tract is well timbered with the same varieties as and specifics without any good result, from 25th No. 1. The Bedford road passes through the August to 17th December. But seeing how nicesouth end of this tract, and the new State road | ly it operated on my brother, I got a bottle of effected a permanent cure by using two thirds of

a bottle." S. M. CONKLIN was not here, but both the other sold the medicine to both the same day, and the cure was as speedy from the same small quantity and I might so specify, Yours with respect, A. HUNTINGTON.

The above speaks for itself. Good proof as it is, it is of no better tenor than the vast number of like certificates I have already published, and the still greater amount that is continually pouring in to me.

One thing more. Last year I had occasion to Caution the Public in these words :---" I notice one firm who have taken one of my

general circulars, substituted the name of their nostrum for my medicine, and then with brazea impudence end their pamphlet with the exclamation, "Let the proprietor of any other medicine say as much if he dares." Sec.

Now I take pleasure in saving that the Cauinf referred to the same "Dr. Christie's Ague Balsam" that is mentioned in the above cer-

tificate. There are several other industrious people who are applying to their poisonous trash all that I publish about my fe er and Ague Cure, or Antidote to Malaria, except the Certificates of Cures, and the Certificate of the celebrated Chemist Dr. James R. Chilton of N. Y., in favor of its perfeetly HARMLESS CHARACTER, which is attached to every bottle. These will always serve to distinguish my medicine from imitations.
