

Glorious Democratic Victories in Ohio

The spring elections afford the most gratifying evidence that the Democracy are rapidly regaining their ascendancy in Ohio.

These places gave large Know-Nothing majorities last fall. In Columbus and Cleveland the biggest and proscription order only succeeded by meager majorities.

Speaking of the result of the election in Dayton, the Empire says: "The result of the election in this city yesterday proves the truth of what we have all along contended for—that the people can, if they will, defeat the Know-Nothings at every election."

Later from Havana.

The U. S. Steamer Fulton has arrived from Havana. Her search for the U. S. Sloop-of-War Albany has been entirely unsuccessful.

The Fulton left Havana on the 21st, and brings accounts of the execution of Estrampes, which took place the previous day.

Mr. Robinson, the U. S. Consul, under instructions, demanded his trial, under existing treaty stipulations, but, notwithstanding his protest, he was tried by a military court, and condemned.

Having confessed his design to be to secure the independence of the island, he showed the greatest indifference to his fate.

Notwithstanding he was heard above the din to shout, "Liberty forever"—"Death to all Kings."

The right of visitation.—The Washington Union contends for the following propositions: 1st. That an American ship, armed or unarmed, public or private, has a right to pursue her lawful commerce on the ocean without being impeded, detained or seized against her own consent, by the public armed vessel of any foreign nation whatsoever.

2d. That any public armed ship may "approach" an American vessel pursuing a lawful commerce, so far as this does not draw after it the right of visitation, and without derogation of the right of the American to pursue her voyage without lying by or waiting the approach of a public armed ship.

3d. That the right of an American so approached to continue her voyage, without lying by or waiting for the approaching vessel, is perfect and clear.

4th. That the attempt of any foreign armed vessel forcibly to impede, detain, and visit an American vessel pursuing her lawful commerce on the ocean may by force also be resisted.

REPUBLICAN MOVEMENTS IN CANADA.—Though attached, by the strongest prejudices of national ties to the mother country, as the British portion of the population of Canada has been for a long period, there has yet been gathering during the past ten or fifteen years a sentiment among the people, favoring of republicanism, that cannot be concealed, and is at length avowed in open parliament, and to the extent of making the Legislative Council elective, the member of which are now appointed for life, and to the taking away from the members of the Councils all property qualification.

A RICH LEGACY.—The McIntyre estate, bequeathed to the city of Zanesville, Ohio, it is said, now amounts to about \$300,000—the annual proceeds of which, in interest, rents, &c., are to be appropriated to the support of a school for the poor.

Correspondence of the Democrat & Sentinel.

PHILADELPHIA, April 1, 1855.

The steamer Asia arrived at Halifax on the night of the 29th, with one week's later from Europe. The Vienna Conference had been formally opened on the 16th, and all eyes were turned up to it to note the chance of peace, which are considered to be nearly equally balanced with those for a protracted war.

The details of the foreign news brought by the Atlantic furnish us with a long account of a pamphlet upon the conduct of the Crimean expedition, which has recently been printed in Belgium, and excited much attention in France and England.

At first, Lord Raglan, nearly all the naval commanders, and Prince Napoleon were strongly opposed to it, but the Marshal succeeded in convincing them despite the prince's representations to the contrary—that it would be a mere holiday task—that the Russians force in the Crimea would be easily subdued, and Sebastopol completely at their mercy, or at the worst, if compelled to besiege it, it would be compelled to surrender in a short time.

The author alleges also that after the battle of Inkerman and Balaklava, Lord Raglan proposed to embark the relics of the army, but the French Generals opposed the proposition.

Uncle Sam has recently been achieving quite a victory in a small way over John Bull, in our peaceful city, by the capture of a detachment of Her Majesty's troops, or in other words, a warrant was issued by Commissioner Hazlett for the arrest of the parties concerned in the enlistment of troops for the English service in our city.

Having confessed his design to be to secure the independence of the island, he showed the greatest indifference to his fate.

Notwithstanding he was heard above the din to shout, "Liberty forever"—"Death to all Kings."

lith of breaking his neck, and yet saving it after all, met with quite a disappointment the other day. A "Professor" of the "science" of walking the rope, advertised to cross the street in front of the Circus upon a wire ninety feet from the ground.

A great many people had made preparations to witness the feat, but the Mayor interfered and prevented it, on the ground that it would cause the assemblage of a very large, and probably riotous concourse.

Our markets have not recently undergone any important change. Beef cattle sell at the exorbitant rate of from \$10 to \$13. Flour commands \$9.50 to \$9.92 per barrel; Rye Flour, \$6; Corn Meal, \$4.25, Wheat sells for from \$2.28 to \$2.38; Rye, \$1.25; Corn, 92a3c.; Oats, 56a57c.

The Wheat Crop of the West. We learn from a gentleman who has travelled pretty extensively through the States of the North-west during the past six weeks, that the prospect of the wheat crop was never better.

In Iowa a large quantity has been sown, but so great is the emigration to that State, and so rapidly did it fill up last season, that a large portion of the surplus will be required for the new settlers there and in Kansas and Nebraska.

Throughout Illinois, it is represented that the crop never looked better. The high prices of the last few years, and the almost certainty that there will be but little abatement during the present year, have stimulated the farmers to sow an extent beyond former precedent.

Witness the Honorable George Taylor, President of said Court at Ebersburg, the ninth day of March, A. D. 1855.
