

McLane, the creature who invented the degrading slander that Gen. Pierce had been plipped in the face by Col. Magruder, at a car table in Mexico, and had not the manliness to resent the insult, publicly acknowledges that the charge was totally false! The soon paper is too degraded to publish this denial, although they made McLane's charge the subject of their-ands of flaming editorials.

WATER'S CHERRY PECTORAL

For the Cure of

COUGHS, COLDS, HOARSENESS,
BRONCHITIS, WHOOPING-COUGH,
CROUP, ASTHMA, AND
CONSUMPTION.

Of all the numerous remedies extant, (and some of them valuable) for the cure of pulmonary complaints, nothing has ever been found which could compare in its effects with this Preparation. Others cure sometimes, but at all diseases of the lungs and throat which medicine give relief, this will do it. It is pleasant to take, and perfectly safe in accordance with the directions. We do not advertise for the information of those who have tried it but those who have not. Families that have known its value will not be without it, and by its timely use, they are secure from the dangerous consequences of Croup and Colds which neglected, ripen into fatal consumption.

The Directors of the Massachusetts Institute were awarded this preparation by the Board of Judges in September 1847; also, the Medals of the three great Institutes of Art, in this country; also the Diploma of the Ohio Institute at Cincinnati, has been given to the Cherry Pectoral, by their Government in consideration of its extraordinary excellence and usefulness in curing affections of the Lungs and Throat.

Read the following opinion founded on the long experience of the eminent Physician of the Port and City.—ST. JOHN'S, May 8, 1851. Dr. J. C. Ayer.—I have used your Cherry Pectoral in my practice, has proven what I foresaw from its composition, must betune, that it eradicates and cures the colds and coughs to which we, in this section, are peculiarly liable.

I think its equal has not yet been discovered, nor do I know how a better remedy can be made for the distresses of the Throat and Lungs.

See what it has done on a wasted constitution, not only in the following cases, but a thousand more.—

Suburban, Jan. 14th, 1851.

Dr. Ayer: In the month of July last I was attacked by a violent diarrhea in the mines of California. I returned to San Francisco in hope of receiving benefit from a change of climate and diet. My diarrhea ceased, but was followed by a severe cough—and much soreness. I finally started for home, but received no benefit from the voyerage. My cough continued to grow worse, and when I arrived in New York, I was attacked by a violent cough, which I saw no sufficient reason to doubt what my friends all believed. At this time I commenced taking your truly invaluable medicine with little expectation of deriving any benefit from its use. You would not receive these lines did I not regard it my duty to state to the afflicted through you, that my health, in the space of eight months, is fully restored. I attribute it to the use of your Cherry Pectoral. Yours truly,

WILLIAM W. SMITH.
Washington, Pa., April 12, 1851.

Dear Sir: Feeding of my child, I have been spared from a premature grave, through your instrumentality by the providence of God, I will take the liberty to express to you my gratitude.

A Cough and the alarming symptoms of Consumption had reduced me to low leave me anything like hope, when my physician brought me a bottle of your "Pectoral." It seemed to afford immediate relief, and now in a few weeks time has restored me to sound health. If it will do for others what it has done for me, you are certainly one of the benefactors of mankind. Sincerely wishing you every blessing, I am Very respectfully yours,

JOHN J. CLARKE,
Rector of St. Peter's Church.

With such assurance and from such men, no stronger proof can be adduced unless it be from its effects upon trial.

PREPARED AND SOLD BY JAMES C. AYER, Practical and Analytical Chemist, Lowell, Mass.

Sold in Ebersburg by Fred Kittell, and by Druggists and Dealers in Medicine every where. August 19, 1852—41-50.

STORER'S CHEMICAL HAIR INVIGORATOR.

This delightful and popular article in the best preparation for the hair which long experience and scientific research has produced, either as an article for the toilet, or its beneficial effects in all the diseases which the human hair is liable to. It will impart to the roughest and coarsest hair the most beautiful appearance, entirely cleansing it from all impurities.

But while we assert that it is the best article for the toilet of those who wish to retain the hair in all its youthfulness.

LUXURIANCE AND BEAUTY.

It must not be forgotten that in all diseases of the hair or scalp, such as the falling of the hair, dandruff, pimples, or sores on the scalp, &c., it is, perhaps the article which has given decided satisfaction in every instance where it has been used.

Its operation in case of baldness is peculiarly active, so that, in numerous, where other remedies have been tried in vain, STORER'S CHEMICAL INVIGORATOR has superseded the commands of art, by restoring, in full plenitude, the permanent curls and graces of nature. It is possessed of a character wholly differing from the Oils, Grease, Restoratives, &c., which are now so numerously foisted on the public, under the pretence of being newly discovered for baldness, gray hair, &c.

