

A Long Island Farmer Robbed of \$18,000—Another Candidate for the Lunatic Asylum.

A farmer residing on Long Island, a short distance from this city, and possessed of considerable property, having his interests excited by the reports of the doings of the mediums, resolved to make himself acquainted with the mysteries which they pretend to disclose, and proceeded to the city of Pittsburgh, where he was introduced to a professed medium, a lady, named Mrs. French, whom, after a short acquaintance, he invited her to visit him and his family on Long Island; and from that time (some two years ago) up to within a recent date she has been a constant visitor at the farmer's house, where she was, at the wish of the unfortunate man, treated as one of the family. A few weeks since, however, she arrived in the city of New York, and took rooms in the Irving House, where she was accompanied by a strange man, who she informed the farmer upon visiting her, was about writing an interesting legend of the spirit land, she furnishing the materials and matter. The ultimate effect of his spiritual intercourse with the medium was to unbalance his mind, and deprive him of the proper use of his reasoning faculties. The medium took advantage of the poor man's insanity, and induced him to adopt her as his daughter, and finally to make over to her nearly his entire property. By threats of violence he compelled his gentle partner to make an assignment of her interest in his affairs to him; after which he proceeded to convert his effects into cash—which amounted to about \$18,000 in all—and this he immediately paid over to the medium at the Irving House, upon which the latter took French leave and departed. It is reported, back to the city of Pittsburgh—Having made frequent attempts at suicide, he finally went home, and his friends with very natural misgivings as to the propriety of permitting him to have unlimited restraint, had him arrested and conveyed to the New York Lunatic Asylum, where he now remains a confirmed lunatic. A telegraphic despatch has been sent on to Pittsburgh for the arrest of the medium, who, it is hoped, will not escape "unwhipped of justice." The victim of this hellish conspiracy is the father of two interesting daughters, and has many respectable relatives and connections in this city, whose feelings with regard to the sad event may be easily imagined.

LEGAL ANECDOTE.—In the heat of an August afternoon, Mr. G., a lawyer of West, who is somewhat energetic in speaking, was summoned by his usual zeal on behalf of his client before Squire Paine, and a crowd of spectators then and there assembled. While G. was putting in his "biggest liks," a quizzical chap got behind him, and went to tickling his ear with a straw. The justice liked the joke and kept still. G., supposing it was flies, brushed first one ear and then the other, but persevered in his speech, amid a subdued tittering. Finally, as G. happened to be pressing some novel point of law to the justice, his friend behind put the "fly in his ear" a little more sensibly. As G. brushed his hand at the fly a little more fiercely, the justice burst out into a laugh. Whereupon G., bringing his fist almost in contact with the head of the magistrate, rebuked him as follows: "Your honor may laugh—but such is the law."

THE NEW YORK CRYSTAL PALACE EXHIBITION.—Col. Hughes of Maryland, the representative of the American Association for the management of the Crystal Palace, at New York, who is now in London, has had a long interview with Prince Albert, who, in conjunction with Her Majesty, the Queen, it is said, takes great interest in the American World's Fair. Her Majesty and Prince Albert will send over a variety of choice and valuable articles, including a bust of the Queen, to be exhibited. The Emperor of the French, the Pope, and the Sultan are among the contributors. England sends 542 objects, France 626, the Zollverein 500, Holland 142, and Italy 100 statues. Col. Hughes will shortly leave London for Paris, and proceed to the several European courts, upon his important mission.

The Living Tide.
The Irish papers are filled with accounts of emigration. Every day, says the Tuam Herald, we witness the departure of crowds. The Waterford Chronicle states that on a recent occasion, a vessel left with 221 persons directly for the United States. Remittances were pouring in from this country in great numbers, accompanied by earnest appeals to parents, brothers and sisters, to take up their departure for the New World. Already, says the Tuam Herald, have many aged parents, whose years and infirmities render them averse to change, been persuaded to join their children in the United States.

