FRANCIS BEARER, Adm'r.  
April 20, 1758.

**H. T. COFFEY, M. D.**

**ANNOUNCES** to the PROFESSION, that he has opened, in the rooms adjoining his office, in Hollidaysburg, a  
**SURGICAL-MECHANICAL INSTITUTE,**  
for the application of approved physiological supports, in the treatment of Chronic Disease, and those maladies which attend the relaxation of the body, in which support of the chest, and of the diaphragm, is an important condition of cure, and necessary to the success of internal treatment.—All the appliances used, are endorsed by many of the most eminent members of the Profession, and consist of, Body Braces, for the neck, chest, and back, (or falling of the Womb), and the diseases of the Heart, Lungs, Stomach, Bowels, and weakness of the Back and Nerves, which result from such falling; Spinal Supporters, for every variety of Spinal affection;—Chest Expanders, to erect the body, and enlarge the Chest;—Pile and Perineal Elevators, Hernal Trusses, &c. The increasing importance of this department of pathology, and the difficulty the country practitioner has in procuring any mechanical aids, such as those that set in harmony with nature, induces the undersigned, at great cost and labor, to supply what is alike, a professional desideratum, and necessary to guard the public against the imposition of unscientific and dangerous contrivances.  
Physicians, and all others interested, are invited to call and examine. Those who desire to give their patients the auxiliary benefit of any variety of scientific support, can send their patients to the Institute for that purpose, without risk of any abuse of such confidence.  
A discount of 20 per cent on the profession on all instruments furnished them, or at their request.  
Rooms will be fitted up specially for Ladies, who may be attended to in privacy.  
Hollidaysburg, Feb. 3, 1854—4m.

**TO PHYSICIANS.**

The attention of the Medical Profession in Penna. is respectfully invited to the following important facts:  
1. Not less than two thirds of the American women are affected with Prolapsus Uteri, and its associated complaints; the result of natural delicacy of organization; defective physical education; early marriages; the various accidents of pregnancy; and labor, and general neglect of hygienic measures.  
2. That as Prolapsus Uteri is a displacement, or "falling" of this organ, it necessarily involves a like descent, or dragging of the Heart, Lungs, Stomach, and Bowels, and that one fundamental condition of cure in all these cases, is the application of such a Physiological brace or supporter, as will most effectively brace the weak back and without compression, assist the relaxed and over-taxed muscles in performing their natural office of lifting and holding in their place, the protruding viscera of the Chest and Abdomen from the depressed Uterus. The observation of every Physician, and the extensive and increasing use of abdominal supporters, (so called) furnishes conclusive proof of this.  
3. That the Supporters now in use never have received the approval of the profession, because, they all, in common, act as heating and constricting clamps, compress, and relax the muscles, creating a necessity for their perpetual use by restraining the freedom and exercise of the muscles, which the shoddy and unscientific nature of the "falling" and dragging, by their crowding and compressing rather, than their bracing and elevating tendency.  
4. In view of the above facts, which every Physician has been compelled to feel too keenly, is it not the duty, as well as the interest of the Profession, to seek for an instrument which acts upon established principles of pathology, and which is at once operative, and necessary to the success of the practitioner, and professional in its origin and design?  
The undersigned, therefore, acting in accordance with the true interests of the Profession, and after much investigation and study, has prepared for them an instrument which fully meets all the above indications. The which invented by Dr. Manning of N. Y., has alone received the approbation of the Profession, or taken rank as a permanent contribution to Medical Science. While it supports the weak back and lifts up the uterus, it does not, by compressing, but by a recent invention, has added greatly to its efficiency in erecting the body and expanding the chest, and these instruments are believed to fulfil every indication that can be derived from mechanical supports, while acting in complete harmony with the forces of nature.  
Desirous of introducing these Braces through the cooperation of Physicians, and being enabled to furnish them at Manufacturers prices you are respectfully referred to the annexed quotations.  
Fine Steel Body Brace, Retail Price, \$10.00  
Silver Plated " " " " " 15.00  
Fine Steel Erector Brace, Retail Price, 15.00  
Silver Plated " " " " " 25.00  
Ten per cent discount of these prices to Physicians.  
A Scientific, Treatise, and Descriptive Essay, will be sent to Physicians, gratuitously, by addressing  
Dr. H. T. COFFEY,  
Hollidaysburg, Pa.  
Feb. 3, 1854—4m.

