ONLY TRUE PORTRAIT OF WASHINGTON.

JUST PUBLISHED,

T. B. WELCH'S MAGNIFICENT

PORTRAIT OF WASHINGTON.

Engraved (by permission) from Stuart's *only* original portrait, in the Atheneum, Boston.

This superb picture, Engraved under the superintendence of Thomas Sully, Esq., the eminent and highly gifted artist, is the only correct likeness of Washington ever published. It has been characterised as the greatest work of art ever produced in this country. As to its fidelity, we refer to the letters of the adopted son of Washington, George Washington Park Custis, who says, "it is a faithful representation of the celebrated original," and to Chief Justice Taney of the Supreme Court of the United States, who says, "As a work of art its excellence and beauty must strike every one who sees it: and it is no less happy in its likeness to the Father of his country. It was my good fortune to have seen him in the days of my boyhood, and his whole appearance is yet strongly impressed on my memory. The portrait you have issued appears to me to be an *exact likeness*, representing perfectly the expression as well as the form and features of the face." And says Senator Cass' *it is a life-like representation of the great original.* President Fillmore says, "the work appears to me to have been admirably executed and *eminently* worthy of the patronage of the public." Says Marchant the eminent portrait painter, and the pupil of Stuart, "your print to my mind is more remarkable than any other I have seen, for presenting the *whole* individuality of the original portrait, together with the noble and dignified repose of air and manner, which all who ever saw him considered a marked characteristic of the illustrious man it commemorates."

For the great merits of this picture we would refer every lover of Washington to the portrait itself, to be seen at the office of this paper, and to the letters of the following Artists, Statesmen, Jurists and Scholars accompanying it.

ARTISTS.—Marchant and Elliott, of New York; Neagle, Rothermel, and Lambdin, of Philadelphia; Chester Harding, of Boston; Charles Fraser, of Charleston, S. C.; and to the adopted son of Washington, Hon. Geo. W. P. Custis, himself an artist. Statesmen.—His Excellency Millard Fillmore, Major Gen. Winfield Scott, Hon. George M. Dallas, Hon. William R. ☞ $500 CHALLENGE.

WHATEVER concerns the health and happiness of a people is at all times of most valuable importance. I take it for granted that every person will do all in their power, to save the lives of their children, and that every person will endeavor to promote their own health at all sacrifices. I feel it to be my duty to solemnly assure you that *worms*, according to the opinions of the most celebrated Physicians, are the primary causes of a large majority of diseases to which children and adults are liable; if you have an appetite continually changeable from one kind of food to another, Bad Breath, Pain in the Stomach, Picking at the Nose, Hardness and Fullness of the Belly, Dry Cough, Slow Fever, Pulse Irregular—remember that all these denotes *worms*, and you should at once apply the remedy:—

Hobensack's Worm Syrup.

An article founded upon Scientific Principles, compounded with purely vegetable substances, being perfectly safe when taken, and can be given to the most tender Infant with decided beneficial effect, where *Bowel Complaints and Diarrhœa* have made them weak and debilitated the Tonic properties of my Worm Syrup are such that it stands without an equal in the catalogue of medicines in giving tone and strength to the Stomach, which makes it an Infallible remedy for those afflicted with *Dispepsia*, the astonishing cures performed by this Syrup after Physicians have failed, is the best evidence of its superior efficacy over all others.

THE TAPE WORM!

This is the most difficult Worm to destroy o all that infest the human system, it grows to an almost Indefinite length becoming so coiled and fastened in the Intestines and Stomach effecting the health so sadly as to cause St. Vitus Dance, Fits, &c., that those afflicted seldom if ever suspect that it is *Tape Worm* hastening them to an early grave. In order to destroy this Worm, a very energetic treatment must be pursued, it would therefore be proper to take 6 or 8 of my Liver Pills so as to remove all obstructions, that the Worm Syrup may act direct upon the Worm, which must be taken in doses of 2 Tablespoonfulls 3 times a day these directions followed have never been known to fail in curing the most obstinate case of *Tape Worm.*

Hobensack's Liver Pills.

