

It is stated in the... some of the distilleries in Massachusetts, the people are packing small casks of liquor in large casks, both in hay, some in chaff, and some in straw, and marked to different places to Maine, as "grass seed."

A Bill has been introduced into the United States House of Representatives, to establish a public printing office, and to provide for the appointment of a Superintendent of Public Printing.

The Legislature of Pennsylvania has acquired the name of "Bank Mill," in other States by the policy it is pursuing on this subject. It is truly humiliating to witness the course of action of many upon this subject.

Pennsylvania Wins the Banner. The Democrats of Pennsylvania, after all the golden banners from the Californians. John Bigler's majority is 451—William Bigler's 8,455. This, in proportion to the vote cast, gives us the banner.

Cholera Morbus. I hereby certify that about two weeks ago I was seized with a violent attack of Vomiting and Purging, (Cholera Morbus,) with very distressing pains in the stomach and bowels, which was completely removed by two tea-spoonful doses of the Petroleum taken in a little water. After having taken the first dose, I slept soundly and comfortably for three hours.

WISTAR'S BALM OF WILD CHERRY. WISTAR'S BALM OF WILD CHERRY induces new vigor to vital action, and relieves the system by opening the pores of the skin, and promoting the secretion of mucous matter. Its action is sudorific, sedative and expectorant. By opening the pores, allaying irritation, and by rendering the excretion of mucous matter easy. Those who take the Balm will feel immediate relief from the distressing irritations that accompany the effects of the respiratory organs. The pores, have been closed, the Balm opens them. The lungs suffer from irritation, the irritation is subdued, the pulse is violent and feverish, they are softened, and the mucous membrane is relieved of its engorgement with morbidity and pain. All by the use of this delightful remedy. See advertisement in another column.

Balsam of Wild Cherry. WISTAR'S BALM OF WILD CHERRY. THE BEST REMEDY EVER KNOWN. To man for Coughs, Asthma, Croup, Bronchitis, Influenza, Bleeding of the Lungs, Difficulty of Breathing, Liver Affections, Pain or weakness of the Breast or Side, Loss of Appetite, Consumption, &c. In short this Balsam is peculiarly adapted to every disease of the Lungs and Liver, which is produced in our ever-varying climate.

WILD CHERRY has long been known to possess important medicinal properties. This fact is familiar to every matron in our land, and physicians often prescribe it in different forms for a variety of complaints. It is, also, has been equally noted for its virtues; and some physicians, whose names are familiar to the whole country, have gone so far as to declare that even CONSUMPTION could be cured by that alone. In other hands, again, it was nearly valueless, owing, no doubt, to their ignorance in preparing and administering it—a difficulty now entirely obviated by patient experiment and long experience. The extraordinary medicinal powers of these two substances are now, for the first time, combined and embodied in Dr. Wistar's Balsam of Wild Cherry. By a nice chemical process, everything deleterious or useless is rejected, so that what remains is the most extraordinary and truly efficacious remedy for all kinds of pulmonary and liver diseases ever known to man. To convince all unbelievers that our theory is really true, we refer to a few cases of cures performed by this wonderful medicine.

ANOTHER ASTONISHING CURE! E. Kahl, a highly respectable merchant of Rushville, Fairfield county, Ohio, sent us the following voluntary tribute to

DR. WISTAR'S BALM OF WILD CHERRY. Rushville, Fairfield county, Ohio, April 5, 1851. Mr. J. D. Park—Dear Sir—I wish to state to you that my daughter, Amanda, aged sixteen years, had, about a year since, a very severe attack of measles, which reduced her very much, and left her with a racking cough. I employed all of the physicians within our reach for the purpose of removing her cough, but without success. She appeared to be sinking into a decline, with every symptom of consumption. I then tried Dr. Wistar's Balsam of Wild Cherry. But she aggravated her cough, and gave her symptoms of a still more malignant character. I was now most seriously alarmed, and it was with trembling fear that I from day to day, saw the progress of that insidious disease, consumption. I really despaired of my daughter's recovery. But I providentially saw the certificate of Jonathan Coulson, whose daughter, "Sarah Jane," was cured of consumption by "Wistar's Balsam of Wild Cherry." This created a faint hope that it might help my daughter, and I immediately commenced using it, and almost instantly gave relief, her health was improved from the first bottle, and by the use of two bottles of "Wistar's Balsam of Wild Cherry," she was restored to perfect health, and she is not now at all predisposed to a cough.

I will say to all that are afflicted with any disease tending to consumption, do not despair, for Dr. Wistar's Balsam of Wild Cherry will cure you, if you will but try it. E. KALH. The genuine Wistar's Balsam of Wild Cherry has a fine simile of the signature of Henry Wistar, M. D. Philadelphia, and "Sanford & Park" on a finely executed steel engraved wrapper. No other can be genuine. Price \$1 per bottle—six bottles for \$5. Sold by J. D. PARK, Cin., Ohio. North-east cor., of Fourth and Walnut sts.—entrance on Walnut—to whom all orders must be addressed.

NOTICE. ALL persons indebted to the subscriber will find it to their advantage to settle their accounts immediately. D. W. LEWIS. Feb. 5, 1852.—17-41c

Public Sale. The subscriber will offer for sale at public outcry, at the foot of Pine No. 5, A. P. R. R., on Saturday, 21st of February, the following described property, to wit: Six head of horses, six sets of Rail Road gears, six sets of harness, one broad-wheeled wagon, one two-horse plow, two sleds, and numerous other articles as mentioned. It is remarkable that I have a M. C. Casidment of Light Dragoons in the English Army. The reason is, that during the Irish Rebellion, the 6th Regiment, almost to a man, deserted, and joined the insurgents. This so exasperated George III., that he declared a 5th Regiment should not exist during his reign; and from that time the number of the regiments jumps from the 1th to the 6th. The lectures now in course of delivery at Metropolitan Hall, by Prof. Williams, and the experiments performed, are certainly worthy the attention of the curious and scientific.
