To the Teachers, Boards of Directors, and friends of Education of Combris county.

You are necessary respectfully invited to attend a Teachers Institute to be held in the borough of Ebensburg to commence on Tuesday, October 18th at 10 o'clock, A. M. and to continue in session four days.

Our efforts failed last year, on account of not having any preparations made prior to the call of the Superintendant. But to prevent a like failure, we have engaged persons, to act as lecturers and instructors. The following have been engaged. B. M. Kerr Superintendant of Allegheny county. James M. Prior, Principle of Third Ward school Pittsdurg, and F. I. Thomas, of Pittsburg, all able and experienced teachers, and well qualified to impart that instruction so much need ed by the teachers in our common schools. The Presbyterian church has been procured for the use of the Institutute, also a reduction in the price of boarding is anticipated, which will somewhat lessen the expense of those who may attend.

The following subjects will be lectured upon during the evenings of its sessions.

The Past, Present and Future of the common school. By R. L. Johnston county Sup't.

The relative duries of parents and teachers.—By F. I. Thomas.—The daily preparation of the teacher for his school-room duties.—By James M. Pryor.—What is Elucation.—By B. M. Kerr.

When once tried its superiority over every other medicine of its kind, is too apparent to escape observation and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs, which are incident to our climate.

dangerous affections of the pulmonary organs, which are incident to our climate.

Nothing has called louder for the earnest enquiry of medical neu, than the alarming prevalence and fatality of consumptive complaints, nor has any one class of diseases had more of their investigations and care. But as yet no adequate remedy has been provided, on which the public could depend for protection from attacks upon the respiratory organs, until the introduction of the Cheany Petronal. This article is the product of a long, laborious, and I believe successful endeavor, to furnish the community with such a remedy. Of this last statement the American ceries in proportion, at JOHN M'COY'S. endeavor, to luring the contact the American remedy. Of this last statement the American people are now themselves prepared to judge, and I appeal with confidence to their decision. It there is any dependence to be placed in what men of every class and station certify it has done for them, if we can trust our own senses, when we see dangerous affections of the throat and lungs yield to it, if we can depend on the assurance of intelligent Physicians, who make it their to call and settle, them.

Jefferson, dune 6, 4855. we see dangerous affections of the throat and lungs yieldido it, if we can deepend on the asstrance of intelligent Physicians, who make the stranger in short if there is any reliance upon anything, then is it irredutably proven that this medicine does relieve and does care the class of diseases it is designed for, heyend any and all others that are known to markind. If it is be true, it cannot be too feedly published, nor be too widely known. The afflicted should know it. A remedy that cures, is priceless to them. All should know it, for health can be priced to no oze. Not only should it be circulated here, but everywhere, not only in this country, but in all countries. How faithfully we have acted on this conviction, is shown in the fact that already this article has made the circles of the globe. The sun never sets on its limits. No continent is without it, and but few people. Although not in so general are in other nations as in this, is in any ployed by the more intelligent in almost all civilized countries. It is extensively emisored in both America,—in Europe, Asia, Africa, Apstralia and the far off islanciator there are any they grasp at a valuable remedy with even more avidity. Unlike most preparations of its kind, it is an expensive composition of costs is hypothesis. Still it is afforded to the public at a reasonably low price, and what is of vastly more importance to them, its quality is mover suffered to decline from its original standar of excellence. Every bottle of this medicine, now manufactured, is as good as ever as been made heretofore, or as we are capable of making. No toll or cost is hypothesis to retail.

The fact of the converse and the proposition of excellence. Every bottle of this medicine, now manufactured, is as good as ever as been made heretofore, or as we are capable of making. No toll or cost is hypothesis to retail.

The fact of the public at a reasonably low price, and what is of vastly more importance to them, its quality is never suffered to decline from its original standar

by those who testify to its cures.

By pursuing this course, I have the hope of doing some good in the world, as well as the patisfaction of believing that much has been done