No part of the system is more liable to disease than the *Liver*, it serving as a filterer to purify the blood, or giving the proper secretion to the bile; so that any wrong action of the Liver effects the other important parts of the system, and results variously, in Liver Complaint, Jaundice, Dyspepsia, &c. We should, therefore, watch every symptom that might indicate a wrong action of the Liver. These Pills being composed of *Roots & Plants* furnished by nature to heal the sick: Namely, 1st, An *Expectorant*, which augments the secretion from the Pulmonary mucus membrane, or promotes the discharge of secreted matter. 2nd. An *Alternative*, which changes in some inexplicable and insensible manner the certain morbid action of the system. 3rd. A *Tonic*, which gives tone and strength to the nervous system, renewing health and vigor to all parts of the body. 4th. A *Cathartic*, which acts in perfect harmony with the other ingredients, and operating on the Bowels, and expelling the whole mass of corrupt and vitiated matter, and purifying the Blood, which destroys disease and restores health.

TO FE[illegible] a right to the complaints in many complaints to which you are subject.—In obstructions either total or partial, they have been found of estimable benefit, restoring their functional arrangements to a healthy action, purifying the blood and other fluids so effectually to put to flight all complaints which may arise from female irregularities, as headache, giddiness, dimness of sight, pain in the back, &c.

None genuine unless [illegible] all others being base imitation.

CONSUMPTION DISARMED OF ITS TERRORS!!

HASTINGS' COMPOUND SYRUP OF NAPHTHA,

A quick and positive Cure for Consumption, decline, asthma, spitting of blood, night sweats, husky throat, wasting of the flesh, bronchitis, coughs, colds, and all deseases of the chest and lungs.

This celebrated preparation is pleasant to the taste, and is so speedy in its operations that patients plainly feel its good effects in a few minutes after taking the first dose.

Hastings' Compound Syrup of Naptha

Is now acknowledged by all the ablest physicians of both hemispheres, to be a quick and positive remedy for arresting the formation of tubercles on the lungs; and removing those already formed; and also to be the speediest and most effective of all medicinal agents in the cure of all other deseases of the throat, chest and lungs. Language cannot express the value of Hastings' Naptha Syrup in these diseases. It not only cures them effectually, but it gives immediate evidence of its ability to do so; for in a few minutes after the first dose has been taken, the patient feels that a powerful agent is in the system, strongly working for his good. Its operations are never delayed:—it at once flies to, and attacks the root of the disease with an energy unknown to other medicines; and that disease must be deeply seated indeed which can resist its unrivalled influence. Hence it has frequently cured a painful cough in a day, which had defied other popular remedies for a month; and has removed difficulty of breathing and pain in the throat and chest, in a few minutes, by the surprising energy of its action in clearing the passages of bile and phlegm. It is believed that no person has given Hastings' Naphtha Syrup a trial, who has not felt benefit from it, and acknowledge its virtues. And this conviction is further established by the opinions of the London Launcet, London Medical Times, and most other responsible publications, devoted to the same interests. Until the appearance of the Naphtha Syrup, the medical faculty had always regarded Consumption as an *incurable* disease, and the records of medical science exhibited no authenticated case that weighed seriously against that opinion. Since Dr. Hastings' discovery, however, of the new an greatest property of Naphtha, when united with other ingredients, nearly a thousand cases of absolute phthisics positively cured through its agency, have been substantiated; and this well established fact, in connection with a mass of experiments successfully made of its virtues by the ablest physicians of Europe, clearly prove that Hastings' Compound Syrup of Naptha is a *positive cure for Consumption*, even in its worst stages. Three of the main causes of this property of Naphtha have been discovered. They are its extraordinary subtlety, strength, and pervasiveness; for the moment it is received into the system, it extends itself throughout, making a passage of every pore, no matter how much clogged up they may have previously been by foreign substances. Hence it operates on the diseased lungs by dislodgeing the particles of corruption in the stength of its ascent to the upper regions of the frame and thus producing through ventilation; and hence it is a never failing remedy in Oppression of the chest and difficulty in breathing; persons thus affected, "feeling after taking it, as if it had forced a passage through some channel which their disease had stopped up, and the re-opening of which was the only result necessary to the restoration of health. Such indeed, are the promptness of action and energy of Hastings' Naptha Syrup, in all the diseases for which it is recommended, that from the time they commence using it patients know

