The Commonwealth of Pennsylvania to JOHN TAYLOR, of Cambridge County, GREETING:

NEW GOODS.
JERRY MEGONIGLE would respectfully announce to the public that he has just received, and opened at the stand well known as the "Mike Walsh" House, at the foot of Plane No. 4, a lot of New Goods, which have been carefully selected with a view to the wants of this community.
His stock embraces Dry Goods such as Calicoes, Delaines, Barges, Muslins, which he will sell at the lowest figure; Made up Clothing, Coats, Pants, Vests; he would especially call the attention of an established public to his stock of miraculous Hats, containing specimens of the Hong Kong, the Sebastopol, and the half shaved Hat, forming a collection of novelties never equalled in this, and very few other countries.
His stock of Shoes and Boots, defies competition. The Eureka Slippers, the Parodi enameled Shoes, Jenny Lind Buskins, will afford unmitigated delight to the fair votaries of the "merry dances," while his Kosuth Boots, May Schamy Pump, and the untiring "O'Rourke brogue," will enable the lords of creation to do the tallest kind of walking.
His Groceries he will sell at cost and carriage, considering the hardness of the times he wishes to make no profit on the provision which sustain human life, but the half shaved Hat, he would distinctly suggest, that if ever any article of sugar was entitled to a premium, that which he offers to the inspection of a discerning public, certainly is the one.
"Jerry" wants "all the world and the rest of mankind" to come and see his establishment and get bargains—he is here.
JEREMIAH MEGONIGLE.

AYER'S PILLS.
FOR ALL THE PURPOSES OF A FAMILY PHYSIC.
There has long existed a public demand for an effective purgative Pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown that it accomplishes the purpose designed. It is easy to make a physical Pill, but not so easy to make the best of all Pills—one which should have none of the objections, but all the advantages of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These Pills produce no irritation or pain, unless it arises from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is best to use them in moderate doses, and to take them judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been specifically cured by them we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Lumbago, Irritation, Biliousness, Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins, for in truth all these are but the consequence of diseased action of the liver. As an aperient, they afford prompt and sure relief in Constipation, Piles, Colic Dysentery, Humors, Scrofula and scurvy, Colds, with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required. They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous even though no serious derangement exists; but unnecessary doses should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed that this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known the public will no longer do without them, but to employ them in need of a cathartic medicine.
Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.
For minute directions, see the wrapper on the box.
