**H. T. COFFEY, M. D.**  
ANNOUNCES TO THE PROFESSION, THAT he has opened, in the rooms adjoining his office, in Hollidaysburg, a  
**SURGICO-MECHANICAL INSTITUTE,**  
for the application of approved physiological supports, in the treatment of Chronic Disease, and those numerous Weaknesses and Deformities of the body, in which support to the relaxed and dragging organs is an important condition of cure, and the success of internal treatment.—All the appliances used, are endorsed by many of the most eminent members of the Profession, and consist, in part, of Body Braces, for Prolapsus Uteri, (or Falling of the Womb), and the diseases of the Heart, Lungs, Stomach, Bowels, and weakness of the Back and Nerves, which result from such "falling";—Spinal Supporters, for every variety of Spinal affection,—Chest Expansors, to erect the body, and enlarge the Chest,—Pectoral Elevators, Hernial Trusses, &c. The increasing importance of this department of pathology, and the difficulty the ordinary practitioner has in procuring any mechanical aid, much less those that act in harmony with nature, induces the undersigned, at much cost and labor, to supply what is, a professional desideratum, and necessary to guard the patient against the application of inappropriate and dangerous contrivances.  
Physicians, and all others interested, are invited to call and examine. Those who desire to give their patients the auxiliary benefit of any variety of mechanical support, can send their prescriptions, or drawings for their purpose, without risk of any abuse of such appliances.  
A discount of 20 per cent to the profession on all instruments furnished them, or at their request.  
Breast will be fitted up especially for Ladies, with Laces to the bust.  
Hollidaysburg, Feb. 3, 1854.—4m.

**TO PHYSICIANS.**  
The attention of the Medical Profession in Penn. is respectfully invited to the following important facts:  
1. Not less than two thirds of the American population are afflicted with some of the most delicate complaints; the result of natural delicacy of organization; defective physical education; early marriages; the various accidents of pregnancy; and labor, and general neglect of hygienic measures.  
2. That as Prolapsus Uteri is a displacement, or "falling" of this organ, it necessarily involves a like descent, or dragging of the Heart, Lungs, Stomach, and Bowels, and that this fundamental condition of cure in all these cases, is the application of such a Physiological brace, or supporter, as will most effectively brace the weak back and without compression, assist the relaxed and over-taxed muscles in performing their natural office of lifting and holding in position the dragging viscera of the Chest and Abdomen from the depressed Uterus. The observation of every Physician, and the extensive and increasing use of abdominal supporters, (so called) furnishes conclusive proof of this.  
3. That the Supporters now in use never have rendered the visceral organs of the chest, because they all, in common, act as heating and constricting clamps, compress, and relax the viscera, creating a necessity for their perpetual use by restraining the freedom and exercise of the muscles, which should only assist, and also, opposing the "falling" and dragging, by their constricting and compressing rather than their tracing and elevating tendency.  
4. In view of the above facts, which every Physician has been compelled to feel keenly, it is not the duty, as well as the interest of the Profession, to seek for an instrument which acts upon established principles of pathology, and which is at once effective, and necessary to the success of the practitioner, and professional in its origin and design.  
The undersigned, therefore, acting in accordance with the true interests of the Profession, and after much investigation and outlay, now offers to them an instrument which fully meets all the above indications. This Brace invented by Dr. Hanning of N. Y., has also received the approbation of the Profession, or taken rank as a permanent contribution to Medical Science. While it supports the weak back and lifts up the abdominal viscera, it does so only by assisting, and by a recent invention, has added greatly to its efficiency in creating the body and expanding the chest, and these instruments are believed to fulfil every indication that can be derived from mechanical support, while acting in complete harmony with the forces of nature.  
Desirous of introducing these Braces through the cooperation of Physicians, and being enabled to furnish them at Manufacturers prices you are respectfully returned to the annexed quotations:  
"Fine Steel Body Brace, Retail Price, \$10.00  
Silver Plated " " " " 15.00  
Fine Steel Erector Brace, Retail Price, 15.00  
Silver Plated " " " " 20.00  
Twenty per cent discount off these prices to Physicians.  
