

Cambria County, ss :

The Commonwealth of Pennsylvania to the Sheriff of Cambria county, Greeting :

Whereas Dr. William A. Vickroy, George Vickroy, George Gettys and Mary his wife, formerly Matilda Vickroy, Louisa Vickroy, and William Hancock and Charlotte his wife, formerly Charlotte Slick, late of your county, were summoned to be in our Court of Common Pleas for the county of Cambria, before our Judges at Ebsenburg on the first Monday of December, A. D. eighteen hundred and fifty-two, to answer Edwin A. Vickroy, of a plea, whereas whereas they, the said Defendants and the said Plaintiff, together and undivided do hold the following described tenements or premises, with the appurtenances, to wit : One tract of land containing one hundred and seventy acres, known as the "Coleman Farm," being part of a survey in the name of Ephraim Williams, originally containing four hundred and thirty four acres, situate in Jackson Township, Cambria county, adjoining other lands of the parties to this suit, lands of James Williams, Henry Beck and others ; one other tract containing one hundred and forty-one acres and sixty-three perches known as the "Garber Farm," and being part of the survey in name of Ephraim Williams above mentioned, situate in Jackson Township, Cambria county, and adjoining lands above described, lands of James Williams, Henry Beck and others ; also one other tract of unimproved land containing one hundred and fifty-five acres and thirty-eight perches, being part of larger tract surveyed in name of Benjamin Williams, originally containing four hundred and forty-one and one fourth acres, situate in Jackson Township, Cambria county, adjoining lands of Ephraim Williams, Henry Beck, and others, and John Barclay and the residue of said survey, with the appurtenances, of which they deny that partition be made between them, according to the laws and customs of this Commonwealth, and the statutes in such case provided, and unjustly permit not the same to be done, &c. And it was in such manner proceeded in, in our court, that it was considered that partition should be made between the parties aforesaid, of the tenements aforesaid, with the appurtenances.

Therefore we command you, that taking with you twelve honest and lawful men of your bailiwick, by whom the truth of the matter may be better known, in your proper person you go to the tenements aforesaid, with the appurtenances, and that there, in the presence of the parties aforesaid, by you to be forward, if they shall be willing to be present, the said tenements, with the appurtenances, by the oaths and affirmations of the said twelve honest and lawful men, resorting to being made the true value of the tenements aforesaid, with the appurtenances, into ten equal shares or parts you cause to be parted and divide, so that neither the said Plaintiff nor the said Defendants, respectively may have more of the tenements aforesaid, with the appurtenances, than it pertains to them severally to have. If equal partition in value as aforesaid, cannot be made of any share or portion thereof, by the same inquest, or oaths and affirmations aforesaid, you have power to equalize such partitions or portions, by valuing the purports respectively, and to award that any one or more shares or portions shall be subject to the payment of such sum of money as shall be equal to the difference in value of any other share or shares, purport or portions, and return the same with said inquest ; and you further have power, by the same inquest and oaths or affirmations as aforesaid to divide the said tenements, with the appurtenances, into such number of equal parts as shall appear to the said inquest most convenient and advantageous, without regard to the number of parties interested, and to value each purport. But if the said inquest shall be of opinion, that the tenements aforesaid, with the appurtenances, cannot be parted or divided without prejudice to or spoiling the whole, then we command you that you cause the said inquest to make a just valuation and appraisement of the said tenements, with the appurtenances, upon their oaths or affirmations aforesaid, due notice having first been given to the several parties or persons concerned or interested therein to appear, to appear if they shall think fit, at the time and place of holding such inquisition, and that the partition or valuation and appraisement, or valuation and appraisements, so by you distinctly and openly made, you have power to offer to the said Common Pleas for the county of Cambria, before our Judges at Ebsenburg, on the first Monday of March next, under your hand and seal, and under the hands and seals of those by whose oaths or affirmations you shall have made the same, that such further proceedings may be had as you law or justice shall appertain. And have you then and there the names of those by whose oaths and affirmations you shall have made the same, and this writ.