**Advantages of the Body Brace over Other Supporters.**

1st. It is cool. 2d. It is light. 3d. It pads itself as it sits up and down, right or left, as frequently as it is necessary to the support required. 4th. Its great and universal flexibility. 5th. It lifts UP—ALL OTHERS BEAR DOWN. 6th. Its pads are four, and press on the weak spots, and particularly on the weak back supporting, yet not restraining the body. 7th. Its pads support, and stimulate and harden the muscles, while soft, cushioned ones (like "poultices") relax and weaken, through heat and perspiration, and soon become soiled. 8th. It is so constituted as to admit of attaching to it any proper spinal apparatus, and also the most perfect pile and hernia truss. 9th. It may combine with its mechanical influences the virtues of the galvanic battery, locally or generally applied.  
The Erector Brace and Chest Expander in addition to the above, makes pressure upon the front of the shoulders, and without constraint or compression, erects the body, EXPANSION THE CHEST, and promotes health, grace and beauty. It is free from all the defects of other supporters, and is in harmony with nature, and defies scientific objection. For those who have weak backs, drooping shoulders, narrow or flattened chests or deformed forms it is the best invention ever presented to the public.

**SPRING MILLINERY GOODS**

**JOHN STONE & SONS,** No. 45 South Second Street, Philadelphia, have now the Store, of their own importation, a large assortment of ribbons, silks, Flowers, Crepes, and every article suitable to the Millinery Trade, to which constant attention will be made throughout the season, thereby enabling them to offer the largest and most desirable selection of articles in their line to be found in the City.  
Philada., March 20, 1854—2m.

Augustin Little,  
March 10, '54.

**WOOL, Butter, and all kinds of Grain, taken in exchange for goods at**  
J. MOORE'S STORE.

**Dr. Guyett's Extract of**  
**YELLOW DOCK & SARSAFILLA.**

**SNOW** put up in the largest sized Bottles, and is acknowledged to be the best Sarsaparilla made, as ascertained by the Wonder Cures it has performed, the original copies of which are in the possession of the proprietor. Remember, this is the only true and original article!  
The best female medicine known! The peculiar maladies to which females are subject commonly produce great bodily exhaustion, accompanied by a depressed and often gloomy state of mind. As the system declines, it strength there is a loss of nervous power, and this very naturally impairs the energy of the mind and disturbs the equanimity of the temper. Every candid woman who has suffered from female complaints will admit this to be the mournful truth. Now to obtain relief, it is only necessary to stop the tendency to depletion and debility. This is done by renewing that fountain of health and strength, the blood, and no medicine accomplishes this desirable result so speedily and completely as "Dr. Guyett's" Improved Extract of Yellow Dock and Sarsaparilla.  
Ladies of pale complexion and consumptive habits, and such as are debilitated by those obstructions which females are liable to, are restored, by the use of a bottle or two, to a robust and vigorous state. Dr. Guyett's Improved Extract of Yellow Dock and Sarsaparilla is a sure remedy for Hereditary taint.  
Females, read the following:  
NEWARK, N. J., Jan. 25.

**Mr. Donnell**—We take pleasure in stating that your Yellow Dock Sarsaparilla gives great satisfaction in every case.  
A very respectable gentleman informed me that his daughter was troubled with difficult menstruation and other diseases peculiar to her sex. She had not had her regular menstrual discharge for a long time. I was cured by your Sarsaparilla. Yellow Dock and Sarsaparilla was radically cured.—She used Townsend's and others without receiving the slightest benefit. He had one daughter also from the same cause.  
J. B. TAFFER & CO.

