

# MOUNTAIN SENTINEL.

The Soldiers of the late War with Great Britain.

In Philadelphia, on the 15th, a meeting of soldiers and others connected with the war of 1812, was held at the county Court House. Capt. J. H. Fisk in the chair, Peter Hay and Andrew Morrison, Vice Presidents, and John Frack, Secretary. After an interesting address from Judge Zimmerman, comprising an account of the proceedings of the Convention of the Soldiers of the War of 1812, held at New York on the 4th inst., the following resolutions were unanimously adopted:

**Resolved**, That we learn with much pleasure that the Convention of officers and soldiers of the war of 1812, which assembled at New York on the 4th of July, have resolved to participate in the NATIONAL CONVENTION, to be held at Philadelphia on the 8th of January, 1854.

**Resolved**, That from the pledges already received from other States, it is the opinion of this meeting that the Convention of the 8th of January next will be one of the largest and most respectable ever held in this city.

**Resolved**, That with a view to ascertain the whole number of persons in Pennsylvania, who served in the war of 1812, it is recommended that meetings be held for the purpose in the several counties of this State, during the session of their courts, prior to the 8th of January next, and that delegates be elected at said meetings, to represent them in the National Convention.

**Resolved**, That it is important that every soldier who served in the war of 1812, in any of the States of the Union, should obtain from his captain or other surviving officer, a certificate of his service, in order that he or his heirs may be in possession of satisfactory proof of his identity.

**Resolved**, That we adjourn to meet in this place on the evening of the 10th September next, the anniversary of Perry's Victory.

**Resolved**, That the several newspapers of the State be requested to copy the foregoing proceedings, and that the editors of newspapers throughout the Union will oblige the meeting by calling attention to the Convention on the 8th of January next.

## The Lady's Man

He is described as follows in the New Orleans Delta:

His face is eternally wreathed with unmeaning smiles, and when he addresses a lady, it is always in such a strain of absurd nonsense that we have often been surprised that a lady armed with a fan, and so addressed, did not brain the spot. If the lady's man does, by any possibility, possess the least degree of common sense, he takes especial pains to conceal it, for somehow or other he takes care to make his wife head or empty sentiments and absurd notions are the only offerings fit for the female mind. In order to be true to what he conceives to be the entertainment and amusement of the ladies, he turns traitor to manhood, and so becomes epine himself without a just claim to be classed with the male or female sex. His best qualities are those which he possesses in common with certain kinds of dogs to fetch and carry—Ladies who laugh in their sleeves at the servant, and so, out of mere commiseration allow him to carry a fan, or escort them to the opera, when the man of their acquaintance are not accessible. The Lady's man is sufficiently rewarded for attending them through a whole evening's entertainment, if they will only drop a smile into the poor fellow's ear. With this substantial blessing he is encouraged to future exertions in this wide field of masculine ambition. If a man's duty to a lady consisted in picking up dropped pocket handkerchiefs and fans or twirling her round to the point of giddiness and exhaustion in the waltz, we should, perhaps, envy the accomplishments of the mere lady's man.

## Russian Steamers.

A New York correspondent of the Washington Union says that the present Emperor of the Russia has long been adapting the mighty levers of the government to the multiplication of steamers, and their intercourse with foreign parts. The first vessel of this character was built in St. Petersburg, in 1815, by Charles Nicolawitch, and was at first employed exclusively for conveying passengers across to Gronstadt, or taking ships in tow. From this period steam navigation was more and more developed in Russia, and it is now employed to a large extent in the Baltic, the Caspian, the sea of Azof, the Black and White seas, and even in the Pacific. St. Petersburg alone has thirty-seven steamers, which trade with Cronstadt, Petersburg, Oranienbaum, Schlusshurg, Revel, Helsingfors, Abo, Stockholm, Lubeck, Copenhagen, Havre, and London. In the year 1845, a steamboat service was established between Hull and St. Petersburg. In the beginning of that year fifty-four public and private steamers, under the Russian flag, traded on the Nova and on the coast of Finland; since 1846, the line between St. Stettin and St. Petersburg has been traversed by mail steamers.

In that year, 1846, the first steam navigation company was formed in St. Petersburg. There are now a hundred and fifty private steamers under the Russian flag. Large war frigates propelled by steam, have made their appearance, and private and public steam vessels are rapidly multiplying. This memorandum is not without interest at the present time.

## State Exhibition at Pittsburgh.

The Annual Exhibition of the Pennsylvania Agricultural Society is to be held at Pittsburgh, on the 27th, 28th, 29th, and 30th days of September next. The Pittsburgh Post says, the ground selected for this exhibition is Denny's fields, just beyond the outer Depot of the Pennsylvania railroad. This ground is well suited to the purpose; of easy access to exhibitors; and so near to our city as to insure a full attendance of our citizens.