THAT IT IS CURING THEM;

an effect nearly the reverse of that which attends the earlier use of every other known medicinal remedy. For Coughs, Colds, Sore Throat, Night Sweats, Pains in the Breast, Back, &c., spitting of blood, bilious and asthmatic Affections it is also admitted to be the speediest and most vigorous and effective remedy extant; and its effect in all Asthmatic complaints is equally decisive and remarkable. Lassitude of the mind, dizziness and wasting of the flesh; and all dissposition to inactivity and melancholy forebodis, are also quickly corrected by the Naphtha Syrup; which, in a wonderful manner revives the spirits, corrected by the flesh and muscles—brarup; which, in a wonderful manner revives the spirits, corrected by the flesh and muscles—braces the nerves—and increases the weight. Those who use it according to directions, generally increase in weight, about a pound a week and may take it for no other purpose than the dissipation of melancholy, or the increase of lily strength. In fine, a single trial of Hastings' Compound Syrup of Naptha, is all that is requed to secure the confidence of patients, and cause them to forego all other remedies in its favor. The syrup is made up in six ounce bottles, each accompanied with a pamphlet, containing direcns, certificates, &c. Price one dollar each, or six bottles packed up in a box, and ready for asportation to any part of the world, can be had for five dollars.

N. B.—Hastings' Naphtha Syrup, being a very expensive preparation, cannot be left with Agents on sale, or return, as is the case with a majority of the quack nostrums of the day, which cost little more than the price of the box. Persons who want it to sell again must pay cash for it, with the usual commission off. Those patients who cannot obtain it in the places where they reside, should write to us direct for supply, and we will forward it to them without delay (packed up in a manner to secure its safe delivery) provided they can be reached by Express, Stage, Route, or any other mode of conance. All letters must be post paid—contain the price, of the number of bottles ordered, and are directed to C. V. CLICKENER & CO., No. 81 Barclay Street, New York, who are *Dr. Hass' general Agents for America.*

I have analized Emanuel Lyon's Magnetic Powders for the destruction of insects, and certify that it is entirely free from mineral or other corrosive poison. As the result of my examination I would say that is a combination of various vegetable substances having a peculiar influence on the insect kingdom, and that it may be used with perfect safety. In reference to its utility, its effects are astonishing. I belive it to be a skilfully prepared substance by which a valuable result is obtained, which does effect what Mr. Lyon says, and is well deserving of public patronage.

CHERRY PECTORAL

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Of all the numerous medicines extant, (and some of them valuable) for the cure of pulmonary complaints, nothing has ever been found which could compare in its effects with this Preparation. Others cure sometimes, but at all diseases of the lungs and throat where medicine can give relief, this will do it. It is pleasant to take, and perfectly safe in accordance with the directions. We do not advertise for the information of those who have tried it but those who have not. Families that have known its value will not be without it, and by its timely use, they are secure from the dangerous consequences of Coughs and Colds which neglected, ripen into fatal consumption.

The Diploma of the Massachusetts Institute was awarded to this preparation by the Board of Judges in September 8147; also, the Medals of the three great Institutes of Art, in this country; also the Diploma of the Ohio Institute at Cincinnati, has been given to the Cherry Pectoral, by their Government in consideration of its extraordinary excellence and usefulnass in curing affections of the Lungs and Throat.

Read the following opinion founded on the long experience of the eminent Physician of the Port and City of

Dr. J. C. Ayer,— ST. JOHNS, May 8, 1851.

Five years trial of your Cherry Pectoral in my practice, has proven what I foresaw from its composition, must be true, that it eradicates and cures the colds and coughs to which we, in this section, are peculiarly liable.

I think its equal has not yet been discovered, nor do I know how a better remedy can be made for the destempers of the Throat and Lungs.

J. J. BURTON, M. D., F. R. S.

See what it has done on a wasted constitution, not only in the following cases, but a thousand more:—

Sudbury, Jan. 14th, 1851.

