

TWELVE DAYS LATER FROM CALIFORNIA.

Arrival of the Falcon.

NEW ORLEANS, Aug. 26. The steamship Falcon arrived here to-day with dates from San Francisco to the 30th, being twelve days later than the advices per Northern Light at New York.

The Falcon left Aspinwall City on the 19th, and has made a very fine run.

The Falcon brings 200 passengers, and \$300,000 in specie.

The Falcon reports that the steamship Oregon had arrived at Panama, with 500 passengers and \$2,000,000 in gold dust on freight. The Oregon has on board the Pacific mails.

The Ohio, with the California mails, 300 passengers, and the treasure by the Oregon, left Aspinwall, for New York, on the same day that the Falcon sailed.

The United States Commissioner for locating a Navy Yard at San Francisco is among the passengers by the Ohio.

The health of the Isthmus was greatly improved. The cholera had almost entirely disappeared. Now and then an isolated case was reported.

The Panama railroad was doing a very profitable business.

Mr. Rice, the American Consul at Acapulco, after being subjected to new indignities, had left for home. He intends to lay the whole matter before the Government.

Robberies on the Isthmus are of very frequent occurrence. The authorities make no effort to prevent them.

The general intelligence from California, though interesting, presents no features of striking importance.

The accounts from the mines were of a more favorable character.

The Southern Diggings, however, owing to the greatly advanced rates of all kinds of provisions, and the immense numbers of persons seeking treasure there, do not average a yield hardly so encouraging.

The high stage of waters had materially given way, and the prospects of the miners in the river beds were very promising.

Taking all things into consideration, the accounts from the mines are very satisfactory.

The turn out of the precious metal during the next few weeks will doubtless be very heavy.

Several new placers have been opened by water companies organized for the purpose.

The emigrants from across the plains were arriving very fast in good health and spirits, notwithstanding they had met with many almost insurmountable difficulties.

The Chinese emigration continues on quite a large scale. No further resistance has been made to them on the part of the inhabitants.

The troubles with the Indians were almost of a daily occurrence. They are growing more bold, and have committed several additional cold blooded murders.

It is believed that the Indians were about waging a general war against the whites in the more thinly populated settlements.

A dreadful outbreak had taken place at Contra Costa, between some of the miners and some Mexicans. A number of persons were severely injured, some of them fatally. Sheriff Johnson, who endeavoring to quell the disturbance, was shot dead.

The plans for supplying San Francisco with good and wholesome water were progressing favorably.

In the city of San Francisco a better feeling prevailed among all classes of citizens. Strenuous efforts were being made to better observe the Sabbath by closing up the stores on that day.

The crops in various parts of the State promised an abundant harvest.

The movements in favor of establishing telegraph lines to various points in the State were likely to be very successful. A number of merchants had subscribed liberally to the stock.

Everything in the Mariposo district was quiet.

The accounts of the state of trade are hardly so favorable as noticed on the 15th.

Speculation has in some measure subsided, owing to the increased arrivals of all description of goods from the States.

FROM AUSTRALIA.—The advices from Sydney are to the 30th March.

There was a speedy prospect of the independence of Australia being declared.

Emigration thence from California was very great.

Immense floods had occurred in the Australian gold mines, doing much damage.

FROM OREGON.—The news from Oregon is only of minor importance.

Further election returns leave no doubt of the Democrats having carried the Legislature.

Breadstuffs were active, and flour and wheat had both advanced.

The gold mines were yielding moderately.

A Big Screw Loose!

Col. McKaig, one of the most prominent and popular Whigs in Maryland has renounced Geo. Scott, and taken the stump for Pierce and King.

HEAR HIM!—HEAR HIM!

Col. Thos. J. McKaig, the candidate of the Whig Party for Congress in Cumberland (Md.) last fall, addressed the Democrats of that city on Saturday evening last in behalf of PIERCE and KING!

