read how the Philadelphia Sunday Dispatch, a neutral paper, denounces the scheme:

"The last week witnessed a mournful spectacle. After having nominated a full judicial ticket for the Common Pleas, the Whig Convention re-assembled upon Tuesday last, and reopened its judicial nominations. They were reconsidered, and the name of M. Russel Thayer, as nominee for Associate Judge of the Court, was stricken off, and Joseph Allison substituted in his stead. The reason of this action was not because there was any objection to Mr. Thayer's capacity, or any assertion that Mr. Allison was a better candidate—but in consummation of a direct bargain, by which it was agreed that the votes of the Native Americans should be given to Gov. Johnston and the entire Whig ticket, if the Judgeship of the Common Pleas was conferred upon Mr. Allison. The transaction was in fact a regular 'swap,' not intended for the benefit of the judicial ticket, but in favor of nominees with whom the Whig Judicial Convention had nothing to do. The Bench has been taken as the capital with which to satisfy the ambition of Gov. Johnston, and the judicial offices hawked about for sale to the highest bidder.

The entire business has about it features of a shameless character, which are disgraceful to all who are engaged in it. If Mr. Allison had been originally nominated by the Whig Convention, there could have been no objection. They had as much authority to nominate him as to select Judges Sharswood or Kelley. But, after having made their selection, ratified it, and adjourned, their business was completed, and they had no right to re-assemble and perpetrate a piece of political perfidy and dishonor. Mr. Thayer, who has been displaced by this action, has fallen with the port and bearing of an independent man. The nomination was conferred upon him without solicitation on his part, and, having been once nominated, it was honorable in him to refuse to sneak meekly away, in order to consummate a scheme of bargain and sale. If he had resigned, even although it were requested of him, there would have been less injustice in the action of the convention. But he refused to do the sacrifice which was intended to be a mere accessory of a political scheme. Standing as he did, the action of the convention in displacing him was an outrage upon his rights, and an indignity offered to the entire community. The Whigs make their judicial ticket a football, and suffer the gubernatorial aspirant to kick it as he pleases."

FIRE.

On Wednesday morning, about five o'clock, fire was discovered in a stable belonging to Mr. James Rhey of this place. The alarm was instantly given and a large number of persons were on the ground. The engine was brought from the city, and it was mainly from this source that the stable and carriage house of Gen. McDonald were saved. They were in imminent danger for a time and had they caught the one half of our town might have been destroyed. There were six horses in the stable belonging to sundry persons from a distance. They all escaped without serious injury, except one, belonging to Mr. Robert Catron, of Waynesburg, a valuable county, which was severely burned about the head and shoulders but is doing well. Mr. Catron had several new carriages in the shed which were taken out uninjured. He lost a splendid set of new harness valued at \$90. B. McCoolgan, Esq., loses a saddle and bridle. Mr. Michael Wagner loses a saddle and bridle. Mr. James Rhey loses the barn. Mr. A. J. Rhey loses over 800 doz. oats, three tons hay, one sleigh and harrow. No insurance on any of the property. The fire was undoubtedly the act of an incendiary, either done through malice, or, as many suppose, for the purpose of attempting a rescue of the prisoners in the Jail. There was no person at the stable with a light later than 10 o'clock at night. Mr. Rhey was in the carriage shed at 1 o'clock in the morning taking out a buggy, and Mr. John C. Murray passed along on his way to the Jail as one of the night watch as late as 2 1/2 o'clock, and there was no sign of fire. The whole of the upper part of the stable was in flames when the horses and carriages were taken out. The morning was quite calm, and the heavy roof prevented the houses of Mr. J. C. O'Neill and Gen. McDonald from taking fire. Great credit is due the citizens of Ebensburg and many in attendance from the country, for their noble exertions to save the building and prevent the destruction of more property. A large number of them worked extremely hard and done nobly, while not a few stood idly by looking on and even when requested refused to help. The ladies always ready to do what they can when danger is ahead, done their best and contributed not a little to the suppression of the fire. A reward is offered in another column for the arrest and conviction of the incendiaries.

