One Fire More!

Let no consideration induce voters to stay away from the polls next Tuesday. Although the enemy has been beaten fairly and completely on the 2nd Tuesday of October, yet they will make another desperate effort on the 4th November. The 14th October was but a mere skirmish, preparatory to the grand battle which is to be fought on the first Tuesday of November. Although our vote in October was large and gratifying to every true American, yet it is now well known, that many votes were not polled in Allegheny, Chest, Clearfield and other districts, which should certainly be got out on next Tuesday.

The enemy are still numerous, perfectly organized, and will fight hard. They have the command of vast sums of money sent from Boston, New York, and other places to be used in a disgraceful attempt to purchase votes for Fremont and Disunion, in Pennsylvania. The returns of the State election show that in the Wilmet District, and in other localities where they have control, they return hundreds, nay, thousands of fraudulent votes, they will do so again on next Tuesday, and to a greater extent. They are determined that this election shall be carried in defiance of the will of the people, and that this, our beloved Union, purchased at the price of so much blood and so many inestimable sacrifices shall be torn asunder, and that our free Pennsylvania shall be made a mere appendage to Boston and New York; that Pennsylvanians shall no more make their own laws, but be governed by the Greeley's, the Bennetts, the Beechers, and the rest of that horde of howling fanatics who have already sufficiently disgraced humanity!

Remember, Freemen, that if you neglect your duty on next Tuesday, you may entail a worse than British tyranny on yourselves and your children. If you neglect it then it may be the last time that you can ever exercise that inestimable privilege of the American citizen, the freedom of the ballot.

No more solemn duty was ever committed to the hands of men, than that which devolves upon the citizens of our country next Tuesday. From their action upon Tuesday depends most surely the weal and woe, the perpetuation or destruction of the Union. If, which God forbid, through supineness, negligence, forgetfulness, or cowardice, John C. Fremont should be chosen President, then farewell Peace, farewell public confidence, and domestic security. From that moment the Land will be in a State of war. It cannot be otherwise. His party ignore, repudiate, spit upon fifteen equal, sovereign members of our confederacy; can any man pretend that the President of sixteen states can ever be inaugurated chief magistrate of Thirty one!

Remember, Freemen of Cambria county! Do your duty here. Let no imaginary pretence of business keep you away from the polls. Can anything be more important to you than the welfare of the country which protects and sustains you? Do not disgrace your selves by childish excuses about inclemency of weather, or distance to the polls. Did our Fathers, regard distance or heat or cold when they fought without clothing at Kings mountain, or when their march could be tracked by their blood over the snows of Valley Forge? And Remember! If our happiness and our Freedom depended on their bayonets, then so do they depend upon your ballots now, and on next Tuesday, these unpretending pieces of paper will be potent as the decrees of destiny.

EVANS & HUGHES.—This firm has received their fall and winter stock of ready-made clothing. They defy all competition, and warrant their goods in point of quality and price to be far ahead of any establishment in the county. See advertisement.

A House Divided against Itself.

Since the defeat of Black Republicanism in this State at the late election, the combined forces of opposition to the Democratic State Ticket, have resolved themselves into their original elements, and the democracy on next Tuesday will have arrayed against it three Electoral Tickets. The first is the original Fillmore ticket adopted at Harrisburg last June, the Electors at large, being Joseph R. Ingersoll and Andrew Stewart. The second is what is called the Union Electoral ticket, which was framed at Harrisburg on the 21st instant, by a portion of the large and Fillmore men, the Electors at large being JOHN C. FREMONT, and James Irvin. The third and last is what is called the pure, unadulterated Fremont ticket, the Electors at large being John Y. Crawford and Jacob G. Backofen. On this ticket, the Elector for this District is David J. Jones of this place. It is not pretended by any sane man, that either of these tickets, has the most remote chance of success on next Tuesday. Their utter and overwhelming defeat is a foregone conclusion. The ticket with Fremont's name at its head is a political hybrid, a perfect mongrel, composed of thirteen Fremont and thirteen Fillmore men, with Fremont as a cross between the two, for the twenty-seventh. To an honest man, this union of black spirits and white, blue spirits and gray, must be deeply humiliating. It is the first time in the political history of this country, that so disgraceful a spectacle has ever been exhibited to the people; the first time that a Presidential candidate, has so far compromised his high position, as to become an elector in a State of which he is not a citizen. With what pride, can the democratic party contrast their conduct, ever since Buchanan's nomination, with such political thimble-rigging. Sooner than see James Buchanan's name prostituted to such base and unworthy purposes, we would infinitely prefer that he should retire from the contest. Such however, will always be the fate of a party, that has no principle to guide and direct its movements. The supporters of Fremont have the impudence to ask foreigners to vote this ticket, when it is an admitted fact, that thirteen of the Electors are rabid Know-Nothings. If they can do it, and reconcile it with their sense of pride and conviction of duty, they are not the men we take them to be.