Witness the Honorable George Taylor, President of our said Court at Ebsenburg the thirtieth day of December, in the year of our Lord one thousand eight hundred and fifty-two.

\$500 CHALLENGE.

WHATEVER concerns the health and happiness of a people is at all times of most valuable importance. I take it for granted that every person will do all in their power, to save the lives of their children, and that every person will endeavor to promote their own health at all sacrifices. I feel it to be my duty to solemnly assure you that worms, according to the opinions of the most celebrated Physicians, are the primary causes of a large majority of diseases to which children and adults are liable ; if you have an appetite continually changeable from one kind of food to another, Bad Breath, Pain in the Stomach, Ticking at the Nose, Flatness and Fullness of the Belly, Dry Cough, Slow Fever, Pulse Irregular—remember that all these denote worms, and you should at once apply the remedy—

Hobensack's Worm Syrup.

An article founded upon Scientific Principles, compounded with purely vegetable substances, being perfectly safe when taken, and can be given to the most tender Infant with decided beneficial effect, where *Bowel Complaints* and *Diarrhoea* have made them weak and debilitated the Tonic properties of my Worm Syrup are such that it stands without an equal in the catalogue of medicines in giving tone and strength to the Stomach, which makes it an infallible remedy for those afflicted with *Dyspepsia*, the astonishing cures performed by this Syrup after Physicians have failed, is the best evidence of its superior efficacy over all others.

THE TAPE WORM!

This is the most difficult Worm to destroy of all that infest the human system, it grows to an almost indefinite length becoming so coiled & fastened in the Intestines and Stomach of the health so sadly as to cause St. Vitus D., Fits, &c., that those afflicted seldom if ever escape it. In order to destroy this Worm very energetic treatment must be pursued. It would therefore be proper to take 6 or 8 Liver Pills so as to remove all obstructions. The Worm Syrup may act direct upon the Worm, which must be taken in doses of 2 Tablesfuls 3 times a day these directions follow have never been known to fail in curing the most obstinate case of *Tape Worm*.

Hobensack's Liver Pills.

No part of the system is more liable to disease than the *Liver*, it serving as a filterer to purify the blood, or giving the proper secretion to the bile ; so that any wrong action of the *Liver* effects the other important parts of the system, and results variously, in *Liver Complaint*, *Jaundice*, *Dyspepsia*, &c. We should, therefore, watch every symptom that might indicate a wrong action of the *Liver*. These Pills being composed of *Roots & Plants* furnished by nature to heal the sick : Namely, 1st, An *Expectorant*, which augments the secretion from the Pulmonary mucus membrane, or promotes the discharge of secreted matter. 2nd, An *Alterative*, which changes in an insensible and insensible manner the certain morbid action of the system. 3rd, A *Tonic*, which gives tone and strength to the nervous system, renewing health and vigor to all parts of the body. 4th, A *Cathartic*, which acts in perfect harmony with the other ingredients, and operating on the Bowels, and expelling the whole mass of corrupt and vitiated matter, and purifying the Blood, which destroys disease and restores health.

TO FEMALES.

You will find these Pills an invaluable medicine in many complaints to which you are subject. In instructions either total or partial, they have been found of estimable benefit, restoring their functional arrangements to a healthy action, purifying the blood and other fluids so effectually to put to flight all complaints which may arise from female irregularities, as headache, giddiness, dimness of sight, pain in the side back, &c.

CONSUMPTION DISARMED OF ITS TERRORS!!

HASTINGS' COMPOUND SYRUP OF NAPHTHA.

A quick and positive Cure for Consumption, decline, asthma, spitting of blood, night sweats, husky throat, wasting of the flesh, bronchitis, coughs, colds, and all diseases of the chest and lungs.

This celebrated preparation is pleasant to the taste, and is so speedy in its operations that patients plainly feel its good effects in a few minutes after taking the first dose.

