The attention of the Medical Profession in Penn. is respectfully invited to the following important facts : 1. Not less than two thirds of the American wo-

men are afflicted with Prolapsus Uteri, and its associated complaints; the result of natural delicacy of organization ; defective physical education ; early marriages ; the various accidents of pregnan-

22. That as Prolapses Uteri is a displacement, or "falling" of this organ, it necessarily involves a like descent, or dragging of the Heart, Langs, Stomach, and Bowels, and that one fundimental condition of cure in all these cases, is, the application of such a Physiological brace, or supporter. as will most effectively brace the weak back and without compression, unsist the relaxed and over taxed muscles in performing their natural office of lifting and holding in their place, the dragging viscera of the Chest and Abdomen from the depressed Uterus. The observation of every Physician, and the extensive and increasing use of abdominal supporters,

3. That the Supporters now in use never have received the approval of the profession, because, they all, in common, act as heating and contining clamps, compresses, and relaxing poultices, creating a necessity for their perpetual use by restrainin WILL practice in the several Courts of Cam-bria, Blair and Indiana counties. All pro-they should only assist, and, also, aggravating the feasional business entrusted to his care will be "falling" and dragging, by their croading and compressing rather, than their bracing and elevating tendener.

> 4. In view of the above facts, which every Thycician has been compelled to feel but too keenly, is it not the duty, as well as the interest of the Profeadon, to seek for an instrument which acts upon established principles of pathology, and which is at once effective, and necessary to the success of the

Mr. Beanett-We take pleasure in stating that your Yellow Dock Sarsaparilla gives great satisfaction in every case.

A very respectable gentleman informed me that his daughter was troubled with difficult menstruaion and other discusses peculiar to her sex. She had not had her regular menstrual discharge for a long time ; but by the use of Dr. Guysolt's Tel-

low Dock and Sarsaparilla was radically cured .--She used Townsend's and others without receiving the slightest benefit. He had one daughter died from the same cause. J. B. TRIPP & Co. The cures performed by Dr. Guysott's Extract of Yellow Dock and Sarsaparilla are lasting. The patient's general localth continues to improve after disease is removed. Cures are not chronicled uncy, and labor, and general neglect of hygicnic men- til time has fady tested that there can be no re-

apso or return of the disease.

Nonway, Herkimer Co., Feb. 1850. S. F. Rennett & Co-Gents : I is with great pleasure that I write you about the very happy effect of your Yellow Dock and Sarsaparilla upon my son who has long been suffering under that dreadful, loathsome discase, Eryaigelas, with which he was attacked in 1848, and was for several months attended by some of our best physicians, who tried their skill preseveringly for five months without any beneficial effect whatever. He became reduced to a perfect skeleton. He had ulcers from his hip down to his knee, which were continually discharging offensive matter. Medical and surgical skill was baffled. Physicians said that his case was hopeless-there could be nothing done to arrest those terrible gangering ulcers. My neighbors and myself thought his dissolution near at hand. One f my neighbors, who had cured a child of scrofa la with your involuable medicine, wished me to make a trial of it, and more from the restless desire to do something while life Insted, than from may hope of getting relief, I procured three bottles of your "Yellow Dock and Sarsaparilla," and commeneed using it, an to my astonishment, he com menced to improve before he had used the third bottle, and before he had used a half a dozen bot thes, he could walk out He used in all twelve bottles during the year '49, and by October last he was perfectly recovered ; every vestigs of the disense except the scars was removed, and he remains in

#### NEW FIRMS

THE FUBLIC ARE HEREBY INFORMED that the late firm of Evans & Jones has entered into a co-partnership with John Evans and John Hare in the Tannery and Boot and Shoe manufacturing business. Their friends are invited to call at the old stand of Evans & Jones, a few doors cost of Carmon's Hotel, and the Tannery establishment formerly owned by J. Moore.

They have constantly on hand a large assortment of French calf-skin, Men and Womens' Morecco Boots and Shoes, and are prepared to execute work on the shortest notice.

The highest each prices paid for hides either in trade or cash.

Being practical workmen themselves, and using none but the very best materials, they are confident they can execute work as well and as cheap as any establishment in the country. February 17, 1854-4f.