When he mounted the Platform he was received with deafening applause. He gave the reasons for the faith that governed his conduct in the following pointed and forcible manner.

We copy from the Alleganian, and ask candid men of the Whig party, particularly, to ponder over the plain truths he asserts. That Maryland will cast her vote for the democratic nominees (Pierce and King) is now as certain as that Col. McKaig will vote against Scott. But read what he says:

"He [Col. McKaig] now found that the two parties had approximated very near to each other in their political platforms,—that the whigs as a party had given up, before the force of popular opinion, most of their old doctrines and measures of policy.

Their tariff was the only question of difference, and this, he contended, cannot be treated as a party measure, as locality had much to do with the information of opinion upon the subject.

The question involved in the approaching Presidential election, and which he regarded as rising above all others, was the maintenance of the compromise of the Constitution, and the continuance of the Union.

He saw General Scott nominated by the nine Northern Atlantic States, with Gov. Seward of New York, and Gov. Johnston of Pennsylvania at their head, aided by a few Southern votes.

If we mistake not, of these nine States with 47 members present but one whig was found in the House of Representatives to vote for the Fugitive Slave Law, whilst nearly all the Democratic members who were present from those States voted for the measure.

He remarked that he believed, from personal intercourse and observation, that two-thirds of the whig party in the North were abolitionists or Free Soilers; that they had nominated General Scott, and if he were elected there would be no security to the South—no assurance that the dangerous questions settled by the Compromise would not be disturbed.

That however sound Gen. Scott's views might be on the subject, the power from the North would be too strong for his vanity to withstand. And in order to avoid the great impending danger, he (Col. McKaig) with thousands of others similarly situated would vote for Gen. Pierce.

"The Colonel was frequently interrupted by plaudits, and after speaking for nearly an hour left the stand amid loud and prolonged applause."

The Herald of the Union (edited by C. E. Leister, a bold and able writer—a Whig in politics who could not swallow the nomination,) contains a powerful article against the election of Scott. It is mainly directed against his incapacity, but, in the course of it, he reviews the candidate's political views.

On the score of Scott's opposition to the compromise, he argues warmly against the danger of placing him in the Presidential chair. In the course of his remarks he says:—"Remember, gentlemen of the south, every vote cast south of Mason and Dixon's line, for Gen. Scott, is a vote against the Constitution—against the Union—in favor of Seward, in favor of Greeley, in favor of the men who have kept the torch burning to fire your homes with."

Thousands of parents who use Vermifuge composed of Castor oil, Calomel, &c., are not aware, that while they appear to benefit the patient, they are actually laying the foundations for a series of diseases, such as salivation, loss of sight, weakness of limbs, &c.

In another column will be found the advertisement of Hobensack's Medicines, to which we ask the attention of all directly interested in their own as well as their Children's health.

In Liver Complaints and all disorders arising from those of a bilious type, should make use of the only genuine medicine, Hobensack's Liver Pills.

"Ben not deceived," but ask for Hobensack's Worm Syrup and Liver Pills, and observe that each has the signature of the Proprietor, J. N. Hobensack, as none else are genuine.

HEAD QUARTERS, } I REG. 3. BRIG. 16 DIV. PA. VOL. } EBENSBURG, SEP. 2, 1852. } REGIMENTAL ORDERS, NO. 7. } The companies comprising the 1st Regiment, 3d Brigade, 16 Division Pennsylvania Volunteers, will assemble at Loreto on the 14th of September, for drill & inspection, armed and equipped as the law directs.

The parade will be continued until the afternoon of the 15th of September. By order of C. H. HEYER, Lt. Col. 1st Reg. 3d Brig. 16 Div. Pa. Vol. September 2, 1852—46-2t.

Stray Steer. CAME to the residence of the subscriber living three miles east of Ebensburg, about five weeks ago, a small two year old red steer with various white spots, the owner is requested to come forward, prove property, pay charges, and take him away. JOHN FERL. September 2, 1852—47-3t.

