**AYER'S  
CHERRY PECTORAL**  
For the rapid Cure of  
COUGHS, COLIC,  
HOARSENESS, BRON-  
CHITIS, WHOOPING COUGH,  
CROUP, ASTHMA, AND CONSUMP-  
TION.

THIS remedy is offered to the community with  
the confidence we feel in an article which  
seldom fails to realize the happiest effects that  
can be desired. It is the result of its useful-  
ness and so numerous the cases of its cures, that  
it has become the property of the country, and  
persons, publicly known, who have been restored  
from alarming and even desperate diseases of the  
lungs, by its use. When once tried its superior-  
ity over every other medicine of its kind, is too  
apparent to escape observation and where its vir-  
tues are known, the public no longer hesitate  
what antidote to employ for the distressing and  
dangerous affection of the pulmonary organs,  
which are incident to our climate.  
Nothing has called louder for the earnest en-  
quiry of medicinal men, than the alarming pre-  
valence and fatality of consumptive complaints, nor  
has any one class of diseases had more of their  
investigations and care. But as yet no adequate  
remedy has been provided, on which the public  
could depend for protection: from attacks upon  
the respiratory organs, until the introduction of  
the CHERRY PECTORAL. This article is the pro-  
duct of a long, laborious, and I believe successful  
endeavor, to furnish the community with such a  
remedy. Of this last statement the American  
people are now themselves prepared to judge, and  
I appeal with confidence to their decision. If  
there is any dependence to be placed in what  
we say of every class and station verify it for  
them, if we can trust our own senses, when  
we see dangerous affections of the throat and  
lungs yield to it, if we can depend on the as-  
surance of intelligent Physicians, who make it  
their business to know,—in short if there is any  
reliance upon anything, then it is irrefragably  
proven that this medicine does relieve and does cure the  
class of diseases, it is designed for, beyond any  
and all others that are known to mankind. If  
this be true, it cannot be too freely published, nor  
be too widely known. The afflicted should know  
it. A remedy that cures, is priceless to them.  
Parents should know it, their children are pre-  
cious to them. All should know it, for health can  
be priced to no one. Not only should it be dis-  
tributed here, but everywhere, not only in this  
country, but in all countries. How faithfully we  
have acted on this conviction, is shown in the fact  
that already this article has made the circles of  
the globe. The sun never sets on its limits. No  
continent is without it, and but few people. Al-  
though not in so general use in other nations as  
in this, it is employed by the more intelligent in al-  
most all civilized countries. It is extensively  
employed in both America,—in Europe, Asia,  
Africa, Australia and the far off islands of the  
sea. Life is dear to its possessors there as here,  
and they grasp at a valuable remedy with even more  
avidity. Unlike most preparations of its kind, it  
is an expensive composition of costly material.  
Still it is afforded to the public at a reasonable  
price, and at what is really more important  
to them, its quality is never suffered to decline  
from its original standard of excellence.—Every  
bottle of this medicine, now manufactured, is as  
good as ever as been made heretofore, or as we  
are capable of making. No toil or cost is spared,  
in maintaining it in the best perfection which it  
is possible to produce. Hence the patient who  
procures the genuine CHERRY PECTORAL, can rely  
on having a good article as has ever been had  
by those who testify to its cures.  
By pursuing this course, I have the hope of  
doing some good in the world, as well as the sat-  
isfaction of believing that much has been done  
already.