The committee having charge of this matter, are making preparations to render this exhibition unusually interesting and attractive. They invite contributors from other States; and the annual fair in Ohio is to be held this year at Dayton, in the western extremity of that State, we may expect Eastern Ohio to be strongly represented at this great fair in Pittsburgh. It is the third exhibition of our State Society; and the first held in Western Penna.

Of the importance and value of such exhibitions, no one can entertain a doubt. They are designed and well calculated to disseminate a vast amount of useful information among farmers, stock breeders, horticulturists, mechanics, and manufacturers. They elevate the character of those occupations; and excite a salutary emulation among those great producers of the wealth of our country. We consider this fair of more importance to our community and Western Pennsylvania, than any and all "Crystal Palace" Exhibitions. It is a home display of our skill and industry in all the occupations that contribute to the convenience and comforts of life, and to prosperity.

## AYER'S CHERRY PECTORAL

For the Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

"And by the river, upon the bank thereof shall grow all trees for meat, whose leaf shall not fade and the fruit thereof shall be for meat and the leaf thereof for medicine."

Here was hope for the sick recorded long ago, and every year adds new proof to the assurance that these promises shall not fail. As medical Science discovers and designates the remedies nature has given, one by one, the diseases that afflict our race yield to the control of art. Of all the maladies we suffer from, none has carried more victims to an untimely grave than Consumption of the Lungs. Subjoined we give some evidence that this too may be cured, and that Pulmonary complaints, in all their forms, may be removed by CHERRY PECTORAL.

Space will not permit us to publish here any proportion of the cures it has effected, but the Agent below named, will furnish our Circular, free, wherein are full particulars and indisputable proof of these facts.

Sufferers read judge for yourselves.

**For Indigestion and Whooping Cough.**

NASHVILLE, TENN., June 26th, 1851. Sir: I have repeatedly used your CHERRY PECTORAL for Whooping Cough and Indigestion, and have no hesitation in pronouncing it a complete remedy. Four of my children have been afflicted with these diseases, and the free use of PECTORAL has always afforded almost instant relief.

JAMES GLOVER.

We attest the truth of the above statement.

M. MCINTY, Ed. of the Nashville Whig.

J. M. ZIMMERMAN, Druggist.

**FOR A CONSUMPTIVE COUGH.**

PITTSBURG, PA., Feb. 25, 1851.

Dear Sir:—For three years I have been afflicted with a Cough, so distressing that I frequently despaired of recovery; much of the time I was obliged to sit up all night in my chair, as my cough would suffocate me when I laid down. Having used many remedies without much relief, I at last tried the Cherry Pectoral, which, under Providence, has cured me altogether.

I am, with gratitude yours,

JAMES MCANDLESS.

**This is one of the numerous Cures of ASTHMA which have been accredited to Cherry Pectoral.**

ALBANY, N. Y., April 17, 1848.

Dr. AYER, Lowell, Mass.: I have for years been afflicted with Asthma in the worst form, so that I have been obliged to sleep in my chair for a larger part of the time, being unable to breathe on my bed. I had tried a great many medicines, to no purpose, until my physician prescribed, as an experiment, your CHERRY PECTORAL.

At first it seemed to make me worse; but in less than a week I began to experience the most gratifying relief from its use; and now, in four weeks, the disease is entirely removed. I can sleep on my bed with comfort, and enjoy a state of health which I had never expected to enjoy.

GEORGE S. PARANT,

Commission and Forwarding Merchant.

From the President of Amherst College, EDWARD HITCHCOCK, M. D., L. D., &c.

J. C. AYER, Sir: I have used your Cherry Pectoral in my own case of deep-seated bronchitis, and am satisfied, from its chemical constitution, that it is an admirable compound for the relief of laryngeal and bronchial difficulties. If my opinion, as to its superior character, can be of any service, you are at liberty to use it as you think proper.

EDWARD HITCHCOCK.

Amherst, Sept. 12, 1849.

Among the other distinguished authorities who have lent their names to recommend this preparation as the best known to them for affections of the lungs, are:

## \$500 CHALLENGE.

WHATSOEVER concerns the health and happiness of a people is at all times most valuable importance. I take it for granted that every man will do all in his power, to save the lives of their children, and that every person will endeavor to promote their own health at all sacrifices. I feel it to be my duty to solemnly assure you that worms, according to the opinions of the most celebrated Physicians, are the primary cause of a large majority of diseases to which children and adults are liable; if you have an appetite continually changeable from one kind of food to another, Bad Breath, Pain in the Stomach, Picking at the Nose, Hardness and Fullness of the Belly, Dry Cough, Slow Fever, Pulse Irregular—remember that all these denote worms, and you should at once apply the remedy—