A Scientific, Treatise, and Descriptive Essay, will be sent to Physicians, gratuitously, by addressing  
Dr. H. T. COFFEY,  
Feb. 3, 1854.—4m. Hollidaysburg, Pa.

**Advantages of the Body Brace over Other Supporters.**  
—It is cool. 2d. It is light. 3d. Its pads can all be shifted up and down, right or left, as frequently as the necessity of the case may require. 4th. Its great and universal flexibility. 5th. It fits the great and various curves of the body. 6th. Its pads are four, and press on the weak back, and particularly on the weak back, supporting, yet not restraining the body. 7th. Its pads being of naked horn, stimulate and harden the muscles, while soft and cushioned ones (as the Truss) relax and weaken them. 8th. It is so constituted as to admit of attaching to it any proper spinal apparatus, and also the most perfect pile and hernial truss. 9th. It may combine with its mechanical influences the virtues of the galvanic battery, locally or generally applied.  
The Erector, Abdominal and Chest Expander, in addition to the above, makes pressure upon the front of the abdomen, and without constriction or compression, erects the body, expands the chest, and promotes health, grace and beauty. It is free from straps, bandages, or compresses, acts in harmony with nature, and defies scientific objection. To those who have weak backs, stooped shoulders, narrow or short chests, or who desire to give it the best invention ever presented to the public.  
RECIPE OF MEASUREMENT.—For the Body Brace, draw a tape snugly around the body, one and a half inches below the tip of the hip bones, over the iliac crest, for the Erector Brace, and measurement around the chest, under the armpits, and around the number of inches, each comprising the order, and the brace will be sent to order, with an explanatory circular and exchanged to suit, provided it be immediately returned, in an unsoiled condition.

**Dr. Guyssot's Extract of YELLO, DOCK & SASSAPARILLA.**  
IS NOW put up in the largest sized Bottles, and acknowledged to be the best of its kind, made, as ascertained by the Wonder Cures it has performed, the original copies of which are in the possession of the proprietor. Remember, this is the only true and original article.  
The best female medicine known! The peculiar malady to which females are subject commonly produces great bodily exhaustion, accompanied by a depressed and often gloomy state of mind. As the system declines in strength there is a loss of nervous power, and this very naturally impairs the energy of the mind and disturbs the equanimity of temper. Every careful woman who has suffered from female complaints will admit this to be the morbid train. Now, to obtain relief, it is only necessary to stop the tendency to depletion and debility. This is done by renewing that fountain of health and strength, the Blood, and no medicine accomplishes this object so rapidly as Dr. Guyssot's Improved Extract of Yellow Dock and Sarsaparilla.  
Ladies of pale complexion and consumptive habits, and such as are debilitated by those distressing times when they are liable to be restored by the use of a bottle of this, to bloom and to vigor.  
Dr. Guyssot's Improved Extract of Yellow Dock and Sarsaparilla is a sure remedy for Hereditary taint.  
Females, read the following.  
New York, N. J., Jan. 25.  
Dr. Guyssot—We take pleasure in stating that your Yellow Dock and Sarsaparilla gives great satisfaction in every case.  
A very respectable gentleman informed me that his daughter was troubled with difficult menstruation and other diseases peculiar to her sex. She had not had her regular menstrual discharge for a long time, and she was liable to be restored by the use of a bottle of your Yellow Dock and Sarsaparilla. She used Townsend's and others without receiving the slightest benefit. He had one daughter and two sons.  
The cure performed by Dr. Guyssot's Extract of Yellow Dock and Sarsaparilla, in this case, is a patient's general health continues to improve after disease is removed. Cures are not chronic and it has been fully tested that there can be no relapse or return of the disease.  
New York, Rochester Co., Feb. 1850.  