WE have often heard of trees in Oregon that were so tall that it took two men and a boy to look to the top of them, but the following account of a tree in Jackson county, Ia., as given by the Jackson county Democrat, is pretty hard to beat in its dimensions.
The largest tree, perhaps, that can be found this side of Oregon, is a sycamore standing on the land of Stephan Crab, near this place. It measures 89 feet in circumference, and has a cavity measuring in diameter every way 23 feet. This tree is large enough to make a commodious depot for the Ohio & Mississippi Railroad. We suggest that it be appropriated to that use.

FRAUD.—A Boston house recently shipped to the Sandwich Islands 200 barrels of what purported to be mess beef, with directions to have it stored till further orders. One of the barrels slipped from the slings while being stored and out plunged a ten gallon keg of brandy. On examination the entire number of barrels were filled with similar kegs, the duty on which would be \$1200. They were forfeited to the government.

HORRIBLE.—Some wretches have been heavily fined in Cincinnati, for purchasing hogs which had been fed upon still-slops until so diseased as to be turned out to die, and selling the meat in public market? The details of their offence are too disgusting for publication. If a fine of one hundred dollars is imposed upon these men for selling the second-hand impurities of the still, because their trade is injurious to the health of the public—it is injurious should be visited upon those who corrupt public morals, and cause bloodshed, misery and crime, by selling the pure poison of the still, ere it has passed into the flesh of swine?

\$5000 CHALLENGE.

WHATEVER concerns the health and happiness of a people is at all times of most valuable importance. I take it for granted that every person will do all in their power, to save the lives of their children, and that every person will endeavor to promote their own health at all sacrifices. I feel it to be my duty to solemnly assure you that *verruca*, according to the opinions of the most celebrated Physicians, are the primary causes of a large majority of diseases to which children and adults are liable; if you have an appetite continually changeable from one kind of food to another, Bad Breath, Pain in the Stomach, Picking at the Nose, Hardness and Fullness of the Belly, Dry Cough, Slow Fever, Pulse Irregular—remember that all these denote *verruca*, and you should at once apply the remedy!

Hobensack's Worm Syrup.
An article founded upon Scientific Principles, compounded with purely vegetable substances, being perfectly safe when taken, and can be given to the most tender Infant with decided beneficial effect, where *Bowel Complaints* and *Diarrhoea* have made them weak and debilitated. The Tonic properties of my Worm Syrup are such that it stands without an equal in the catalogue of medicines in giving tone and strength to the Stomach, which makes it an infallible remedy for those afflicted with *Diarrhoea*, the astonishing cures performed by this Syrup after Physicians had failed, is the best evidence of its superior efficacy over all others.

THE TAPE WORM!
This is the most difficult Worm to destroy of all that infest the human system, it grows to an almost indefinite length, becoming so coiled and fastened in the Intestines and Stomach effecting the health so sadly as to cause St. Vitus Dance, Fits, &c., that the afflicted seldom if ever are cured. In order to destroy this Worm, a very energetic treatment must be pursued, it would therefore be proper to take 6 or 8 of my Liver Pills so as to remove all obstructions, that the Worm Syrup may act direct upon the Worm, which must be taken in doses of 2 Tablespoons 3 times a day these directions followed have never been known to fail in curing the most obstinate case of *Tape Worm*.

Hobensack's Liver Pills.
No part of the system is more liable to disease than the *Liver*, it serving as a filterer to purify the blood, or giving the proper secretion to the bile; so that any wrong action of the Liver effects the other important parts of the system, and results variously, in Liver Complaint, Jaundice, Dyspepsia, &c. We should, therefore, watch every symptom that might indicate a wrong action of the Liver. These Pills being composed of *Rhubarb & Plantain* furnished by nature to heal the sick; namely, 1st, An *Emetic*, which purges the secretion from the Pulmonary mucus membrane, or promotes the discharge of secreted matter. 2nd, An *Alterative*, which changes in some inexplicable and insensible manner the certain morbid action of the system. 3rd, A *Tonic*, which gives tone and strength to the nervous system, renewing health and vigor to all parts of the body. 4th, A *Cathartic*, which acts in perfect harmony with the other ingredients, and operating on the Bowels, and expelling the whole mass of corrupt and vitiated matter, and purifying the Blood, which destroys disease and restores health.

