

LOCAL ITEMS.

TANNING.—This branch of business continues to increase and flourish in our county; we hear of two new establishments projected in our neighborhood, the one by Capt. Evans, and another by Messrs. Jones & Thomas.

Our County offers remarkable inducements for the investment of capital in the Tanning business. She enjoys abundant available Water Power, forests of Hemlock and Spruce Pine, which we may almost call inexhaustible, and her limits are traversed by two Rail Roads, with which every section will be brought into communication, by means of Plank Roads; thus affording every facility for the cheap and ready importation of hides and, the exportation of the manufactured article; when these advantages become generally known to the public, we have no doubt, but that our mountain slopes, affording so many excellent sites, will be occupied by flourishing establishments, giving occupation to a very large number of persons, adding largely to the wealth of our County, and also increasing the extent of our Home market for Agricultural productions; let this matter be frequently discussed, our county will be the gainer. For ourselves, we heartily coincide in the opinion of the honest old Currier, that "there is nothing like Leather."

We had this week another striking instance of the beautiful working of our system of self government, and of the beneficent effects of the Democratic doctrine of rotation in office—we refer to the quiet, peaceable transfer of the peoples funds. In other governments, such a change would be attended with all the "pomp and circumstance" of despotic power—there would be guards and gendarmes, bayonets, and perhaps, as is unfortunately too often the case, convulsion and bloodshed; but here mark the contrast! how different all! Mr. Rhey gracefully steps in, and Mr. Lloyd composesly "lays aside the robes of office," and retires; no fuss, no bloodshed—not even a drop of — is shed, because one of the parties takes lemonade, and the other does not; and the only trifling inconvenience attending the whole transaction, is that Mr. Rhey, will be obliged to order new "robes of office;" those worn by his predecessor, being entirely too short for his stouter form.

P. B.'s.—We are pleased to learn that extensive preparations have been made, for the manufacture of these architectural necessities, on the farm of Mr. David Brewster, near this borough. We are informed that it is the determination of the projectors, to keep constantly on hand, and furnish at the shortest notice, all the most modern and popular styles of brick, including the common "Brick," the "Perfect Brick," and particularly the "Regular Old Brick."

We would modestly suggest to the enterprising projectors, that they would confer a public benefit, by devising some expeditious means of transporting these favorite building materials to market, and thus do away with the present disagreeable and inconvenient system, of carrying bricks in the hat, to which even our most respectable citizens are now compelled to resort.

The highly ingenious member from Armstrong county, has introduced a resolution into the House for the appointment of a Committee, the number blank, whose duty it shall be to proceed to the State of Maine, and examine into the practical workings of the "Maine Law;" the committee have not yet been appointed; we are reluctantly compelled to decline the honor of serving upon it, in consequence of the arrival, yesterday, of SCHROTTT, from Carrolltown with more or less "Lager Beer."

SALT.—We are delighted to learn, that the Rock Salt in our neighborhood, is to be brought to the test, and that for that purpose, a project is on foot. Keep up the excitement, and by next week the project will be on stilts.

The present efficient County Board have just closed their settlement for the past year; they did up their business in 2.40 time; the Annual Statement is said to be highly satisfactory.

Great Excitement in Erie.

State and French street bridges are both taken down, and the timbers, are now being burnt. A large concourse of people are now assembling about the Depot, and a band of music accompanies them. Further destruction is anticipated. [SECOND DISPATCH.]

Both the Railroad Bridges crossing State street and French street, were demolished to day, by the woman of this city, who were afterwards escorted through the town, with a band of music, and banners on which were inscribed, "Six feet or four feet eight and a half inches." The streets are thronged and great excitement prevails. The old Board of the Erie and North East Railroad was re-elected to day.

PROCRASTINATION IS THE THIEF OF TIME. Delay is dangerous—neglect that cold and cough, a few weeks, and the hope of recovery be lost to you forever. Let not any pecuniary consideration deter you from trying to save your life and health while there is a chance. Consumption is annually sweeping off thousands to the tomb; no disease has baffled the skill of the physician like it; no physician, perhaps, has done more for the cause of suffering humanity than Dr. Wistar. An ounce of preventative is worth a pound of cure, therefore, before your lungs become ulcerated, and so diseased that no human means can save you from an early grave, try in season, try at once, a medicine which has been of such infinite value to thousands—obtain a bottle of Dr. Wistar's Balsam of Wild Cherry, take it, get another if necessary, persevere in using it, until you have removed the disease entirely, which if neglected will terminate your life. Pulmonary Consumption has, until within a few years, been generally considered incurable, although many medical men of the highest standing, among whom we might mention LeCenne and His friend Bayle—both distinguished authors—admit that this dreadful disease may be cured, even in its most advanced stages when the lungs are not completely diseased. The remedy which we now offer, Wistar's Balsam of Wild Cherry, not only emanates from a regular Physician but has been well tested in all the complaints for which it is recommended, with entire success.

MARRIED.

On Tuesday, the 17th inst., by the Rev. Mr. Morton, Mr. David J. Jones to Miss Amanda P. Winters, both of this place. We found the above notice upon our table accompanied by a very extensive "catholion;" our Devil who is always on hand on such occasions, indulged in rather envious remarks, and seems to think there is no use at all in people being "punkins," for although they may be endowed with beauty, goodness, all the domestic virtues, they will go to "Davy Jones" at last.

On Thursday 19th inst., by Rev. Mr. Powell, Mr. John Morgan to Miss Esther Roberts all of Jackson township. A delicious token of remembrance accompanied the above notice, and as we gladdened our soul therewith, we did hope that the "happy couple" would continue to love one another, and be happy as now—an example to all leagardsinners to go and do likewise.