That Banner—Indiana County.

The papers are still discussing the claims of different counties for the Philadelphia banner. We announced before the election that Cambria county was in the ring, and if the banner is to be given to one of those counties that gave a majority, then we think that Cambria will receive it. But if, without reference to majority, the banner is to be given to the county that polled the greatest percentage of increase on the Democratic vote of last year for Canal Commissioner, then the claims of Indiana county are beyond question. No county in the State can show anything like such percentage of increase. The vote polled for Plummer last year, in Indiana county, was 667; this year, the vote for Scott is 1506; the increase is consequently over 125 per cent! No other county in the State has increased the Democratic State vote up to 100 per cent.

No Democrats in the Union have made a better fight than those of Indiana county.—With the wealth and influence of the county against them, overrun with freedom shriekers, with the clergy openly in the field for Fremont, without a democratic newspaper published in the county, until a few weeks before the election, they have yet manfully stood up, fought against all odds, and more than doubled their vote! Such courage and constancy is beyond all praise. We say, let Indiana county have the banner.

Judge McLean, of Ohio, for Buchanan.

This distinguished gentleman, who was the competitor of John C. Fremont, in the Philadelphia Convention, has announced himself in favor of the election of James Buchanan.—He is bitterly denounced for so doing by the Fremont papers in Cincinnati. Judge McLean was almost the unanimous choice of the Republicans in this county for the Presidency. His love of the country and its constitution, of which he is so able an expounder, has risen superior to his devotion to party, and he is now marching under the same national flag with Rufus Choate, Reverdy Johnson, James B. Crary, and hundreds of other gallant and patriotic old line Whigs.

Compliment to Cambria County.

Thurlow Weed, the editor of the Albany Evening Journal, one of the leading Fremont papers in New York, and one of the men who were at Harrisburg last week, getting up the bogus Union ticket, is out in an article attacking the people of Cambria county for not voting for Fremont. He says that the people of Cambria are so besotted, so ignorant, that a majority of them cannot distinguish B from an ox-yoke! Now if the people of Cambria county can be induced to go for Fremont by such persuasion as the above, we are much mistaken. On next Tuesday, November 4th, the people of Cambria will show Mr. Weed that they cannot be fooled by him; cut as he thinks himself to be, he cannot come it over them with this yankee trick. They will prove their intelligence and patriotism by casting an increased vote for Buchanan, Breckinridge and the Union.

MEETING AT JEFFERSON.

The Democracy of Summerhill and adjoining districts will meet on Monday, November 3d. Distinguished speakers will be present. Let there be a full turnout. It will be the last meeting before the election, and let it be a rouser.

DEMOCRATS, BEWARE!!