TO FEMALES.
To find relief from this invaluable medicine in many complaints, and especially in the subject in obstructions either total or partial, they have been found of estimable benefit, restoring their functional arrangements to a healthy action, purifying the blood and other fluids so effectually to put to flight all complaints which may arise from female irregularities, as headache, giddiness, dimness of sight, pain in the side back, &c.

CONSUMPTION DISMISSED OF ITS TERRORS!!

HASTINGS' COMPOUND SYRUP OF NAPHTHA.
A quick and positive Cure for Consumption, decline, asthma, spitting of blood, night sweats, husky throat, wasting of the flesh, bronchitis, coughs, colds, and all diseases of the chest and lungs.

This celebrated preparation is pleasant to the taste, and is so speedy in its operations that patients plainly feel its good effects in a few minutes after taking the first dose.
Hastings' Compound Syrup of Naphtha
Is now acknowledged by all the ablest physicians of both hemispheres, to be a quick and positive remedy for arresting the formation of tubercles on all medicinal agents in the cure of all forms of disease; and also to be the speediest and most effective of all remedies in the cure of all other diseases of the throat, chest and lungs. Language cannot express the value of Hastings' Naphtha Syrup in these diseases. It not only cures them effectually, but it gives immediate evidence of its ability to do so; for in a few minutes after the first dose has been taken, the patient feels that a powerful agent is in the system, strongly working for his good. Its operations are never delayed—it at once flies to, and attacks the root of the disease with an energy unknown to other medicines; and that disease must be deeply seated indeed which can resist its unrivaled influence. Hence it has frequently cured a painful cough in a day, which had defied other popular remedies for a month; and has removed difficulty of breathing and pain in the throat and chest, in a few minutes, by the surprising energy of its action in clearing the passages of bile, and phlegm. It is believed that no person has given Hastings' Naphtha Syrup a trial, who has not felt benefit from it, and acknowledged its virtues. And this conviction is further established by the opinions of the London Lancet, London Medical Times, and most other responsible publications, devoted to the same interests. Until the appearance of the Naphtha Syrup, the medical faculty had always regarded Consumption as an incurable disease, and the records of medical science exhibited no authenticated case that weighed seriously against that opinion. Since Dr. Hastings' discovery, however, of the new and greatest property of Naphtha, when united with other ingredients, nearly a thousand cases of absolute phthisis positively cured through its influence, have been substantiated; and this well established fact, in connection with the experiments successfully made of its virtues by the ablest physicians of Europe, clearly prove that Hastings' Compound Syrup of Naphtha is a positive cure for Consumption. They are its extra Three of the main causes of this property of Naphtha have been discovered. They are its extraordinary subtilty, strength, and power, in all who cannot obtain it in the place cash for it, with the usual commission off. Therefore patients who desire to obtain it in the place where they reside, should write to us direct for a supply, and we will forward it to them without delay (packed up in a manner to secure its safe delivery) provided they can be reached by Express, Stage, Route, or any other mode of conveyance. All letters must be post paid—contain the price, of the number of bottles ordered, and be directed to C. V. CLICKENER & CO., No. 81 Barclay Street, New York, who are Dr. Hastings' general Agents for America.
Frederick Kittell, Ebersburg, December 16, 1852—8-6m.

