

Among the numerous discoveries Science has made in this generation to facilitate the business of life—increasing its enjoyment, and even prolonging the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so effectively control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cure effected by its use, but we would present the following—and refer further enquiry to my American Almanac, which will be sent free, wherever it is desired, to furnish free, wherein are full particulars, and indisputable proof of the statements. Office of Transportation, Laurens R. R., S. C., Aug. 4, 1853.

Dr. J. C. AYER, Dear Sir,—My little son, four years old has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person who had touched him, pronounced him a dead child. Having used your **CHERRY PECTORAL**, in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a tea-spoonful every three hours, commencing in the morning, and by ten o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

I use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs, I believe it the best medicine extant. A feeling of the deepest gratitude, prompts me in addressing you these lines—but for your important discovery, my little boy would now have been in another world. I am yours, with great respect,
J. D. POWELL, Supt. Trans., L. R. R. Rocky Hill, (Somerset Co.) N. J., July 21, 1852.

Dr. J. C. AYER, Dear Sir,—Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me Yours, with respect,
JOHN C. WHITLOCK.
P. S. Almost any number of certificates can be sent you if you wish it.
Windsor, C. W., June 26, 1852.

Dr. J. C. AYER, Dear Sir,—This medicine is much approved of by those who have used it here, and its composition is such as to insure its maintenance of its reputation, and I invariably recommend it for pulmonary affections, as do many of our principal physicians. I am your friend,
CHAS. STREATER, M. D.