We call the particular attention of our democratic friends throughout the country, to the following article from the "Pennsylvanian." We have no positive evidence, that in this county the opposition intend to distribute fraudulent tickets. Since their defeat however in this State, the leaders of the Fremont party have become so perfectly desperate, that they will resort to any means, for the purpose of defeating Buchanan in his own State. It behoves the democracy therefore, to keep a vigilant eye on the enemy, and to take care, at every election poll in the county, that no ticket is voted without having first carefully examined it.—

To be Forewarned is to be Forearmed. Our Democratic friends, and those national Whigs who operate with them throughout Pennsylvania and the country, must not be too confident that, because we have effectually defeated the opposition at one election, therefore it will be an easy triumph at the next. Nothing that now seems to be on the surface of events can prevent this State from piling up a JACKSON majority for JAMES BUCHANAN on the 4th of November. But it is not to be concealed that most of those who failed in October will be ready to do so again, in the coming struggle. Hence in every town of the State, in every school district and ward, every township and county, our men must be prepared for every emergency. Above all, let them not be deceived by the apparent rankie which now pervades the opposition ranks. It is certain, and we may speak from the book when we say it, that an immense sum of money—one cent tells us at least \$70,000—has been raised in the city of New York by the friends of Fremont to operate in Pennsylvania in this election. The almost incalculable sum expended during the last contest was thrown with prodigious effect into the border counties, as the result in those counties plainly shows; and though we have broken the back of the poisonous serpent, yet it is a fact in natural history, that the tail which contains the sting, is the last to die. Therefore, even in the expiring agonies of our opponents, they will attempt to strike a blow which may be mortal. See to the Electoral tickets. See that every name is correctly printed. Have the ticket put up in a prominent position at each poll, so that every voter can compare his own ticket with an authorized copy. The State Central Committee has forwarded to the Democratic electors, carefully corrected lists; and our friends throughout the State should see that their own tickets are printed after careful revision with the ticket sent them.

In 1844, the opposition circulated a false ticket by putting genuine names at the head of it and concealing a number of opposition names in the middle of the list. Avoid any such accident. Prevent any such frauds from being perpetrated again. We cannot be too careful in watching our most unscrupulous and reckless adversaries in this, the hour of their desperation.

Fraudulent Voting.

The opposition have been endeavoring to conceal their defeat, by raising the cry of fraudulent votes. The annexed extract shows on what a large scale they played this game themselves.

THE CRY OF FRAUD—LOOK AT THE FIGURES.

A correspondent of the *Pennsylvanian*, thus effectually disposes of the cry of fraud raised by the Abolitionists, and shows that if there was fraud in the late election, the opposition are clearly chargeable with it: By examining the returns of the recent election, it will be seen that the vote of Pennsylvania, on Canal Commissioner, amounts to 422,989. The population of our State, by the census of 1850, was 2,211,786. We have then, without taking into account the increase in population, one vote for 5.49 of population of 1850.

Philadelphia gave, at the recent election, 68,642 votes, which, with a population of 408,762 in 1850, is one vote for 5.95 of inhabitants; that is one vote for nearly 6 persons—much less than the average of the State.

If we look further, we shall find that the counties which have the largest vote returned for the population, are those along the New York line infested with Abolitionism! For instance—

County	Pop'n	Off. Vote	That is 1
Wayne	21,890	4,247	5.09 of inhab's
Susque'na	28,028	5,774	4.98 "
Bradford	42,831	8,059	5.31 "
Tioga	29,987	4,890	4.98 "
Potter	6,048	1,791	3.37 "
McKean	5,254	1,228	4.27 "
Warren	13,671	2,812	4.82 "
Phila.	408,762	68,480	5.95 "

It will thus be seen, that the figures—which it is said, do not lie—prove that the cry of fraud, as applied to the late election in Philadelphia, in consequence of the increase of votes, is absurdly and foolishly false; that while here there is but one vote for six of population, in the aboriginal counties of Bradford, Susquehanna, Tioga, Potter, and McKean, there is a vote for 5.31, 4.98, 4.37, 4.87, and 4.27 of inhabitants. These results in these infested districts demonstrate pretty clearly, that the cry of colonization, ballot-box stuffing, &c., raised here by the Abolitionists and their allies before and since the recent State election, was but the usual expedient of a certain gentry of the cry of "stop thief!" to hide their own vile intentions.