Storer's Invigorator has now been tested for years, and its efficacy has been proved by thousands. Every year its reputation and sales have increased, until more it is consumed annually than of any other preparation for the hair ever offered to the American public. It is compounded on strictly scientific principles, and the proprietor will stake his reputation on its efficacy.

Its extraordinary cheapness places it within the reach of the humblest family, and its conceded value insures it a place on the most luxurious toilet.

For sale by the proprietors—price 25 cents. C. P. AMET & CO., 120 Arch street, one door below Sixth. For sale by Fred Kittell, Ebersburg; James Bell, Summit; G. Muckerhilde & Co., Johnstown. December 16, 1852—8-ly.

Stray.

Taken up by the subscriber at his residence in Summerhill township, Cambria county, a black steer with a white stripe on his back—left ear cropped and slit, supposed to be one year old. Also, a red steer with the right ear cropped, a hole in the left, one year old. ALLEN SHARP, December 16, 1852—8-3t.

Wool, Butter, and all kinds of Grain, taken in exchange for goods at J. Moore's store.

CONSUMPTION DISARMED OF ITS TERRORS!!

HASTINGS' COMPOUND SYRUP OF NAPHTHA,
A quick and positive Cure for Consumption, decline, asthma, spitting of blood, night sweats,
hazy throat, wasting of the flesh, bronchitis, coughs, colds, and all diseases of the chest and
lungs.
This celebrated preparation is pleasant to the taste, and is so speedy in its operations that pa-
tients plainly feel its good effects in a few minutes after taking the first dose.

Hastings' Compound Syrup of Naphtha
Is now acknowledged by all the ablest physicians of both hemispheres, to be a quick and positive
remedy for arresting the formation of tubercles on the lungs; and removing those already
formed; and also to be the speediest and most effective of all medicinal agents in the cure of all
other diseases of the throat, chest and lungs. Language cannot express the value of Hastings'
Naphtha Syrup in these diseases. It not only cures them effectually, but it gives immediate evi-
dence of its ability to do so; for in a few minutes after the first dose has been taken, the patient
feels a powerful agent in the system, strongly working for his good. Its operation is
never delayed. It attacks the root of the disease, and when united with an energy unknown to
other medicines; and that disease must be deeply seated indeed which can resist its unrivaled
influence. Hence it has frequently cured a painful cough in a day, which had defied other popu-
lar remedies for a month; and has removed difficulty of breathing and pain in the throat and
chest, in a few minutes, by the surprising energy of its action in clearing the passages of bile
and phlegm. It is believed that no person has given Hastings' Naphtha Syrup a trial, who has
not felt benefit from it, and acknowledge its virtues. And this conviction is further established
by the opinions of the London Lancet, London Medical Times, and most other responsible pub-
lications, devoted to the same interests. Until the appearance of the Naphtha Syrup, the medi-
cal faculty had always regarded Consumption as an incurable disease, and the records of medical
science exhibited no authenticated case that weighed seriously against this opinion. Since Dr.
Hastings' discovery, however, of the new and greatest property of Naphtha, when united with
other ingredients, nearly a thousand cases of absolute phthisis positively cured through its
agency, have been substantiated; and this well established fact, in connection with a mass of ex-
periments successfully made of its virtues by the ablest physicians of Europe, clearly prove that
Hastings' Compound Syrup of Naphtha is a positive cure for Consumption, even in its worst stages.
Three of the main causes of this property of Naphtha have been discovered. They are its extra-
ordinary subtlety, strength, and pervasiveness; for the moment it is received into the system, it
extends itself throughout, making a passage of every pore, no matter how much clogged up they
may have previously been by foreign substances. Hence it operates on the diseased lungs by dis-
lodging the particles of corruption in the strength of its ascent to the upper regions of the frame
and thus producing thorough ventilation; and hence it is a never-failing remedy in Oppression of
the chest and difficulty in breathing; person thus affected, feeling after taking it, as if it had
forced a passage through some channel which their disease had stopped up, and the re-opening of
which was the only result necessary to the restoration of health. Such indeed, are the prompt-
ness of action and energy of Hastings' Naphtha Syrup, in all the diseases for which it is recom-
mended, that from the time they commence taking it patients know