Hastings' Compound Syrup of Naphtha.

Is now acknowledged by all the ablest physicians of both hemispheres, to be a quick and positive remedy for arresting the formation of tubercles on the lungs ; and removing those already formed ; and also to be the speediest and most effective of all medicinal agents in the cure of all other diseases of the throat, chest and lungs. Language cannot express the value of Hastings' Naphtha Syrup in these diseases. It not only cures them effectually, but it gives immediate evidence of its ability to do so ; for in a few minutes after the first dose has been taken, the patient feels that a powerful agent is in the system, struggling working for his good. Its operations are never delayed.—It at once flies to, and attacks the root of the disease with an energy unknown to other medicines ; and that disease must be deeply seated indeed which can resist its unrivalled influence. Hence it has frequently cured a painful cough in a day, which had defied other popular remedies for a month ; and has removed difficulty of breathing and pain in the throat and chest, in a few minutes, by the surprising energy of its action in clearing the passages of bile and phlegm. It is believed that no person has given Hastings' Naphtha Syrup a trial, who has not felt benefit from it, and acknowledge its virtues. And this conviction is further established by the opinions of the London Lancet, London Medical Times, and most other responsible publications, devoted to the same interests. Until the appearance of the Naphtha Syrup, the medical faculty had always regarded Consumption as an incurable disease, and the records of medical science exhibited no authenticated case that weighed seriously against that opinion. Since Dr. Hastings' discovery, however, of the new and greatest property of Naphtha, when united with other ingredients, nearly a thousand cases of absolute phthisis positively cured through its agency, have been substantiated ; and this well established fact, in connection with a mass of experiments successfully made of its virtues by the ablest physicians of Europe, clearly prove that Hastings' Compound Syrup of Naphtha is a positive cure for Consumption, even in its worst stages. Three of the main causes of this property of Naphtha have been discovered. They are its extraordinary subtlety, strength, and pervasiveness ; for the moment it is received into the system, it extends itself throughout, making a passage of every pore, no matter how much clogged up they formerly have been by foreign substances. Hence it operates on the diseased lungs by dislodging the particles of corruption in the strength of its ascent to the upper regions of the frame and thus producing ventilation ; and hence it is a never failing remedy in Oppression of the chest and difficulty in breathing ; person thus affected, feeling after taking it, as if it had forced a passage through some channel which their disease had stopped up, and the re-opening of which was the only result necessary to the restoration of health. Such indeed, are the promptness of action and energy of Hastings' Naphtha Syrup, in all the diseases for which it is recommended, that from the time they commence taking it patients know

THAT IT IS CURING THEM!

an effect nearly the reverse of that which attends the earlier use of every other known medicinal remedy. For Coughs, Colds, Sore Throat, Night Sweats, Pains in the Breast, Back, &c., spitting of blood, bilious and asthmatic Affections, it is also admitted to be the speediest and most vigorous and effective remedy extant ; and its effect in all Asthmatic complaints is equally decisive and remarkable. Lassitude of the mind ; flabbiness and wasting of the flesh ; and disposition to inactivity and melancholy forebodings, are also quickly corrected by the Naphtha Syrup ; which, in a wonderful manner revives the spirits, corrects by the flesh and muscles—braces the nerves—and increases the weight. Thus, those who use it according to directions, generally increase in weight, about a pound a week ; and may take it for no other purpose than the dissipation of melancholy, or the increase of bodily strength. In fine, a single trial of Hastings' Compound Syrup of Naphtha, is all that is required to secure the confidence of patients, and cause them to forego all other remedies in its favor. The syrup is made up in six ounce bottles, each accompanied with a pamphlet, containing directions, certificates, &c. Price one dollar each, or six bottles packed up in a box, and ready for transportation to any part of the world, can be had for five dollars.