I. O. O. F.

The following named members of the different Lodges in this District were duly installed as officers for the next semi-annual term: HIGHLAND LODGE No. 428.—D. C. Zahn, N. G., G. W. Wisegarver, V. G., G. C. K. Zahn, P. S., C. T. Roberts, A. S., Lewis Hoover, Treas. Representative to the Grand Lodge, D. C. Zahn. ALMA LODGE, No. 523. T. H. Lapsley, N. G., E. M. Smilly, V. G., Wm. Canan, Sec'y., Jas. Moore, A. S., Jas. Morely, Treas. Representative to the Grand Lodge, J. M. Campbell. CONSUMMATION LODGE, No. 101. T. R. Kimmel, N. G., J. P. Linton, V. G., J. H. Fisher, Sec'y., Geo. Cupp, A. S., G. Dyerly, Treas. Representative to the Grand Lodge, Alexander Kennedy.

The Pope.

That funny fellow, John Penn Jones, of the Hollidaysburg Register, is still endeavoring to root out the Pope, a personage who according to some authors, resides in Rome, but who, according to the execrating Jones, is now like Fremont running for President in Pennsylvania. Last week, Jones calls upon the freemen to turn out and vote, not against Buchanan, but against the Pope! We did not know that Pius was in the ring, but we submit of course to Jones superior knowledge of everything pertaining to Pope and popery.

By the way we should like to have Jones' opinion or "commentary" upon the following passage from an old author, upon which we have often pondered. Any intricacies in the text can be explained to Jones by Olmus, V. P. C. F. C. Der Pabst lebt herrlich in die welt, Es füllt ihm nie ein allsag geld; Er trinkt vom allerbesten wein, Ich möchte auch der Pabst wohl sein! Doch nein, Er ist ein armer wicht, Ein holdes mädchen küsst ihn nicht; Er schmeichelt ihm in seinem Bett allein.

FREMONT A CATHOLIC.

Much has been said during the campaign, in relation to Mr. Fremont's religion. The Fillmore press charged upon him that he was a Catholic.—Mr. Greeley, indignant that his candidate should be suspected of worshipping the pope, denied the charge, and after much vexed discussion, announced with a flourish of trumpets, that he had published a pamphlet, clearing John C. Fremont of the charge. In the pamphlet, Horace says that there was another Fremont, who was an officer in the army, resembled J. C. Fremont, and was a Catholic. This other Fremont has turned up.—His name is Sewell L. Fremont. He has published a letter, stating that he was formerly in the army, but now resides in North Carolina; that he was never a Catholic, and that he does not resemble John C. Fremont. He also states that he has long known John C. Fremont, and that John C. has always been a Catholic. Horace is now ashamed, both of his pamphlet and his candidate. The horrible truth has broke in upon him at last, that the daring John C. is a worshipper of the scarlet lady of Babylon.

The proofs, that John C. Fremont is a Catholic, are now irrefragable and cannot be denied. It is indeed a queer position of parties at present, while such men as Thurlow Weed are blackguarding the Catholics of Cambria, and Bowman of the Tribune is pitching into the "Magellans, the Fenlons, the Georges, the Grays, the Glasses," because they "do not eat meat on Friday," and that mad cap wag John Penn Jones, is bawling himself hoarse, warning the people "not to vote for the Pope!" the very same Weed, and Bowman and Jones are all united in support of John Charles Fremont, who is himself a Catholic.

Thurlow Weed, the editor of the Albany Evening Journal, (woolly head) in an article reviewing the causes of the defeat of Black Republicanism in Pennsylvania, asserts that in Cambria county every eighth man does not know the difference between B and an ox-yoke. If the "frosty sons of thunder" ever catch this vile slanderer in Cambria, he will discover that they know how to use a cow-bird.

INSULTS TO PENNSYLVANIA.

The effects of good and bad neighborhood are strikingly shown in the result in Pennsylvania: There are eight counties bordering on Western New York, and they vote just as Western New York does, largely for Freedom. There are four counties on the Ohio line, and they go as Ohio does, strongly for Freedom. There are seven counties in the Southern tier on Virginia and Maryland, and they vote, all but two, with Virginia and Maryland, for Slavery. There are six counties bordering on New Jersey, and they are like New Jersey alone and doubtful. These two counties touching North Delaware, and they are like North Delaware, Free Soil.