Administrator's Notice. ETTERS of administration having been granted by the Register of Cambria county, to the subscriber on the estate of Jacob Paul of John, late of Richland township, dec'd; all those knowing themselves indebted to said estate, will save costs by making payment immediately, and those having claims against the same, will present them duly authenticated for settlement.

DANIEL DUNMIRE, JACOB STULL. August 12, 1852—43-6t.

Register's Notice. ALL persons interested are hereby notified that the account of Patrick McManamy administrator de bonis non of the estate of John Moran, dec'd, has been allowed and filed in the office of the Register of Wills of Cambria county; and will be presented for confirmation to the Orphan's Court on Monday the sixth of September next. R. L. JOHNSTON, Register. August 12, 1852.

*Cambrian and Crusader please copy.

Bryan, Gleim & Co., BANKERS AND EXCHANGE BROKERS, Hollidaysburg, Pa.

ARE now prepared to draw bills from £1 upwards in any amount, on the ROYAL BANK OF IRELAND. Also to grant passage certificates, by the several lines of Packets of Messrs. ROCHE, BROTHERS & MASTERSON, of N. Y. Money received also on deposit, payable with interest, or on demand without interest.

Drafts on the principal Cities also constantly for sale. Hollidaysburg, May 6, 1852.

This is not in fun! We want money, particularly that which has been due for some time. Will those indebted to us please call and settle their accounts during this month and pay us all they can. Our books must be settled, and until they are, we must positively refuse to add any thing more to long standing accounts. Experience proves that in doing a credit business, if you leave accounts run over six months or a year, that there is difficulty in settling.

The books of the former firms of J. Ivory and J. Ivory & Co., will be left in the hands of an officer for collection by the 1st April, if those indebted do not call and pay their accounts by that time.

JOHN IVORY & SON. Summit, March 11, 1852.—4t.

HUTCHINSON & WEBSTER, Attorneys at Law, Ebensburg, Pa.

HAVE formed a partnership for the practice of law in the county of Cambria. All professional business entrusted to their care will be promptly attended to. Office on Centre street, adjoining the dwelling of E. Hutchinson, Jr. Ebensburg, July 29, 1852—41-1y.*

50 KEGS Nails and Spikes for sale by DAVIS & LLOYD. Ebensburg, June 17, 1852.

For the Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Many years of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends.

Nothing but its intrinsic virtues and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys.

While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted that can never be forgotten, and is indeed almost everywhere a household name.

While it is a fraud on the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the Cherry Pectoral does not only as a general thing, but almost invariably cure the maladies for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log-cabin of the American peasant, to the palaces of European Kings.

Throughout this entire country, in every State, city, and indeed almost every hamlet it contains, Cherry Pectoral is known as the best remedy extant for diseases of the Throat, Lungs, and in many foreign countries, it is coming to be extensively used by their most intelligent Physicians.

In Great Britain, France and Germany, where the medical sciences have reached their highest perfection, Cherry Pectoral is introduced, and in constant use in the Armies, Hospitals, Alms Houses, and Public Institutions, and domestic practice, as the surest remedy their attending Physician can employ for the more dangerous affections of the lungs.

Also in milder cases, and for children it is safe, pleasant and effectual to cure. In fact, some of the most flattering testimonials were received here from parents who have found it efficacious in cases particularly incidental to childhood.

The Cherry Pectoral is manufactured by a practical Chemist, and every ounce of it under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits, consequently can be relied on as genuine without adulteration.

We have endeavored here to furnish the community with a medicine of such intrinsic superiority and worth as should commend itself to their confidence—a remedy at once safe, speedy and effectual, which this has by repeated and countless trials proved itself to be; and trust by great care in preparing it with chemical accuracy, of uniform strength to afford relief to the afflicted, and for children it is safe, pleasant and effectual to cure.
