TORR'S CHEMICAL HAIR INVIG-

THIS delightful and popular article is the best preparation for the hair which long experience and scientific research has produced, either as an article for the toilet, or its beneficial effects in all the diseases to which the human hair is liable. It will impart to the roughest and coarsest hair the most beautiful appearance, entirely cleansing it from all impurities.

But while we assert that it is the best article for the toilet of those who wish to retain the hair in

all its youthful LUXURIANCE AND BEAUTY.

It must not be forgotton that in all diseases of the beir or scalp, such as the falling of the hair dand ruff, pimples, or sores on the scalp, &c., it is perhaps the article which has given decided satisfaction every instance where it has been used.

Its operation in case of baldness is peculiarly active, so that, in numerous, where other remedies have been tried in vain, STORR'S CHEMICAL IN-VIGORATOR has superseded the ornaments of art, by reinstating, in full plentitude, the permanent gifts and graces of nature. It is possessed of a character wholly differing from the Oils, Grease, Restoratives, &c., which are now so numerously foisted on the public, for baldness, gray hair, &c.

Storr's Invigorator

has now been tested for years, and its efficacy has been proved by thousands. Every year its reputs tion and sales have increased, until more of it is consumed sumually than of any other preparation for the hair ever offered to the American public. It is compounded on strictly scientific principles, and the proprietor will stake his reputation on its efficacy.

Its extraordinary cheapness places it within the reach of the humblest family, and its conceded value insures it a place on the most luxurious toil

sott's Yellow Dock and Sarsaparilla, to give you's few symptoms of my almost hopeless case. In the winter of 1850, I was attacked with a tevere pain, which was gradually extending through the whole right side and leg; at the same times total prostration of my physical system; also, my leg had shrunk to two thirds of its common size. I procured the attendance of a skillful practitioner, who pronounced my disease one of the worst forms of liver complaint. He said my case was ore sat easily handled but prescribed for me. I remained under his trustment until I was satisfied he could not help me. I then procured of your agents this palce, A. W. Beers, two battles of Guyson; Yellow Dock and Sarsaparilla, from which I nceived a vast amount of benefit. After having ta ken four bottles more I was able to pursue my buness without any inconvegience, and have been cince that time a well man, while but a short time since I was confined to my bad three-fourths of the time; and I cannot ascribe the return of my health to any other cause than by the agency of that trade valuably medicine, Guysott's Yellow Dock and Su-

HASSEL VAURIPER. The following letter is from a highly respectable physician who enjoys an extensive practice: Navarre, Stalk co., O., Nov. 1851. Dr. John D. Park-Dear Sir: Dr. Guysott's Extract of Sarsaparilla. This medcine has been prescribed by me for the last three years, with good

effect, in General Debility, Liver Complaint, Jane dice, Dyspepsia, Crouic and nervous diseases. In all female complaints it certainly is unequaled. In the use of this medicine the patient constantly gains strengthand vigor, a fact worthy of great consideration. It is pleasant to the taste and smell, and can be used by persons with most delicate stomachs. I am speaking from experience, and to

the afflicted I advise its use.

In the city of New York, sixty-seven died in two weeks in December of this disease. It is less prevalent in the more northern latitudes, as Russia, Canada, and among the Alps of Switzerland, where the

winters are long and severe, and there are fewer sudden changes. No theory can be more welcome to the human mind than the one which establishes on good grounds the hope for prolonged existence, if the alegations of those who are at least entitled to seracity may be believed, there is a preventive and a remedy.

The great Author of Nature has provided as

with a remedy for Consumption, and the diseases leading thereto which are so fearfully common in our country. Has He left us to find relief from that fatal scourge by ransacking other lands? No, the best, Nature's own remedy is at our hand. The Wild Cherry and the Pine, furnish us with a cure where a cure is possible. One of the most important discoveries of the age, n ameliorating the condition of this large class of suffering humanity is Dr. Wistar's Balsam of Wild Cherry, which has been before the public some ton

ed and introduced in the year 1838, since which time its success has constantly increased the demand, until it has become one of, if not the most popular remedy for Consumption, in its recipiert stage ever known.

Another Physician's Testimony. Mr. Fowle-Dear Sir: I could send your dozen ertificates, strong and decisive, of the really sanative effects of your valuable Balsam of Wild Cherry, within the past twelve months, under my own supervision and direction. Indeed I know of few persons who have used it, comparatively, but commend it in the strongest terms. A case of Asthma, the severest I ever saw, to which I was called a month ago, evinced the superiority of the Balsam. It lasted him six weeks, and the dyspma and suffering was dreadful; he sat up every night. The gentleman told me to give him something to last him home, (21 miles) so that he might see his wife and child, and die in peace. I gave him one bottle of balsam and four ounces of syrup squils, directing him to take teaspoonful doses of best Bordeaux olive oil, when the difficulty of breathing was greatest. Next day I forced his despondent well, and made him take six bottles of Wistar's Balsam of Wild Cherry home with him as a present, he having alledged that he had used so much expensive medicines to no profit. Last week Mr. A. called and expressed his gratitude to me in the warmest manner, said the medicine had saved his life, paid his whole bill, and took six bottles more,