Freedom and Enlightenment are closely connected. Lancaster, the ancient capital, and the best cultivated county in the State; where they have more farms, more schools and more Churches than in any other county of its size, gives a rousing majority for the Fremont ticket. Crawford, where nine hundred and ninety-nine men out of every thousand can read and write, rolls up a heavy majority for the Fremont ticket. Pittsburg, where mechanics are skillful and numerous and thrifty, polls a large majority for the Fremont ticket. But among the Mines of Luzerne, Northumberland and Schuylkill, where schools are scarce and wages low, there is a majority for Buchanan.

IN CAMBRIA, WHERE EVERY EIGHTH MAN CANNOT TELL B FROM AN OX-YOKE, NOR WRITE HIS NAME TO SAVE HIS LIFE, there is a majority for Buchanan.

In the purlieus of Philadelphia, where vice and ignorance do congregate, there is a majority for Buchanan. In Pike county, where there is (or was till lately) but one newspaper and that a weekly, there is a majority for Buchanan. The best orators for Fremont are the Farm, the Mill, the Schoolhouse, the Press and the Church. The only effective campaign document for Buchanan is the five dollar bill.—*Albany Evening Journal.*

NEW FIRM.—It will be seen by a card in to-day's paper that T. L. Heyer and G. M. Reed, Esq's., have entered into partnership in the practice of the law. Mr. Heyer is well and favorably known to the citizens of our county as District Attorney, an office which he has filled for the last three years with credit to himself and to the satisfaction of the citizens generally, and as an evidence of the fact, was re-elected this fall to fill the office one term longer.

Mr. Reed, his partner, is a young man of no ordinary ability, and it is generally conceded that he has few equals at the bar, for the short time he has been practising. His close attention to business has won him many friends. We hope the new firm may receive many fat clients.

Fillmore in Philadelphia.

At an immense meeting of the friends of Fillmore, held in Philadelphia on last Saturday, the following resolutions were adopted amidst the greatest enthusiasm. They drive the nail into the political coffin of John C. Fremont.

Resolved, That this meeting cordially endorses the action of the Fillmore State Committee, in refusing to withdraw the Fillmore Electoral Ticket, or to enter into any compromise which would in any manner, directly or indirectly, implicate the friends of Millard Fillmore in the election of John C. Fremont to the Presidency.

Resolved, That regarding the election of John C. Fremont equally detrimental to the peace and welfare of the Republic as that of James Buchanan; looking upon them both as mere sectional candidates, representing not the whole country, but the selfish interests of the North as arrayed against the South, and of the South against the North, we will in no wise be accessory to the fruition of the schemes of agitation, strife and national discord involved in their success.

Resolved, That the Union Electoral Ticket is a fraudulent device to entrap the friends of Millard Fillmore into the support of John C. Fremont, and that we repudiate it as we do the principles of the party that we would support, in giving it our votes.

Resolved, That the withdrawal of the Fillmore Electoral Ticket would be the death blow to the prospects of the National American and Old Line Whig Candidate in States which he alone can carry against the Locofoco nominee; that such an act of treachery by the Americans of Pennsylvania to their friends elsewhere would give James Buchanan 120 votes in the Slave States, and sufficient in the North to make him President.

Resolved, That we invite all the opponents of Locofocoism to rally on the straight out Fillmore and Donelson Electoral Ticket, and thus prevent the vote of Pennsylvania from being cast for Buchanan and his destructive doctrines, but that come what may, we will not strike the flag of Fillmore; and that we will cling to it in victory or defeat, with an unshaken faith, and an unyielding courage.

Candor from an Unexpected Quarter.