S. F. Bennett & Co. Gentl: I is with great pleasure that I write you about the very happy effect of your Yellow Dock and Sarsaparilla upon my son who has long been suffering under that dreadful, loathsome disease, Dyspepsia, with which he was attacked in 1848, and was for several months attended by the best medical physicians, who, in their skill, were unable to do him any good, and his health was gradually failing. He was reduced to a perfect skeleton. He had ulcers from his hip down to his knee, which were continually discharging offensive matter. Medical and surgical skill was baffled. Physicians said that his case was hopeless—there could be nothing done to arrest those terrible gangling ulcers. My neighbors and myself thought his dissolution near at hand. One of my neighbors, who had cured a child of scrofula with your medicine, wished me to make a trial of it, and more from the restless desire to do something while life lasted, than from any hope of getting relief, I procured three bottles of your "Yellow Dock and Sarsaparilla," and commenced using it, as an experiment, he commenced to improve. Before long he had used the third bottle, and before he had used a half a dozen bottles, he could walk out. He used in all twelve bottles during the year '49, and by October last he was perfectly cured, every vestige of the disease except the scars was removed, and he remains in perfect health up to the present time. His recovery, under the blessings of God, is entirely owing to the use of your Yellow Dock and Sarsaparilla, and I assure you that I feel myself under great obligations to you and it is with great joy that I inform you of what your Sarsaparilla has done for my son. Respectfully,  
JAMES RUSSELL.

**Wister's Balsam of Wild Cherry.**  
For the instant relief and rapid cure of Asthma Consumption, Croup, Hoarseness, Whooping Cough, and all Disorders of the Lungs and Chest.  
Wister's Balsam of Wild Cherry. The best ever known to man, for Coughs, Colic, Asthma, Croup, Whooping Cough, Hoarseness of the Lungs, Difficulty of Breathing, Pain in the Chest, Pain or Weakness of the Breast or Side, &c., &c., &c.  
Influences and Consumption.—It is indeed a melancholy truth that thousands fall victims to Consumption every year from no other cause than neglecting colds, yet we find hundreds and thousands who treat such complaints with the greatest indifference, and let them run on for weeks, and even months without thinking of the danger. At first you have what you consider a slight cough or cold; allow business, pleasure or care to prevent you from giving it any attention; it then settles upon your breast, you become hoarse, have pains in the side or chest, expectorate large quantities of matter, perhaps mixed with blood; a difficulty of breathing ensues, and then you find your own feelings are affected as brought on this complaint. If then you value your life or health, be warned in time, and don't trifle with your cold; but immediately procure a bottle or two of that famous remedy, Dr. Wister's Balsam of Wild Cherry, which is well known to all who are afflicted with such complaints, and thousands will testify, whose lives have been saved by it. For Influenza it is the very best medicine in the world. Do not be deceived, remember that it is "Dr. Wister's Balsam of Wild Cherry," that performs the most wonderful cures, and which is the remedy that will afford you immediate relief.  
Hollidaysburg cured by Wister's Balsam of Wild Cherry.  
The following cure of Jeremiah Hargis, of consumption (five of his brothers and sisters having died of consumption) is highly wonderful, and not this to urge the afflicted to make use of this health-giving remedy, when it is affecting cures like the following:  
Pleasant Ridge, Hamilton Co., O., Sept. 29, 1850.  
J. D. Park—Dear Sir: I take the liberty of advising you of a cure I have derived from the use of Wister's Balsam of Wild Cherry. I was prostrated by that terrible scourge, consumption, in May last. The attack was truly horrid to me, for five of our family, (my brothers and sisters) had died of consumption. I was afflicted with nearly all the worst features of the disease; I had a distressing cough, and expectorated a good deal of blood; hectic fever, severe pains in the side and chest, cold chills, alternating with flushes of heat and copious night sweats.  
I was under the care of a skillful physician, from the time I was taken sick until about six weeks since; being then helpless, and my friends considering my case hopeless, advised the use of Wister's Balsam of Wild Cherry. Without my knowledge, my father procured it, and commenced administering it to me, and from the day I first commenced using it, I was able to be out and oversee my business, which I still continue to do. I took four bottles, and am now well. I make this statement to inform others that are afflicted with the same, to make a trial of the medicine which has, under the blessing of Providence, restored my health.  
JEREMIAH HARGIS.
