

**JOSEPH BUFFINGTON.**

This is the name of the person nominated by the Whig party as their candidate for a seat on the bench of the Supreme Court of our State, in opposition to the talented WOODWARD, who is acknowledged, even by his political enemies to be not only one of the ablest jurists in our own State, but also in the Union.

While Judge Woodward has proven himself in every way qualified to fill, with marked ability, the post to which his party have nominated him, Joseph Buffington, the Whig nominee, has given the strongest evidence of his total incompetency.

On September 4th we published an article in relation to Mr. Buffington, headed "A Daniel." The facts stated in that article alone suffice to prove not only this gentleman's incompetency to fill a seat on the bench of the Supreme Court of our State, which is now ornamented by some of the best legal talent in the land but also his inability to fill properly the seat of one of our county Aldermen.

The case we cited on the 4th of September, is that of Shannon & Nugent vs. the Commonwealth, which may be found reported in full, by authority, in the 16th volume of the Pennsylvania State Reports, commencing at page 226. This case is an appeal from the decision of Judge Buffington, in which he convicts a man and woman of conspiracy to commit adultery, which decision was reversed by the court above. In reversing the decision of Judge Buffington, the court in delivering its opinion, says: "In the same way might a conspiracy to commit suicide be charged and hanging in concert, according to the method of the Parisian raves, though no one could be indicted of the felony if it were committed. It may be said, such conspiracies are ridiculous and improbable. But nothing is more ridiculous or improbable than a conspiracy to commit adultery—were we not bound to treat it with becoming gravity, it might provoke a smile. We understand that this plaintiff in error had been acquitted of actual adultery, and though the fact is not found in the record, it shows how really an indictment for the substance of the same thing in another form might be made a means of oppression." The opinion ends in these words: "Decency and justice require that such investigations be not encouraged. Judgment reversed."

Is it not surprising that a party claiming all the intelligence should nominate a man for Judge, whose decisions are thus handled by able jurists in discharge of their sworn duty as judges? If Mr. Buffington is elected, have we not every reason to look for a revival of the blue laws of New England, which condemned a man for kissing his wife on Sunday, not going to church, and lunging and women for witches? When such things as we have just named are remembered in connection with the fact that Judge Buffington over his nomination to such an office as Johnstone and Stevens, who dictated to the Convention—a Convention, that at its first session, rejected the compromise measures, thus showing its affinities with abolitionism, have we not every reason to dread the elevation of Joseph Buffington to the bench of the Supreme Court?—Pensylvanian.

**The Whig Party Employing Natives to Convert our Adopted Citizens.**

Let our adopted citizens bear in mind that Geo. CONSTANTINE COLLINS, who is in the employment of the Whig party, now traveling the State, loaded with lying Whig documents, and endeavoring to convert our adopted citizens who are of the Democratic faith, in 1844, a week before the election, at the corner of Sixth and Chestnut streets, made a Native speech on the same stand with Lewis C. Levin. When Collins was charged with this thing the other day, at Easton, where he was haranguing a small body of people, he was compelled to acknowledge the corn. We have this statement from one of our most respectable and reliable citizens who was present at the time.

**Four Days Later from Havana—Arrival of the Empire City.**

NEW ORLEANS, Sept. 22. The steamship Empire City with Havana dates to the 19th, being four days later than the advices per Crescent City, arrived here this morning.

The Island is still much disturbed and a Council of War was to be held on the 30th, for the purpose of arranging and carrying out the future action of the Government.

There are now eleven persons in prison charged with being concerned in the publication of the Revolutionary Journal.

Arrests of suspected persons continue daily to be made, and spies in the pay of the government swarm in all parts of the island.

It was not known when the Empire City sailed, whether any executions had taken place.

The circulation of American papers on the island is prohibited without exception.

The troops are continually on the move, and nearly every part of the island is garrisoned with some kind of a force.

Gov. of suspected persons continue daily to be made, and spies in the pay of the government swarm in all parts of the island.

Havana continued quiet as to the revolutionary movements, and the residents were very cautious in speaking of them.

**IMPORTANT TO FARMERS AND HOUSE KEEPERS!!**

**CULPS PATENT CIDER MILL.**

JAMES E. DUNLAP, Ebensburg, Cambria county, Pa., has secured the right to manufacture the above machine for Cambria county, and will take pleasure in showing Farmers, and others, who may call at his Threshing Machine shop, in Ebensburg, the great qualities of this profitable and improved cider mill. Farmers have heretofore labored under great difficulty in making their Cider, but with the use of this Machine they will save time, labor, and expense, and make more Cider than by any other process. It is not only the best machine of the kind in existence, but it is the most profitable that a man can have on his farm. The following are some of the advantages of this machine:

First—It makes more Cider than any other press, with a given quantity of apples, in a given time, and with much less labor and expense.

Second—It makes cleaner and sweeter Cider than other machines.

Third—You can make your Cider as you want it, and when you want it—and in quantities from one gallon to six or twenty barrels.

Fourth—With it you can press your Currants, Cherries, Berries, Cheese, Butter, Lard and Tallow.

Fifth—With it you can save ONE FOURTH of your time in making Apple Butter.

Sixth—By its use you can at all times have FRESH and SWEET Cider.

The price of the Cider Mill, with right to use the same on any farm, is \$50.

The size of this Machine is about 3 by 4 feet, and weight about 200 pounds. It may readily be taken to the cellar, door-yard, kitchen, barn-floor, or orchard, as may be most convenient.