The Philadelphia *Son*, a Fremont paper of Tuesday last, has the following article in reference to Kansas. The stock in trade of the "freedom shriekers" is exhausted. Governor Geary has settled matters there, and peace is restored to the people of that Territory: "RESTORATION OF QUIET IN KANSAS.—The news received via St. Louis from Kansas to the 19th of September, gives cheering encouragement that the measures taken by Gov. Geary will speedily lead to the pacification of Kansas. It is known to our readers that we have persistently condemned the shameful interference of the Missourians in the affairs of Kansas, and the great evils which have resulted from this interference have shown that our fears were not ill-grounded. The prospects of peace and a return to the foundation principles of representative government, that the will of the people fairly expressed at the polls by legal votes shall be obeyed and respected, cannot fail to be gratifying to all good citizens. We are entirely independent of and above the influences of those partisan tactics which try to make the worse appear the better cause, or to conceal the truth because ignorance of it may facilitate the chances of this or that political aspirant. Therefore, we stand ready now, as we have always done, to do justice to any party that may bring about such a condition of things. We have ever condemned the repeal of the Missouri Compromise as a wanton and uncalled for re-opening of agitation, but since the act was committed and its restoration appears impossible and is not even claimed by many who staunchly resisted its infraction, we have anxiously desired that the principles of the Kansas Nebraska bill should have a fair trial. They have resulted well in Nebraska, which Territory was organized by the actual settlers under that bill, and it cannot be doubted that, if left to operate in Kansas, without interruption from any quarter, they must be equally successful. The action of John W. Geary, a Pennsylvanian, recently appointed to a responsible position by President Pierce, looks like the dawning of a new era in Kansas, and thus far has shown that a man of nerve and of sound principles can do much to put down the unfortunate difficulties and prevent the unlawful interferences which have so long disturbed the country and retarded the progress and prosperity of the Territory. His inaugural proclamation has been well followed up, and the measures he has taken promise to bring about the most wholesome results."

The Keystone Club Banner.

We are not aware, that the Keystone Club have yet decided the question, as to what county is entitled to the Banner. Although we have just cause to feel proud of our vote in Cambria, yet, if she has been surpassed by any other county in the State, we say let the Banner go where it justly belongs. We did our whole duty and if any one of our allies in the hand to hand struggle, has dealt heavier and more effective blows against the common foe, let the crown of honor be so awarded.—We have but two competitors *Columbia* and *Monroe*. When the question is settled the result will be given to our readers.

Superintendent of the Portage Road.

Just as we are going to press, we have been shown an article in the Hollidaysburg "Standard," containing a very extensive "puff" of an individual named William S. Calohan, who has for some time been attempting to figure in this part of the country as Superintendent of the Portage Rail Road. The puff in question is a very imprudent attempt to make newspaper capital on the eve of election, for an individual who has long since fallen beneath the withering contempt of the community. We will attend to him and his toady next week.

ERROR CORRECTED.

In our list of premiums, granted at our late County Fair, mention is made of a lock said to have been made by the Franciscan Brothers. An error was made by the committee who handed the list in to us. The lock was made by the Benedictine brothers, at St. Vincent, Westmoreland county. It is a rich elaborate specimen of German art.

A SECTIONAL PARTY.—Hon. George W. Julian, a Fremont orator at Greenville, September 16, 1856, said "it was of no use to deny it any longer. Our Republican party is a sectional party." His language is: "I tell you we are a sectional party. It is not alone a fight between the North and South—it is a fight between freedom and slavery, between God and the devil, between Heaven and Hell."

Cambria "the Star of the West."

The returns of the election held on the 14th inst., show that Cambria county has given by far the largest Democratic majority east by any county west of the mountains. This entitles her to the rank so long held by Westmoreland. Cambria is henceforth the "star of the West." If any of our sister counties are envious, let them deserve it by rolling up a bigger majority—if they can.

WHO ARE FOR FREMONT?

The English and European politicians are for Fremont. Hear the *London Leader*: "Already the politicians of England and Europe are reckoning that the American people will elect an anti-slavery President, who will send around the brand of discord as the burning branch used to be sent to rouse the clans of Scotland."

The British Tories are for Fremont.

Hear the *London Chronicle*: "We should be sorry to see Mr. Buchanan elected, because he is in favor of preserving the obnoxious institutions as they exist, AND THE UNITY OF THE STATES.—There is no safety for monarchical governments if the progressive spirit of the Democracy of the United States is allowed to succeed. ELECT FREMONT, AND THE FIRST BLOOD OF THE SEPARATION OF THE UNITED STATES IS EFFECTED."