THANKS.

Messrs. McDonald, O'Neill, Catron and Rhey return their heartfelt thanks to the firemen and citizens of the town and country for their manly efforts to save their property, from destruction on Wednesday morning.

Thursday morning, Oct. 9, 1851.

Hon. James Campbell.

Of Philadelphia, has been persecuted, slandered, vilified by the Native Americans and Whigs until forbearance has ceased to be a virtue. The charges have all been fairly met and refuted. He is a candidate for the Supreme Bench. The opposition to him is because he is an Irishman and a member of a certain church. His competency is best proved by his acts on the bench. It is beyond question. The men who attempt to persecute him are guilty of base ingratitude. His friends here of both parties will go for him. Many Whigs feel for an injured man like him and he will receive an unusually large vote. Cambria do all you can for James Campbell. He is an honest and able man, a candidate for a high office. Stand by him, men of both parties, and place on record that you are opposed to the proscription of any man on account of his religious faith.

Harrison Kinkhead, Esq.

Is a candidate for Associate Judge. His enemies have endeavored to injure his prospects by charging him with having made an assertion against a certain denomination of christians. Believe them true. He has proven himself innocent of the charge by the certificate of a good man. Where is there any evidence against him? We have not seen it. There is not one word of truth in their allegation. Let every democrat go fully refuted—refute it again at the POLLS next Tuesday, by voting, one and all for Harrison Kinkhead, a good citizen, liberal in his views, honest and upright, a gentleman in every respect, alike competent and worthy.

CALIFORNIA ALL RIGHT!! PENNSYLVANIA WILL BE ALL RIGHT NEXT TUESDAY!

HON. JOHN BIGLER ELECTED!
The Steamer Prometheus arrived at New York, on Monday, with late news from California. A gentleman who came passenger in her, brings a letter to a relative from San Francisco, which contains the latest news. We take from it the following extract:

SAN FRANCISCO, Sept. 6th, 1851.
Dear Cousin:—In Triumph. We have conquered—we have carried BIGLER for Governor—the rest of the State ticket—the two members of Congress—and the majority, as we believe, of both branches of the Legislature.
I am, dear cousin, yours truly,
G. G.

The San Francisco Herald—a Whig paper, confirms the election of Bigler.
Farmers,
Flour in Pittsburg is quoted at from \$8.25 to \$8.50 per barrel. Wheat 68 to 70 cents per bushel, and yet we have a Whig Administration at Washington city and one at Harrisburg. In 1847, under the administrations of old Frank Shunk and James K. Polk, Flour was worth \$7.00 and Wheat \$1.75. Remember these things. They are facts beyond dispute. Who dares deny it?

Look Out
For forged hand-bills, pamphlets, one leaf State debt slanders, circulars and fabrications of all kinds. The Whigs would move heaven and earth to defeat you. They cannot do it if you go to the Polls and vote the Ticket.

Judge TAYLOR is holding court here this week. No civil cases are being tried, as the criminal business will occupy the Court the entire week. A number of cases have been tried and several persons found guilty of the crimes for which they were indicted. They will be sentenced on Saturday. A large crowd of persons have been in town during the week.

Read Gov. Johnston's PROCLAMATION in another part of to-day's paper. It came to us from Harrisburg, but the whigs are endeavoring to create the impression that the Governor is not the author, as it contains too many facts, too much truth. Read it, and vote for BIGLER, the Raftsmen, the Printer boy, the Statesman.

DEMOCRATIC VOTERS
REMEMBER THE POLLS will close next TUESDAY, at SEVEN o'clock in the afternoon. GO EARLY whether it rains, hails or snows.

THINGS TO BE REMEMBERED!

LET THE PEOPLE REMEMBER.
That the Democratic party now support, and ever have supported, the Constitution as it is,—the supreme law of the land,—leaving each State in the Union to the full enjoyment of its indisputable rights to legislate for its own citizens according to the will of the majority.

LET THE PEOPLE REMEMBER.
That the citizen of a State who either counsels or encourages the violation of a constitutional law of the United States, is guilty of treason against the government, and ought to be shunned and despised by all good men.

