

FROM OUR EXCHANGES.

A celebrated sculptor is now engaged on the bust of the Whig party. Cruel joke.

Seventy three barrels of acorns have been shipped to Belgium, from Bradford, Pa., with a view of introducing the oak into those countries.

At the session of the Common Council of Boston, on Friday evening, that body voted to tender the hospitalities of the city to Gen. Pierce, the President elect, on his way from New Hampshire to the seat of Government.

We learn that orders have been received from the commissioners to close the canal on the 25th of December.

It will be seen by our Congressional report that Hon. Wm. R. King, the Vice President elect and present presiding officer of the Senate was too ill yesterday to occupy the chair. He consequently sent a note requesting Mr. Atchison to preside in his place.—Dalt. Sun 14th inst.

The oldest printer in the United States is a man Carly, in Yorkville, S. C. He worked with Ben. Russell, on the Boston Sentinel, half a century ago, and he yet sets type by candle light, and is ninety-seven years of age.

A Mrs. Dakin, in London, whose house commanded a fine view of the funeral procession in honor of the Duke of Wellington, let the upper part of it for one thousand guineas.

It was Mrs. Senator Hale, we see it stated, who, being in the gallery, during the balloting to fill the vacancies in the Senate Committees, accidentally dropped her parasol, which fell point downward, upon the head of Senator Pearce causing the blood to flow very copiously.

A vocalist says he could sing, "Way down on the old Tar River," if he could only get the pitch.

A correspondent to the Nashville Gazette, who signs herself "Sophia," says that woman is twice as good as man, and proves it thus by the very orthography—W-O-M-A-N—double you, O man!

It is said that Mr. David White, of Madison, Indiana, cleared at a single sale, last week, \$90,000 by the rise in the price of hogs.

An Irishman, after expatiating very warmly on the fine beauty and temper of Lola Montez, was asked if he had heard that she smoked.—"Yes, sir, she does that," he exclaimed, "and she does every volcano—and perhaps you will show me the lovely crater that doesn't smoke."

"Does the Court understand you to say, Mr. Jones, that you saw the editor of the Augus of Freedom intoxicated?" "Not at all, sir; I merely said that I have seen him frequently so flurried in his mind, that he would undertake to cut out copy with the snuffers—that's all."

A gentleman, speaking of a recent ball in New Orleans, stated that it was a humbug, as it had been announced to be a "full dress ball," whereas the ladies present, according to his notion of things, were only half dressed—being rather naked.

A smart fellow after reading an article in one of the city papers, headed "Time is Money," promptly proposed to sell out on a liberal discount, as he said he had a surplus on hand.

SOMETHING FOR MARKSMEN TO PRACTICE ON.—Last week, Mr. Henry Hollenbeck, of this city, having seen a statement in the papers of the wonderful performance of an English marksman, concluded to try his hand. He accordingly took his gun, loaded and laid it upon the ground. He then took up a potato, threw it up into the air, turned a somerset, took up the gun, fired and hit the potato before it reached the ground. This feat he performed four times.—Hudson Gazette.

The names of several prominent Democrats are already suggested in connexion with the next Speakership of the House, in this State.—The Harrisburg Union several weeks ago, had a communication in favor of Hon. John M. Kilborn. Then there is Wm. P. Schell, the able and talented member from this district, J. R. Strothers of Carbon, Smith Skinner of Philadelphia and Henry S. Mott of Pike—all mentioned favorably.

As the season is with us, when there is always much sickness among children, caused by sudden colds, it may not be amiss for us to mention that the new medicine, "Ayer's Cherry Pectoral," attracting so much of the public notice, for the cure of serious Lung complaints, is, when used in small doses, one of the very best in the world for occasional family use. It is simple and harmless for children, as very palatable. We use the article ourselves, and would recommend our readers to call on the gentleman and obliging agent, Frederick Kittell, and get a bottle for trial.

It appears that John Quincy Adams was the father of the proposition to annex Cuba to the United States. Writing on the subject to the American Minister in Spain, under date of 28th April, 1823, Mr. Adams, then Secretary of State under Mr. Monroe, concludes a summary of the attractive features of Cuba by saying that, "in looking forward to the probable course of effects for the short period of half a century, it is scarcely possible to resist the conviction that the annexation of Cuba to our federal republic will be indispensable to the continuance and integrity of the Union itself."

Pocket-Book Dropping in New York. The New York Times relates the following incident as having recently occurred in one of the streets of that city:

A Scotchman and another, from Greene county, as they went ashore from a steamboat on the North river side, were met by a "cropper," with a story, that he had just found, telling the old story, that he must leave town, could not stay to get the reward, &c., offering the pocket book to them for twenty dollars. The Scotchman wanted it; the other said, "don't take it." "Yes, I will," said the Scotchman, "and I will pay the man in his own money." And he did so.

If strangers in New York will only remember to "pay the man in his own money," they will find it a perfectly safe operation to purchase all the "found" pocket books offered, and will soon put an end to "pocket book dropping."

To Editors.

A journeyman printer, named Jos Stevens, of Fort Wayne, Ind., left home in 1844, and was last heard of in 1847.

His parents are in great distress on his account, and will be thankful to any one who will give them any information of him.

Editors everywhere please copy. If thousands of parents who use Vermifuga composed of Castor oil, Calomel, &c., are not aware, that while they appear to benefit the patient, they are actually laying the foundations for a series of diseases, such as salivation, loss of sight, weakness of limbs, &c.

In another column will be found the advertisement of Hobensack's Medicines, to which we ask the attention of all directly interested in their own as well as their Children's health. In Liver Complaints and all disorders arising from those of a bilious type, should make use of the only genuine medicine, Hobensack's Liver Pills.

"Benot deceived," but ask for Hobensack's Worm Syrup and Liver Pills, and observe that each has the signature of the Proprietor, J. N. Hobensack, as none else are genuine.