N. B.—Hastings' Naphtha Syrup, being a very expensive preparation, cannot be left with Agents on sale, or return, as is the case with the majority of the quack nostrums of the day, which cost little more than the price of the bottles. Persons who want it to sell again must pay cash for it, with the usual commission off. Therefore patients who cannot obtain it in the places where they reside, should write to us direct for a supply, and we will forward it to them without delay (packed up in a manner to secure its safe delivery) provided they can be reached by Express, Stage, Route, or any other mode of conveyance. All letters must be post paid—contain the price of the number of bottles ordered, and be directed to C. V. CLICKENER & CO., No. 81 Barclay Street, New York, who are Dr. Hastings' general Agents for America. Agent—Frederick Kittell, Ebsenburg, December 16, 1852-8-6m.

LYON'S MAGNETIC POWDERS,

FOR THE DESTRUCTION OF COCKROACHES, BED BUGS, MOTHS, ANTS, FLIES, FLEAS, AND INSECTS ON PLANTS, WITHIN TEN MINUTES AFTER BEING THROWN IN THEIR VICINITY.

This preparation is a powder compounded of Plants, Herbs, and Flowers, free from any substance which could possibly injure man or domestic animals, and is devoid of any disagreeable odor. It has been examined by the medical faculty of France, Russia, Sweden and Denmark, from all of whom ample testimony of its efficacy can be produced.

LYON'S MAGNETIC PILLS,

For the Destruction of RATS and MICE, within five minutes after being thrown in their vicinity. Read the following Letters :

New York, October 1, 1850. I have made a chemical examination of the Vegetable Powder prepared by Mr. Emanuel Lyon, for the purpose of destroying insects. I do not find it to contain anything deleterious to health, or what might be considered poisonous to the human species ; but it is very destructive to insects, whenever they are forced to inhale the fine particles of dust occasioned by throwing the Powder forcibly in places where they frequent.

New York, Hospital, June 1, 1850. I have analyzed Emanuel Lyon's Magnetic Powders for the destruction of insects, and certify that it is entirely free from mineral or other corrosive poisons. As the result of my examination I would say that is a combination of various vegetable substances having a peculiar influence on the insect kingdom, and that it may be used with perfect safety. In reference to its utility, its effects are astonishing. I believe it to be a skillfully prepared substance by which a valuable result is obtained, which does effect what Mr. Lyon says, and is well deserving of public patronage.

LAWRENCE REID, Professor of Chemistry.

New York Hospital, June 1, 1850. Dear Sir—It affords me great pleasure in stating that I have extensively used your Powder for the destruction of Insects of all kinds, (especially Bed Bugs and Roaches) and unhesitatingly pronounce it the best and only article so effectual in its operation. I have also experimented with your Pills, and find them equal in all respects with your statements. Hoping that you may prosper, I remain your friend.

JOHN L. ROOME, Sup't. N. Y. Hospital.

Gusson House, Cincinnati, October 9, 1850. I have used Emanuel Lyon's Magnetic Powder and Pills for the destruction of insects and vermin, and I have found the most happy result, and cheerfully recommend them to those who may be troubled with these insects, as a sure method of destroying them.

VAYER'S

CHERRY PECTORAL

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Of all the numerous medicines extant, (and some of them valuable) for the cure of pulmonary complaints, nothing has ever been found which could compare in its effects with this Preparation. Others cure sometimes, but in all diseases of the lungs and throat where medicine can give relief, this will do it. It is pleasant to take, and perfectly safe in accordance with the directions. We do not advertise for the information of those who have tried it but those who have not. Families that have known its value will not be without it, and by its timely use, they are secure from the dangerous consequences of Coughs and Colds which neglected, ripen into fatal consumptions of the Throat and Lungs.

The Diploma of the Massachusetts Institute was awarded to this preparation by the Board of Judges in September 1847 ; also, the Medals of the three great Institutes of Art, in this country ; also the Diploma of the Ohio Institute at Cincinnati, has been given to the Cherry Pectoral, by their Government in consideration of its extraordinary excellence and usefulness in curing affections of the Lungs and Throat.

