

Among the numerous discoveries of Science made in this generation to facilitate the business of life—its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto vexed from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a remedy has at length been found which can be relied on, to care the most dangerous affections of the lungs. Our space here will not permit us to publish any more of the cures effected by it, but we would present the following—and refer further enquiry to my American Almanac, which the agent below named, will always be pleased to furnish free, wherein are full particulars, and indisputable proof of the statements. Office of Transportation, Laurens R. R., S. C., Aug. 4, 1856.

DR. J. C. AYER, DEAR SIR,—My little son, four years old has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him, pronounced him a dead child. Having used your **CHERRY PECTORAL**, in California, in the winter of 1855, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a tea-spoonful every three hours, commencing in the morning, and by ten o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain. The use of the name named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs, I believe it the best medicine extant. A feeling of the deepest gratitude, prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world. I am yours, with great respect,
J. D. POWELL, Supt. Trans. L. R. R. Rocky Hill, (Somerset Co.) N. J., July 21, 1852.
DR. J. C. AYER,—Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say is it is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.
Please send me a further supply, and believe me yours, with respect, **JOHN C. WHITLOCK.**
P. S. Almost any number of certificates can be sent you if you wish it.
Windsor, C. W., June 26, 1852.
DR. J. C. AYER, Sir,—This may certify that I have used your **CHERRY PECTORAL** for upwards of one year; and it is my sincere belief that I should have been in my grave ere this if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy. Yours very respectfully,
D. A. McCURE, Attorney at Law, Wilkesbarre, Pa., September 28, 1851.

DR. J. C. AYER, DEAR SIR,—Your medicine is much approved of by those who have used it, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians. I am your friend,
CHAS. STEVENS, M. D.