Dr. Ayer: In the month of July last I was attacked by a violent diarrhœa in the mines of California. I returned to San Fancisco in hope of receiving benefit from a change of climate and diet. My diarrhœa ceased, but was followed by a severe cough—and much soreness. I finally started for home, but received no benefit from the voyage. My cough continued to grow worse, and when I arrived in New York, I was at once marked by my acquaintances as a victim of consumption. I must confess that I saw no sufficient reason to doubt what my friends all believed. At this time I commenced taking your truly invaluable medicine with little expectation of deriving any benefit from its use.—You would not receive these lines did I not regard it my duty to state to the afflicted through you, that my health, in the space of eight months, is fully restored. I attribute it to the use of your Cherry Pectoral. Yours truly,

WILLIAM W. SMITH.

Washington, Pa., April 12, 1848.

Dear sir: Feeling that I have been spared from a premature grave, through your instrumentality by the providence of God, I will take the liberty to express to you my gratitude.

A Cough and the alarming symptoms of Consumption had reduced me too low leave me anything like hope, when my physician brougnt me a bottle of your "Pectoral." It seemed to afford immediate relief, and now in a few weeks time has restored me to sound health. If it will do for others what it has done for me, you are certainly one of the benfactors of mankind.

Sincerely wishing you every blessing, I am

Very respectfully yours,

JOHN J. CLARKE,

Rector of St. Peter's Church.

With such assurance and from such men, no longer proof can be adduced unless it be from its effects upon trial.

STORR'S CHEMICAL HAIR INVIGORATOR.

This delightful and popular article in the best preparation for the hair which long experience and scientific research has produced, either as an article for the toilet, or its beneficial effects in all the diseases to which the human hair is liable. It will impart to the roughest and coarsest hair the most beautiful appearance, entirely cleansing it from all impurities.

But while we assert that it is the best article for the toilet of those who wish to retain the hair in all its youthful

LUXURIANCE AND BEAUTY,

it must not be forgotten that in all diseases of the hair or scalp, such as the falling of the hair dandruff, pimples, or sores on the scalp, &c., it is, perhaps the article which has given decided satisfaction in every instance where it has been used.

Its operation in case of baldness is peculiarly active, so that, in numerous, where other remedies have been tried in vain, STORR'S CHEMICAL INVIGORATOR has superseded the ornaments of art, by reinstating, in full plentitude, the permanent gifts and graces of nature. It is possessed of a character wholly differing from the Oils, Grease, Restoratives, &c., which are now so numerously foisted on the public, under the pretence of being newly discovered for baldness, gray hair, &c.

Storr's Invigorator

has now been tested for years, and its efficacy has been proved by thousands. Every year its reputation and sales have increased, until more of it is consumed annually than of any other preparation for the hair ever offered to the American public. It is compounded on strictly scientific principles, and the proprietor will stake his reputation on its efficacy.

Its extraordinary cheapness places within the reach of the humblest family, notwithstanding its conceded value insures it a place on the most luxurious toilet.

BLACKWOOD'S EDINBURGH MAGAZINE (Tory.)

These Reprints have nowbeen in successful operation in this country for *twenty years*, and their circulation is constantly on the increase notwithstanding the competition they encounter from American periodicals of a similar class and from numerous *Eclectics* and Magazines made up of selections from foreign periodicals. This fact shows clearly the high estimation in which they are held by the intelligent reading public, and affords a guarantee that they are established on a firm basis, and will be continued without interruption.

Although these works are distinguished the by politicel shades above indicated, *yet but a small* portion of their contents is devoted to political subjects. It is their *literary* character which gives them their chief value, and in that they stand confessedly far above all other journals of their class. *Blackwood*, still under the masterly guidance of Christopher North, maintains its ancient celebrity, and is, at this time, unusually attractive, from the serial works of Bulwer and other literary notables, written for that magazine, and first appearing in its columns both in Great Britain and in the United States. Such works as "The Caxtons" and "My New Novel," (both by Bulwer), "My Peninsular Medal," "The Green Hand," and other serials, of which numerous rival editions are issued by the leading publishers in this country, have to be reprinted by those publishers from the pages of Blackwood, after it has been issued by Mess. Scott & Co., so that subscribers to the Reprint of that Magazine may always rely on having the earliest reading of these fascinating tales.