The cure performed by Dr. Guyett's Extract of Yellow Dock and Sarsaparilla is a lasting one. The patient's general health continues to improve after disease is removed. Cures are not chronic unless time has fully testified that there can be no relapse or return of the disease.  
S. F. Bennett & Co. Agents: I am with great pleasure that I write you about the very happy effect of your Yellow Dock and Sarsaparilla upon my son who has long been suffering under that dreadful, loathsome disease, Erysipelas, with which he was attacked in 1848, and was for several months attended by some of our best physicians, who tried their skill progressively for five months without any beneficial effect whatever. He became reduced to a perfect skeleton. He had ulcers from his hip down to his knee, which were continually discharging offensive matter. Medical and surgical skill was baffled. Physicians said that his case was hopeless—there could be nothing done to arrest those terrible gangrenous ulcers. My neighbors and myself thought his dissolution near at hand. One of my neighbors, who had cured a child of scrofula with your invaluable medicine, wished me to make a trial of it, and more from the restless desire to do something while life lasted, than from any hope of getting relief, I procured three bottles of your "Yellow Dock and Sarsaparilla" and commenced using it, in my astonishment, he commenced to improve before he had used the third bottle, and before he had used a half a dozen bottles, he could walk out. He used in all twelve bottles of your Sarsaparilla, and by October last he was perfectly recovered; every year of the disease, except the sores was removed, and he remains in perfect health up to the present time. His recovery, under the blessings of God, is entirely owing to the use of your Sarsaparilla, and I assure you that I feel myself under great obligations to you and it is with great joy that I inform you of what your Sarsaparilla has done for my son. Respectfully,  
JAMES RUSSELL.  
Price \$1 per bottle—six bottles for \$5. Sold by J. D. PARK, Cincinnati, Ohio.

**Wister's Balsam of Wild Cherry.**

For the instant relief and rapid cure of Asthma Consumption, Coughs, Colds, Hoarseness, Croup and all disorders of the Lungs and Chest.  
Wister's Balsam of Wild Cherry. The best ever known for Coughs, Colds, Asthma, Croup, Influenza, Bronchitis, Bleeding of the Lungs, Difficult Breathing, Liver Affections, Pain or Weakness of the Breast or Side, &c. &c. &c.  
I feel it my duty to state that I have used a melancholy truth that those who fall victims to Consumption every year from no other cause than neglected colds; yet we find hundreds and thousands who treat such complaints with the greatest indifference, and let them run on for weeks, and even months without thinking of the danger. At first you have what you consider a slight cough or cold; allow business, pleasure or carelessness to prevent you from giving it any attention; it then settles upon your breast, you become hoarse, have pains in the side or chest, expectorate large quantities of matter, perhaps mixed with blood; a difficulty of breathing ensues, and then you find your own foolish neglect has brought on this complaint. If, then you value your life or health, be warned in time, and don't trifle with your fall victims to Consumption every year from no other cause than neglected colds; yet we find hundreds and thousands who treat such complaints with the greatest indifference, and let them run on for weeks, and even months without thinking of the danger. At first you have what you consider a slight cough or cold; allow business, pleasure or carelessness to prevent you from giving it any attention; it then settles upon your breast, you become hoarse, have pains in the side or chest, expectorate large quantities of matter, perhaps mixed with blood; a difficulty of breathing ensues, and then you find your own foolish neglect has brought on this complaint. If, then you value your life or health, be warned in time, and don't trifle with your fall victims to Consumption every year from no other cause than neglected colds; yet we find hundreds and thousands who treat such complaints with the greatest indifference, and let them run on for weeks, and even months without thinking of the danger. At first you have what you consider a slight cough or cold; allow business, pleasure or carelessness to prevent you from giving it any attention; it then settles upon your breast, you become hoarse, have pains in the side or chest, expectorate large quantities of matter, perhaps mixed with blood; a difficulty of breathing ensues, and then you find your own foolish neglect has brought on this complaint.