The British Chancellor of the Exchequer is for Fremont.

Hear the *London Globe*: "Let us, however, first remove the beam from our own eyes, that we may see clearly to remove the mote from that of our American kinsfolk. It is with the deepest humiliation that we receive the announcement that the British Chancellor of the Exchequer has subscribed \$100,000 for the use of the Fremont and Dayton clubs, as a means of securing the success of the Republicans, and thereby of breaking the Union of the United States." The Canadians are for Fremont. Hear the *Baltimore National*: "We have within the past few weeks travelled through the upper and lower provinces of Canada, and in both Montreal and Quebec had ample advantages to observe the temper of Canadian people upon the subject of American politics. It is on this side scarcely imagined how much those on the other side interest themselves in our Presidential contest.—And we find this invariable rule governing the whole mass. Americans—by which we mean persons born in the United States—were unanimously in favor of the election of Buchanan, whilst the Canadians were unanimous for Mr. Fremont."

The negroes are for Fremont.

Hear an African orator at a Black Republican meeting in Byberry, Pennsylvania: "I am a disunion abolitionist, and I repudiate the constitution of this country, for, I think, stronger reasons than my friend here has given. Yet I wish John Charles Fremont elected, if John Charles Fremont be elected upon principles without concealment and without compromise. His victory is our victory. Defeat to him would be defeat to us. I want no deception. He hates slavery, and while he subscribes, unfortunately, to the constitution of our country, his election will be entering wedges to that system which will bring down its ruin and fall before a great while."

The white disunionists are for Fremont.

Hear Wendell Phillips: "There is merit in the Republican party. It is this—it is the first sectional party ever organized in this country. * * * It is not national; it is sectional. It is the North arched against the South. * * * The first crack in the iceberg is visible; you will hear it go with a crack through the centre." The Know Nothings are for Fremont. The Fourierites are for Fremont. The free lovers are for Fremont. The atheists are for Fremont. The women's rights women are for Fremont. In short, the advocates of every pernicious and disgusting ism are for Fremont.

WITHERING DENUNCIATION OF THE BLACK REPUBLICAN PARTY BY MILLARD FILLMORE.

MILLARD FILLMORE delivered a speech at Albany, New York, in July, in which he thus referred to the Black Republican party: "Suppose that the South, having a majority of the electoral votes, should declare that they would only have slaveholders for President and Vice President, and should elect such of their exclusive suffrages to rule over us at the No. 61. Do you think we would submit to it? No, not for a moment [Applause].—And do you believe that your Southern brethren are less sensitive on this subject than you are, or less jealous of their rights [Tremendous cheering.] If you do let me tell you that you are mistaken. And therefore, you must see that IF THIS SECTIONAL PARTY SUCCEEDS, IT LEADS INEVITABLY TO THE DESTRUCTION OF THIS BEAUTIFUL FABRIC REARED BY OUR FATHERS, AND BEQUEATHED TO US AS A PRICELESS INHERITANCE.

I tell you, my friends, that I feel deeply, and therefore I speak earnestly on this subject,—(cries of "You're right!")—for I feel that you are in danger. I am determined to make a clean breast of it. I will wash my hands of the consequences whatever they may be; and I tell you that we are on the brink of a volcano, that is liable at any moment to burst forth and overwhelm the nation.

It seems to me impossible that those engaged in this can have contemplated the awful consequences of success. If it breaks asunder the bonds of our Union, and spreads anarchy and civil war through the land, what is it less than moral treason? (Cries of "nothing"—nothing less!) Law and common sense hold a man responsible for the natural consequences of his acts, and must not those who act tend to the destruction of the government be equally held responsible? (Cries of "yes! yes!")

A SECTIONAL PARTY.—Hon. George W. Julian, a Fremont orator at Greenville, September 16, 1856, said "it was of no use to deny it any longer. Our Republican party is a sectional party." His language is: "I tell you we are a sectional party. It is not alone a fight between the North and South—it is a fight between freedom and slavery, between God and the devil, between Heaven and Hell."