LET THE PEOPLE REMEMBER.
That Wm. F. Johnston is in daily communion with the abolitionists; that he pardoned a negro burglar, Micajah Williams; and that he also pardoned Thomas Richardson at the urgent request of the abolitionists.

LET THE PEOPLE REMEMBER.
That Wm. F. Johnston has refused to sign the bill repealing the 6th section of the obstruction law of 1847; that he is an enemy to the compromise and the Union; and that he has declared he will agitate the repeal of the compromise, if elected.

LET THE PEOPLE REMEMBER.
That Wm. F. Johnston is continually talking of his devotion and loyalty to the Union and his obedience to the laws of the General Government, while he actually said at Lancaster that Pennsylvania owed the Fugitive slave law no allegiance.

LET THE PEOPLE REMEMBER.
That Governor Ritner's administration, with the aid of Wm. F. Johnston and Thaddeus Stevens in the Legislature, laid the foundation for all our financial embarrassments, and absolutely increased the State debt more than any other administration ever did.

LET THE PEOPLE REMEMBER.
That the State resumed the payment of the interest on the public debt in Feb., 1845, under Governor Shunk's administration, that the interest has been regularly paid ever since.

LET THE PEOPLE REMEMBER.
That the principal of the State debt was reduced over half a million under Governor Shunk without the sinking fund; and that it has only been reduced \$108,000 under Governor Johnston, notwithstanding all his bragging about the efficiency of the "Sinking Fund!"

LET THE PEOPLE REMEMBER.
That the State became involved in a debt of \$40,000,000 through the reckless expenditures of Governor Ritner's administration; and that the treasury was plundered by a set of unprincipled Whig politicians.

LET THE PEOPLE REMEMBER.
That it was under a Whig Administration, the State became almost bankrupt and unable to meet the accruing interest on the State debt; when the cry of repudiation was raised, and the credit of Pennsylvania became a by-word of reproach across the water.

LET THE PEOPLE REMEMBER.
That it was during Gov. Shunk's administration the credit of the State was redeemed; several hundred thousand dollars of the State debt was paid, and our financial affairs were placed in a solvent condition.

LET THE PEOPLE REMEMBER.
That in order to take money from the ordinary revenue, to put into the Sinking Fund, to purchase five per cent. stocks—Gov. Johnston's administration had to borrow FOUR HUNDRED THOUSAND DOLLARS at an interest of SIX PER CENT. Surely this is Sinking the Funds.

LET THE PEOPLE REMEMBER.
That the cry of **TARIFF! TARIFF! RUIN!** is rung in their ears previous to every election, and then permitted to slumber until it becomes necessary to use the same theme again for agitation.

LET THE PEOPLE REMEMBER.
That "two dollars a day and roast beef," was the rallying cry of the Coons in 1840—but the rallying cry of JOHN STROHM, (present Whig candidate for Canal Commissioner), when in Congress, was "NO BEEF" for the Army in Mexico.

LET THE PEOPLE REMEMBER.
That if they wish to see bleeding wounds again torn open; if they desire to continue the unwarrantable and unnecessary excitement of a question vitally affecting the Union itself; if they wish to see this Union dissolved, and the cherished hopes of freemen throughout the world utterly prostrated; they ought then to vote for William F. Johnston and John Strohm; but if otherwise, then they should cast their ballots for WILLIAM BIGLER and SETH CLOVER, who are the friends of the Union, and the enemies of all who would rend it asunder.—Post.

PENNSYLVANIA, SS.

In the Name and by the Authority of the Commonwealth of Pennsylvania,

WILLIAM F. JOHNSTON,
GOVERNOR OF SAID COMMONWEALTH.

A PROCLAMATION!

WHEREAS, In and by the system of morality which regulates honest men, it is enjoined that the TRUTH should be told on all occasions; and that the Governor of this Commonwealth, should state truly and fairly the condition of the Finances, and the practical workings of the Sinking Fund.

