New York, June 20, P. M .- The royal mail steamship Europe, with Liverpool dates to the 20th ult., arrived last evening at New Jersey.

The English transport ship Europe had been destroyed by fire at sea. Twenty lives were lost. The Russians were collecting a large force in Finland, apparently for the purpose of threatening Sweden and Norway.

Great excitement prevailed at Berlin, on the announcement that the Russians had changed their head-quarters to Jassy. Another account says that the Russians had evacuated Jassy.

Lord John Russell has been unanimously reelected to the British Parliament. The conference between the Emperor of Austria appointed agent for the Pennsylvania Rail-

and the King of Prussia has resulted satisfactorily to the allied powers. Prussia will send an envoy to St. Petersburg to

support the summons already despatched thither by Austria. Silistria still holds out against Russia.

It has been decided that seven thousand of the allied troops should go to Varna, and forty thousand to Sebastopol. The latter place, it is said, cannot be taken without a heavy land force. The report that the Turkish commander of Silistria had been killed, is authoritatively contra-

dicted. No further demonstrations have taken place by the allied fleets, either in the Baltic or the Black

The Turkish commanders were using their utmost exertions for the relief of Silistria.

Prince Paskiewitch, the commander-in-chief of the Russian army, had been severely wounded by the Turks. Prince Gortschakoff, in consequence of this mishap, has taken temperary command of A declaration of war by Sweden against Russia

Departement. Seventy thousand of the allied David Evans; troops proceed on to Varna. On the 2d of June, twenty-two transports reached Virial with allied troops on board.

According to letters from Krajowa of the 1st, the Russian lost in the affair at Karakal, on the 30th ult., 1700 killed, 100 wounded, 500 horses taken, and as many killed. The also lost 1000 muskets, 16 pieces of cannon and 1115 prisoners. The "Journal de Frankfort" publishes a fact

which has been mentioned to us from different points of Germany. It is asserted that the Emperor of Austria expressed himself in the following manner in presence of the Duke of Gotha: "I give you my word, that if the Emperor of Russia does not evacuate the Principalities I will declare war to him."-The Duke having asked if he might repeat the words, the Emperor replied; "You might repeat them to whoever would like to hear

It is also said that the instructions of General Mayerhofer are circulated for a proximate rupture

The camp of Boulogne is to consist of 48,000 men. The troops will assemble on the 15th of July.

The cholera has broken out in Dijon and the neighborhood. The state of the weather in France is exciting

serious alarm. A nephew of Omar Pasha, a lad about 14 years of age, had just arrived in Paris for his education. The well known M. Mauguin has just died. He

Twenty thousand French troops have arrived there, and eighteen thousand thousand English, who are encamped in a strong position six miles from Varna. The two armies will soon be complete, and will turn the flank of

the Russians by the Danube. The fleets are near Varna. Schamyl has joined the Circassians in the

The number of troops embarked from France and Algiers, for Turkey, up to the 10th of June, is officially stated to be 72,000 men, and the embarkation of troops going on with great activity. Two members of the highest families in the Crimea have been condemned to transportation to Siberia for not having included their peasants in the

last levy decreed by Prince Menschikoff. It is stated that after the last engagement, in which the Russians had been repulsed, the fortress of Silistria had received a supply of provisions and

amunition, and a reinforcement of fresh troops. Letters from Orsova state that the Ottomans were on the 8th withdrawing from Lesser Wallachia, being ordered to Rutschuk, where Said Pasha is concentrating 40,000 men, to break through the Russian lines at Turtukai, for the relief of Silistria; Omar Pasha intends making a simultaneous movement to raise the siege of Silistria. The exe cution of this plan will probably take place on the 18th or 20th.

King Otto has amnestied the officers of the army who have taken part in the insurrection in the Epirus. Those who present themselves in a month will be restored to their rank.

The following is the account given by General Petes of the recent affair at Calabaca : "We exterminated yesterday the Turks whom we had kept surrounded for the last ten days. We

have killed 500 of them, wounded many, and made 200 prisoners.

"We have alo given chase to 2000 Arabs and Albanians, commanded by Halim Bey and Metzo Malijowa, who had come to their succour. Vanqu'shed and starving, the Turks who escaped took flight last night and abandoned five pieces of canron in good condition, two stands of colors, munitions of war, clothing, the whole of their stores, their wounded, and their tents, of which we took po session. But the greater part of those who fled were drowned in the Peneus, and the others were dispersed. The river is full of dead bodies and the peasants bring them in quantities every moment to the camp. Thus, then, with the aid of Divine Providence, the most formidable camp of the Turks is annihilated, and the insurrection will gain ground. Having been informed to-day that Menel Pasha has destroyed Derende by fire. I have just sent a corps of Macedonians, amountting to 1000 men, and I hope that God will again CH.
