THE SUNDAY LAW. The Sunday Law is pretty generally observed in all parts of this county. Its good effect is certainly felt in this borough, although a few may supply themselves on Saturday evening, which we were guilty of ourselves at one time, and we really amagined it sasted much better on Sunday than on a week day, but those days are all over now, and we hope they may never return.

by-Pre Nic .- A number of our old and young citizens with a few of our transient visitors had partially made arrangements to have a pic nic on last Monday, but through some cause or other it did not come off as anticipated. A few of the more generous, not to be undaunted, secured conveyances and made a pleasant trip to Strongstown, where they were amply repaid by an entertainment served by Mr. A. Lowry. Not being present, we are unable to give an account of the things said and done.

FIRE .- A committee has been appointed by the Town Council to make an examination of the condition and safety of the chimneys and stove pipes running through the roofs of all buildings. The Committee entered upon their duties on last Monday, and made a thorough examination of all the buildings in the borough, and quite a number were returned as being unsafe and among the number was the office of the "Democrat & Sentinel." For the safely of the Domocratic party at large, we'll have it repaired at once.

83-We would call attention to the advertisement

of Messrs, Lemmon & Kittell. They have received a large selection of Drugs, Chemicals, Fancy Goods &c. &c., which have been selected with the utmost care. This branch of business has long been desired in this place, and we hope the present proprietors will be well patronized.

Connected with the establishment is a neat and handsome Mineral Fountain, where Maine Law, as well as anti-Maine Law advocates can enjoy a glass of this delightful beverage. It is exceedingly pleasant during these warm days and evenings. Our young friend George, with his usual smiling countenance will always be in readiness to wait on all who may favor him a call, especially the Ladies.

New BUILDINGS .- Quite a number of new buildings has went up in this place within the last few months, and many others are in contemplation. Dr. Wm. Lemmon has crected a neat and substantial building in front of his residence. The Dr. has certainly displayed considerable taste in the erection of this building, both internally and externally. Mesrss. Evans and Hughes have nearly completed a new building in front of the old one, which adds much to the appearance of the town, also Col. Piper is rapidly rushing up a private residence in Moretown, which we are informed will vie with any of the private residences in the place. There are others, we should like to speak of, but will leave it off for a future time.

Incorrect.

We notice in the Pittsburg Union and also in the Mountain Sentinel, an item to the effect that Gen. Ross last week drew out of the Merchants and Manufacturers Bank of Pittsburgh \$22,000 in gold, to pay the operatives on the Portage Road. This is an error, which might seriously injure Mr. Ross, and we hope our friends will see the propriety of correcting it. He drew on a check twenty-two thousand dollars, left there on special deposit by the Collector-fifteen of it in the ordinary currency, and seven of it in ragged relief. The fifteen thousand were deposited with Bell, Johnson Jack & Co., and paid out on checks. The seven thousand consisted of ragged relief, which Mr. Walker, the Clerk of the Road sent to Harrisburg to be exchanged. The paragraph in question has been the means of starting a rumor that Gen. Ross did draw gold, and bartered it to the bankers for depreciated currency. Of course the rumor that Collectors never get gold-nothing but contains Liquor of the best Brands, also Lagercurrency. The State should pay laborers in Beer, &c., &c., gold, but we are sorry to say that not even an abundance of paper is furnished to do up business on the square.

We made the above announcement in our last week's issue. We were misinformed, and take pleasure in making the correction.
