FOR THE YEAR 1855.
M. M. BALLOU, who has edited the "Pictorial" from the commencement, having bought out the late proprietor, Mr. F. Gleason, will conduct this popular and widely circulated paper on his own account. The new volume will be radically improved in every respect, and will be published on finer paper than ever before, which quality will be continued hereafter without change. The illustrations will be finer, and by better artists than have before been engaged upon the paper, and altogether the publication will be vastly improved and beautified.

Arrangements have been made for representing during the year views of the most notable buildings and localities throughout the United States, as well as giving likenesses of the most prominent characters, male and female, of artists and men of genius, such as have by their own industry and skill made for themselves a fortune and a name. In addition to these, various notable European scenes and occurrences will also be given from week to week, forming a brilliant illustrated journal.
