IMPORTANT FROM JAPAN.-The English papers contain the important announcement under date of Shanghai, April 12, that Commodore same. Perry has succeeded in the object of his visit to Jeddo, and that similar advantages have been obtained for the commerce of this country that had previously been conceded to Russia. The same condition is contained in both treatiesnamely, that three ports are to be opened in a per month, to teach in the common schools in the year. There is no reason to question the truth of this statement, as in our last correspondence mentioned that Commodore Perry's arrival from will please attend. Jeddo was hourly expected. The field which the success of this important negotiation lays open to our commerce is immense.