Now, therefore, know ye, that I do hereby issue this my Proclamation, publishing and declaring the following FACTS, which are on record in the several offices, at Harrisburg, viz: That the Public Debt, when Ritner was elected, amounted to \$25,162,465 03
When he went out of office, it was 34,141,663 80
Two months after Gov. Ritner went into office, the United States Bank Bill was passed, which put under contract the following fancy improvements, viz: \$6,004,492 45

ERIE EXTENSION—North Branch Canal—Sinnemahoning Extension—GETTYSBURG RAILROAD—Wisconsin Canal, and Allegheny Feeder, amounting in all to the sum of \$11,955,554 74
To meet this large sum Gov. Ritner had appropriated the meagre sum of \$1,900,000; leaving a deficiency of \$10,055,554 74! to be provided for immediately, by Gov. Porter, when he went into office in 1838.

That I, Wm. F. Johnston, voted for all these fancy works, and thereby helped to increase the present heavy State debt nearly SEVENTEEN MILLIONS OF DOLLARS!
That Gov. Ritner received from extraordinary sources of Revenue:—Bank bonuses, \$3,236,977 67
The surplus revenue from the United States Government, 2,867,514 78

which being added to the debt contracted for the above mentioned works, makes the actual debt contracted by Gov. Ritner, amount to the enormous sum of \$16,020,047 19
That when Gov. Shunk went into office, the public debt amounted to \$40,986,393 22
When he resigned in 1848, it amounted to 40,474,736 93

Actual amount of debt paid by Gov. Shunk. \$511,656 29!
That when Gov. Johnston came into office the public debt amounted to \$40,474,736 93
At the end of the fiscal year 1850, it was 40,316,362 41

Actual decrease during Johnston's term \$158,374 49
That the amount of TAXES assessed on real and personal Estate, during the last year of Gov. Johnston's term, was \$1,545,956 44
The amount during the last year of Gov. Shunk's term, only 1,434,871 72
That the expenses of Government have been INCREASED during my administration, as the annexed table will show:

Expenses during two years, Shunk's administration:	
In 1846,	\$216,632
In 1847,	200,113
Expenses during two years, Johnston's administration:	
In 1850,	\$262,899!
In 1851,	275,151!

INCREASE, \$121,295!

That the revenue before I came into power was as follows: Taxes on Real and Personal Estate, and Income from railroads and canals, only \$1,915,534

In 1850, from the same sources: Taxes \$1,317,821!
Railroads and canals, (under the management of the Democrats.) \$1,713,848; in all, 3,031,669

That Gov. Shunk, during his excellent administration, paid off the following amount of the public debt:

In 1845,	\$196,816 22
In 1846,	161,627 49
In 1847,	153,212 58

Making in all the large sum of \$511,656 29!
That I, William F. Johnston, have borrowed the sum of \$400,000 at 6 per cent. interest, and have purchased the Bonds of the State to an equal amount which carried interest at the rate of only 5 per cent. That if the next Legislature will aid me, I can purchase all the State Bonds, which bear 5 per cent. by renewing them at 6 per cent., thus easily will the people be relieved from the onerous debt!

That the Sinking Fund was suggested by Col. WILLIAM BIGLER, in the State Senate, in 1846, and the money which goes into it annually, is derived from sources of Taxation, brought into existence by the wise policy of Gov. Shunk. That to the lamented FRANCIS R. SHUNK is JUSTLY DUE the HONOR of relieving our embarrassed condition, and elevating the CREDIT of the State. And all attempts to pluck the laurel from the HONORED DEAD, to wreath my brow, should be resisted as sacrilege! That the only items which my policy has caused to go into the Sinking Fund, are as follows:

- 1st. The difference between the \$400,000 5 per cent. stocks, purchased by me, and that amount borrowed by me at 6 per cent. \$4,000
- 2d. Mileage to Harrisburg, \$30
- 3d. Commissions issued to 300 aid-de-camps, \$2 each, \$600
- 4th. Pay as Governor before I was sworn into office, \$131
- 5th. The annual increase of Taxation, \$125,000
