Pennsylvania and the Irish Exiles. Gov. Johnston, of Pennsylvania in transmitting to President Fillmore the proceedings of the meeting lately held in Philadelphia, in behalf of the Irish exiles, says:—

An Ancient Sword. The sabre worn by Count Pulzsky, at the Bar Festival, on Friday evening, December 19, was made in 1592. It originally belonged to Sultan Mahomud, was once owned by Napoleon, and finally passed into possession of the family of Count Pulzsky.

Nobleman Found Dead. A New Orleans paper of December 31st says:—The Coroner yesterday held an inquest on the body of Lord J. Loughborough, found dead on board the schooner Mary Elizabeth, lying at the first Municipality wharves.

Message of Gov. Boutwell. The annual message of Gov. Boutwell was delivered to the Legislature of Massachusetts on the 15th inst. In regard to Hungary he takes strong grounds, and is not only for welcoming Kossuth to Massachusetts, as a distinguished exile, but adds that the common sentiment of the American people is on the side of constitutional government.

Ohio Democracy. The Democratic State Convention, at their session yesterday, (9th inst.) passed a series of resolutions by which the present tariff and system of currency were endorsed, and equal taxation applauded.

Five Sabbaths in February.—The year 1852 will be remarkable for one curious event at least. There is to be five Sabbaths in February.

To Ascertain the Moment of a Mad Dog.—Multiply his weight by his horns, and that by the square root of the tin pan fastened to his tail. The quotient will be the answer.

A Writer from Paris says that when a friend told Louis Napoleon that he owed his success to universal suffrage, his reply was, "Yes, it begot me, but I do not intend it shall drown me."

On Saturday last, the House of Representatives, Maine, by a large majority, adopted a resolution earnestly hoping that the general government of the United States will wisely and efficiently interfere in case Russia should again aid Austria in suppressing the liberties of Hungary.

People who are blessed with health, strength, and potatoes, should never repine at fortune, even if their pocket books are crumpled and their pockets empty.

"SUCH IS LIFE."—A half drunken woman was parading the streets of Cincinnati on Thursday night. A rowdy led her into a paint shop on Fifth street, and dashed her face against a mere blackguard wantoness, and then took her into a back room where there was a light. The light disclosed the disfigured face of her mother.

A shock of an Earthquake was felt at Berat in European Turkey, on the 12th Oct., which threw down part of the fortress, under which 100 soldiers perished. Some 800 houses, a Greek Church, and two mosques were seriously injured. After the disaster 800 persons were found to be missing, but it was supposed they might have fled.

THE U. S. BANK.—A committee of the stockholders of the U. S. Bank, have under consideration a resolution submitted to a meeting a day or two ago, for an assignment of the entire property and business of the Institution to Trustees, to be appointed for the purpose. The resolution was submitted by William Randall, Esq., who is one of the committee.

The origin of the popular name "Emerald Isle" was thus accounted for at a meeting of the Archeological Association in 1845: It appears to have been founded on a species of pleurococcus worm which lives upon the foliage of bog plants, and emits a lively, lambent illumination, like the glow-worm, but of a green color. The insect covers a wide space of bog, and forms a perfect walkway full of lustrous emeralds.

Hulsmann, the Austrian Charge at Washington, is highly indignant, because our government extended the courtesy of welcome to Kossuth. He is offended with Mr. Webster's speech at the Congressional banquet, and evinces his wrath by withdrawing from all fashionable life in Washington. Hulsmann is represented as being a sensible man—but his devotion to the cause of a tyrannical government, proves him either a knave or a fool.

The Legislature of Kentucky has elected its Hon. Archibald Dixon, late Whig candidate of Governor, a Senator of the United States, to succeed the Hon. Henry Clay, whose resignation will take effect on the first Monday of next September.

"So fades, so vanishes, grows dim and dies. All that the earth is proud of."

A COUP D'ETAT.—This term having come into general use, as the only one which can be applied to the late movement of Louis Napoleon, in France, many persons inquire what is its precise meaning: in reply to which we answer, that literally it means a stroke of State, but that according to an able French lexicographer, it is a measure which, though useful to the State, is contrary to the rules of humanity and justice: in brief, a measure of violence, or an arbitrary measure. It is pronounced kou-va-tah.

Hon. Galusha A. Crow, member of the House of Representatives, from Pennsylvania, is the youngest member in that body, being only twenty-six years of age. It is said he came to Lancaster College eleven years ago from the backwoods of Pennsylvania, to commence his education. Previous to that event he had been engaged in cutting logs down the Susquehanna, and in deer hunting in the Alleghenies. He soon took a high rank in his class, became a good speaker, and subsequently studied law, and last year was elected to Congress without serious opposition.

Colonel Berezeny, one of Kossuth's suite, will remain in Washington, as we learn from the Telegraph, until he completes his arrangements for a journey to China and the East Indies, to search of a certain tribe of aborigines, reported by an English traveller, a few years ago, to live in China, and who speak the Hungarian language, and bear other unmistakable evidence of affinity to the Hungarians. The other military companions of Gov. Kossuth, apart from Mr. Pulzsky and Secretaries Hajwik and Maly, will proceed to New York, where they will await their instructions.

THE VIENNA CORRESPONDENT of the London Times says that a considerable sum of money, which had been forwarded to Hungary by the London democrats, has fallen into the hands of the Government. As the account current books of an Austrian banker have been examined, without any result, it is supposed that the revolutionary funds in question were brought into Hungary by emissaries. Although a great many arrests have recently been made in Hungary, the papers are completely silent on the subject. The nocturnal meetings in the house inhabited by Kossuth's relations were made known to the authorities by two students, one of whom lodged on the ground floor, and heard an unusual noise overhead. It is said that this latter received 200 ducats for the communication; the other, a Jew, declined the proffered reward.

Wm. Grimshaw, Esq., a gentleman well known for his literary attainments, died on Thursday at his residence, near Philadelphia, at the age of seventy years. Mr. Grimshaw was a native of Ireland, but has resided in this country for many years.