THAT IT IS CURING THEM;
an effect nearly the reverse of that which attends the earlier use of every other known medicinal
remedy. For Coughs, Colds, Sore Throat, Night Sweats, Pains in the Breast, Back, &c., spli-
ting of blood, bilious and asthmatic Affections, it is also admitted to be the speediest and most
vigorous and effective remedy extant; and its effect in all Asthmatic complaints is equally dec-
isive and remarkable. Lassitude of the mind; flatulency and wasting of the flesh; and all dis-
position to inactivity and melancholy forebodings, are also quickly corrected by the Naphtha Sy-
rup; which, in a wonderful manner revives the spirits, corrected by the flesh and muscles—be-
comes the nerves—and increases the weight. Thus, those who use it according to directions, gen-
erally increase in weight, about a pound a week; and may take it for no other purpose than the
dissipation of melancholy, or the increase of bodily strength. In fine, a single trial of Hastings'
Compound Syrup of Naphtha, is all that is required to secure the confidence of patients, and cause
them to forego all other remedies in its favor. The syrup is made up in six ounce bottles, each
accompanied with a pamphlet, containing directions, certificates, &c. Price one dollar each, or
six bottles packed up in a box, and ready for transportation to any part of the world, can be had
for five dollars.

N. B.—Hastings' Naphtha Syrup, being a very expensive preparation, cannot be left with
Agents on sale, or return, as is the case with the majority of the quick nostrums of the day,
which cost little more than the price of the bottles. Persons who want it to sell again must pay
cash for it, with the usual commission off. Therefore patients who cannot obtain it in the places
where they reside, should write to us direct for a supply, and we will forward it to them without
delay (packed up in a manner to secure its safe delivery) provided they can be reached by Ex-
press, Stage, Route, or any other mode of conveyance. All letters must be post paid—contain-
ing the price, of the number of bottles ordered, and be directed to C. Y. CLICKENER & CO., No.
81 Barclay Street, New York, who are Dr. Hastings' general Agents for America.
Agent—Frederick Kittell, Ebersburg,

LYON'S MAGNETIC POWDERS.

FOR THE DESTRUCTION OF COCKROACHES, BED BUGS, MOTHS, ANTS,
FLIES, BEES, AND INSECTS ON PLANTS, WITHIN TEN
MINUTES AFTER BEING THROWN IN THEIR
VICINITY.

This preparation is a powder compounded of Plants, Herbs, and Flowers, free from any sub-
stance which could possibly injure man or domestic animals, and is devoid of any disagreeable
odor. It has been examined by the medical faculty of France, Russia, Sweden and Denmark,
from all of whom ample testimony of its efficacy can be produced.

ALSO,
**LYON'S
MAGNETIC PILLS,**
For the Destruction of RATS and MICE, within five minutes after
Being thrown in their vicinity.

Read the following Letters:

New York, October 1, 1850.
I have made a chemical examination of the Vegetable Powder prepared by Mr. Emanuel Lyon,
for the purpose of destroying insects. I do not find it to contain anything deleterious to health,
or what might be considered poisonous to the human species; but it is very destructive to insects,
whenever they are forced to inhale the fine particles of dust occasioned by throwing the Powder
forcibly in places where they frequent.

New York, Hospital, June 9, 1850.
I have analyzed Emanuel Lyon's Magnetic Powders for the destruction of insects, and certify
that it is entirely free from mineral or other corrosive poison. As the result of my examination
I would say that it is a combination of various vegetable substances having a peculiar influence on
the insect kingdom, and that it may be used with perfect safety. In reference to its utility, its
effects are astonishing. I believe it to be a skillfully prepared substance by which a valuable re-
sult is obtained, which does effect what Mr. Lyon says, and is well deserving of public patronage.

LAWRENCE REID, Professor of Chemistry.

New York Hospital, June 1, 1850.
Dear Sir:—It affords me great pleasure in stating that I have extensively used your
Powder for the destruction of insects of all kinds, (especially Bed Bugs and Roaches) and un-
hesitatingly pronounce it the best and only article so effectual in its operation. I have also ex-
perimented with your Pills, and find them equal in all respects with your statements. Hoping
that you may prosper, I remain your friend.

JOHN L. ROOME, Sup't. N. Y. Hospital.

Gaines House, Cincinnati, October 9, 1850.
We procured from Mr. R. H. Meekings, some of Lyon's Magnetic Powder and Pills, and cheer-
fully certify as to its perfect efficacy in destroying Roaches and Rats within a few minutes after
its application. It is the most simple, yet perfect remedy we have ever seen.

L. K. & D. V. BENNETT.

New York, Irving House, April 21, 1849.
I have used Emanuel Lyon's Magnetic Powder and Pills for the destruction of insects and Ver-
min, and I have found the most happy result, and cheerfully recommend them to those who may
be troubled with these insects, as a sure method of destroying them.

DANIEL D. HOWARD, Proprietor Irving House.

We certify to the above.

COLEMAN & STETSON, Astor House.
JONAS B. PHILIPS, Ass't District Attorney.