Read the following opinion, founded on the long experience of the eminent Physician of the Port and City of

Dr. J. C. Ayer.— ST. JOHNS, May 8, 1851.

Five years trial of your Cherry Pectoral in my practice, has proven what I foresaw from its composition, must be true, that it eradicates and cures the colds and coughs to which we, in this section, are peculiarly liable.

I think its equal has not yet been discovered, nor do I know how a better remedy can be made for the distresses of the Throat and Lungs.

J. J. BURTON, M. D., F. R. S.

See what it has done on a wasted constitution, not only in the following cases, but a thousand more :—

SUBURBY, Jan. 14th, 1851.

Dr. Ayer : In the month of July last I was attacked by a violent diarrhoea in the mines of California. I returned to San Francisco in hope of receiving benefit from a change of climate and diet. My diarrhoea ceased, but was followed by a severe cough—and much soreness. I finally started for home, but received no benefit from the voyage. My cough continued to grow worse, and when I arrived in New York, I was at once marked by my acquaintances as a victim of consumption. I must confess that I saw no sufficient reason to doubt what my friends all believed. At this time I commenced taking your truly invaluable medicine with little expectation of deriving any benefit from its use. You would not receive these lines did I not regard it my duty to state to the afflicted through you, that my health, in the space of eight months, is fully restored. I attribute it to the use of your Cherry Pectoral. Yours truly,

WILLIAM W. SMITH.

WASHINGTON, Pa., April 12, 1848.

Dear Sir : Feeling that I have been spared from a premature grave, through your instrumentality by the providence of God, I will take the liberty to express to you my gratitude.

A Cough and the alarming symptoms of Consumption had reduced me too low leave me anything like hope, when my physician brought me a bottle of your "Pectoral." It seemed to afford immediate relief, and now in a few weeks time has restored me to sound health. If it will do for others what it has done for me, you are certainly one of the benefactors of mankind.

You would not receive these lines did I not regard it my duty to state to the afflicted through you, that my health, in the space of eight months, is fully restored. I attribute it to the use of your Cherry Pectoral. Yours truly,

JOHN J. CLARKE.

Rector of St. Peter's Church.

With such assurance and from such men, no stronger proof can be adduced unless it be from its effects upon trial.

STORR'S CHEMICAL HAIR INVIGORATOR.

This delightful and popular article in the best preparation for the hair which long experience and scientific research has produced, either as an article for the toilet, or its beneficial effects in all the diseases to which the human hair is liable. It will impart to the roughest and coarsest hair the most beautiful appearance, entirely cleansing it from all impurities.

But while we assert that it is the best article for the toilet of those who wish to retain the hair in all its youthful

LUXURIANCE AND BEAUTY,

it must not be forgotten that in all diseases of the hair or scalp, such as the falling of the hair, dandruff, pimples, or sores on the scalp, &c., it is, perhaps the article which has given decided satisfaction in every instance where it has been used.

Its operation in case of baldness is peculiarly active, so that, in numerous, where other remedies have been tried in vain, STORR'S CHEMICAL INVIGORATOR has superseded the ornaments of art, by reinstating, in full plenitude, the permanent gifts and graces of nature. It is possessed of a character wholly differing from the Oils, Grease, Restoratives, &c., which are now so numerously foisted on the public, under the pretence of being newly discovered for baldness, gray hair, &c.

Storr's Invigorator

has now been tested for years, and its efficacy has been proved by thousands. Every year its reputation and sales have increased, until more of it is consumed annually than of any other preparation for the hair ever offered to the American public. It is compounded on strictly scientific principles, and the proprietor will stake his reputation on its efficacy.

Its extraordinary cheapness places it within the reach of the humblest family, and its conceded value insures it a place on the most luxurious toilet.

For sale by the proprietors—price 25 cents.