THAT IT IS CURING THEM!
An effect nearly the reverse of the reverse of the reverse of every other known medicinal remedy. For Coughs, Colds, Sore Throat, Night Sweats, Pains in the Breast, Back, &c., spitting of blood, bilious and asthmatic Affections, it is also admitted to be the speediest and most vigorous and effective remedy extant; and its effect in all Asthmatic complaints is equally decisive and remarkable. Laxative of the mind; it abates and wastes of the flesh; and all disposition to inactivity and melancholy forebodings, are also quickly corrected by the Naphtha Syrup; which, in a wonderful manner revives the spirits, corrected by the flesh and muscles—brings the nerves—and increases the weight. Thus, those who use it according to directions, generally increase in weight, about a pound a week; and may take it for no other purpose than the all increase in weight, about a pound a week. In fine, a single trial of Hastings' Compound Syrup of Naphtha, is all that is required to secure the confidence of patients, and cause them to forego all other remedies in its favor. The syrup is made up in six ounce bottles, each accompanied with a pamphlet, containing directions, certificates, &c. Price one dollar each, or six bottles packed up in a box, and ready for transportation to any part of the world, can be had for five dollars.

LYON'S MAGNETIC POWDERS,
FOR THE DESTRUCTION OF COCKROACHES, BED BUGS, MOTHS, ANTS, FLIES, FLEA, AND INSECTS ON PLANTS, WITHIN TEN MINUTES AFTER BEING THROWN IN THEIR VICINITY.
This preparation is a powder compounded of Plants, Herbs, and Flowers, free from any substance which could possibly injure man or domestic animals, and is devoid of any disagreeable odor. It has been examined by the medical faculty of France, Russia, Sweden and Denmark, from all of whom ample testimony of its efficacy can be produced.

LYON'S MAGNETIC PILLS,
FOR THE DESTRUCTION OF RATS AND MICE, WITHIN FIVE MINUTES AFTER BEING THROWN IN THEIR VICINITY.
Read the following Letters:
New York, October 1, 1850.
I have made a chemical examination of the Vegetable Powder prepared by Mr. Emanuel Lyon, for the purpose of destroying insects. I do not find it to contain anything deleterious to health, or what might be considered poisonous to the human species; but it is very destructive to insects, whenever they are forced to inhale the fine particles of dust occasioned by throwing the Powder forcibly in places where they frequent.
New York, Hospital, June 9, 1850.
I have analyzed Emanuel Lyon's Magnetic Powders for the destruction of insects, and certify that it is entirely free from mineral or other corrosive poison. As the result of my examination I would say that is a combination of various vegetable substances having a peculiar influence on the insect kingdom, and that it may be used with perfect safety. In reference to its utility, its effects are astonishing. I believe it to be a skillfully prepared substance by which a valuable result is obtained, which does effect what Mr. Lyon says, and is well deserving of public patronage.
LAWRENCE REID, Professor of Chemistry.
New York Hospital, June 1, 1850.
Dear Sir:—It affords me great pleasure in stating that I have extensively used your Powder for the destruction of insects of all kinds, (especially Bed Bugs and Roaches) and unhesitatingly pronounce it the best and only article so effectual in its operation. I have also experimented with your Pills, and find them equal in all respects with your statements. Hoping that you may prosper, I remain your friend.
JOHN L. ROOME, Sup't. N. Y. Hospital.
GIBSON HOUSE, Cincinnati, October 9, 1850.
I procured from Mr. B. H. Meakings, some of Lyon's Magnetic Powder and Pills and cheerfully certify as to its perfect efficacy in destroying Roaches and Rats within a few minutes after its application. It is the most simple, yet perfect remedy we have ever seen.
I. K. & D. V. BENNETT.
New York, Irving House, April 21, 1849.
I have used Emanuel Lyon's Magnetic Powder and Pills for the destruction of insects and vermin, and I have found the most happy result, and cheerfully recommend them to those who may be troubled with these insects, as a sure method of destroying them.

VAYER'S CHERRY PECTORAL
For the Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

To cure a cold, with hoarseness and soreness of the body, take the Cherry Pectoral on going to bed, and wrap up warm, to sweat during the night.
For a cold and cough, take it morning, noon, and evening, according to directions on the bottle, and the difficulty will soon be removed. None will long suffer from this trouble when they find it can be so readily cured. Persons afflicted with a sore cold, which breaks them of their rest at night, will find, by taking the Cherry Pectoral on going to bed, they may be sure of sound, unbroken sleep, and consequently refreshing rest. Great relief from suffering, and an ultimate cure, is afforded to thousands who are thus afflicted, by this invaluable remedy.
From its agreeable effect in these cases, many find themselves unwilling to forego its use when the necessity for it has ceased to soon relieved.
From two eminent Physicians in
FAYETTEVILLE, TENN., April, 16th, 1851.
Sir:—We have given your Cherry Pectoral an extensive trial in our practice, and find it to surpass every other remedy we have for curing affections of the respiratory organs.
DIS. DIMMER & HAMPTON.

To singers and public speakers this remedy is invaluable, as by its action on the throat and lungs, when taken in small quantities, it removes all hoarseness as speedily removed by this remedy. Numerous instances have been noticed where whole families were protected from any serious consequences, while their neighbors, without the Cherry Pectoral, were suffering from the disease.
Salem, Mo., 11th, June 1851.
Doct. J. C. AYER.—
I write to inform you of the truly remarkable effect of your Cherry Pectoral in this place, and in my own family. One of my daughters was completely cured in three days of a dreadful Whooping Cough, by taking it. Dr. Means, one of our very best physicians freely states that he considers it the best remedy we have for pulmonary diseases, and that he has cured more cases of Croup with it than any other medicine he ever administered.
Our clergyman of the Baptist Church says that during the run of influenza here this season, he has seen cures from your medicine he could scarcely have believed without seeing.
Yours respectfully,
J. D. SINCLAIR,
Deputy Postmaster.

DR. VALENTINE MOTT,
The widely celebrated Professor of Surgery in the Medical College, New York City, says:
"It gives me pleasure to certify the value and efficacy of Vayer's Cherry Pectoral, which I consider peculiarly adapted to cure diseases of the Throat and Lungs."
Cures of severe diseases upon the Lungs have been effected by Cherry Pectoral in such extreme cases as warrant the belief that a remedy has at length been found that can be depended on to cure the Coughs, Colds and Consumption which carry from our bosoms thousands every year. It is indeed a medicine to which the afflicted can look with confidence for relief, and they should not fail to avail themselves of it.

TORR'S CHEMICAL HAIR INVIGORATOR.
This delightful and popular article in the best preparation for the hair which has been produced, either as an article for the toilet, or its beneficial effects in all the diseases to which the human hair is liable. It will impart to the roughest and coarsest hair the most beautiful appearance, entirely cleansing it from all impurities.
But while we assert that it is the best article for the toilet of those who wish to retain the hair in all its youthful
LUXURANCE AND BEAUTY,
it must not be forgotten that in all diseases of the hair or scalp, such as the falling of the hair dandruff, pimples, or sores on the scalp, &c., it is, perhaps the article which has given decided satisfaction in every instance where it has been used.
Its operation in case of baldness is peculiarly active, so that, in numerous, where other remedies have been tried in vain, TORR'S CHEMICAL INVIGORATOR has superseded the ornaments of art, by reinstating, in full plenitude, the permanent growth and growth of nature. It is possessed of a character wholly differing from the Oils, Grease, Restoratives, &c., which are now so numerous foisted on the public, under the pretence of being newly discovered for baldness, gray hair, &c.
Torr's Invigorator has now been tested for years, and its efficacy has been proved by thousands. Every year its reputation and sales have increased, until more of it is consumed annually than of any other preparation for the hair ever offered to the American public. It is compounded on strictly scientific principles, and the proprietor will stake his reputation on its efficacy.
Its extraordinary cheapness places it within the reach of the humblest family, and its conceded value insures it a place on the most luxurious toilet.
