Henry D. Foster is a lawyer of considerable reputation...

The above beautiful extract is taken from the Clinton County Democrat...

This wise man of the north, has discovered that Henry D. Foster is a lawyer of considerable reputation...

Fortunate man, in having distinguished a biographer as far as Gen. Foster's reputation and standing as a lawyer is concerned...

It is the very front rank of his profession, and that he has no superior of his age in the State...

They will tell him, in language not to be mistaken, that he is not only a lawyer of considerable reputation, but that he is in the very front rank of his profession...

So far as Gen. Foster's reputation and standing as a lawyer is concerned, we will merely refer Mr. Dieffenbach to Chief Justice Lewis...

Pittsburg Election

An election held in Pittsburg on Tuesday, the 13th inst., Henry A. Weaver, Republican, was chosen Mayor...

On the same day, H. Dehaven, Republican, was elected Mayor. The vote was as follows: H. Dehaven, 779; B. C. Sawyer, American, 750; Wm. H. Helt, Democrat, 681; C. W. Benny, Citizens candidate, 201.

The Republicans also succeeded in electing a majority of the councilmen in each city.

John H. Foster, Esq. On last Saturday, the Directors of the 1st of this county, elected Mr. G. O. K. Zahn, Treasurer.

The selection is a good one; we also learn that Mr. Zahn has been elected Treasurer of the Clinton County Agricultural Society.

We are requested to state, that a Ball will be given at the Washington Hotel, at the foot of Plane No. 2, on the 18th day of February next.

We will reply next week to the scurrilous attack on our Representative George N. Smith, which appeared in the last Bedford Gazette.

When Fremont was nominated—Thaddeus Parker, in a recent address from the public square in the name of Fremont's nomination, said: "The head of freedom," said he, "in the North was Fremont, a young, inexperienced man, the choice of nobody."

Dr. Emma R. Kistler—We deeply regret to learn that this indefatigable explorer, whose name fills the civilized world, is now lying quite ill at Havana.

January 14.—In Senate, Mr. Wright presented a protest against the election of Simon Cameron as United States Senator, assigning the following reasons: First, because he did not receive a concurrent majority of each House.

Second, because the Senate did not comply with the provisions of the election law of July, 1853, requiring the appointment of a teller, and the making of nominations at least one day before the meeting of the Congress.

Third, because the protest is signed by fourteen Democratic Senators, Mr. Strickland signing as Mr. Cameron moved to refer the protest to the Judiciary Committee.

In the House, the Speaker announced the standing Committee for the day: Ways and Means—Messrs. Young, Roberts, Hill, Dock, Jenkins, McLaughlin, East, Wilson, Stevenson.

Industry—Messrs. Smith, Calhoun, Wilcox, Peckham, Heston, McLaughlin, Peckham, Longaker, Manning.

Pensions and Gratuities—Messrs. Smith, Calhoun, Wilcox, Peckham, Heston, McLaughlin, Peckham, Longaker, Manning.

Protest of the Absentees

We take the following article from the Pittsburg Union. It is very moderate and to the point, and speaks the sentiments of a majority of the Democracy of the county.

"At the request of the absentees from the recent caucus of the Democratic members of the Legislature which nominated Col. Forney for Senator, we publish, this morning, their statement in their own defence."

However people may differ as to the policy of their course of action, we do not think that any decent man who knows them and their constituents, can for a moment impute to them unworthy motives.

Some of the comments made upon their character will shake that confidence. We are sorry to see such attacks made, because if persisted in they may lead to a bitter and unending warfare in the party, between the Eastern and Western portions of the State.

These men are known to be the most unflinching and radical Democrats in the Legislature. Some of them are old members, distinguished for the bold and manly way they always presented by swindling bank schemes, gigantic corporations, and every other species of legislative corruption.

Especially may we say this of the Westernland delegation, Hill and Paup, established for themselves an unenviable reputation for intelligence, integrity and true Democracy, many years ago in the Legislature and have maintained it ever since.

It is to be regretted that the Eastern portion of the State is so full of politicians, who are so ready to believe anything they hear from the mouth of a party organ.

Protest of the Absentees from the Late Democratic Caucus

The following protest was written and signed by us before the election of U. S. Senator, and before the publication of it was delayed—because that our honest men who know the reasons that impelled us to adopt the course we did would fully appreciate them, and that no one would be so base as to attribute to us, in any way, the election of Gen. Cameron.

We prefer publishing the protest as it was originally written—because we were pledged ourselves, that in no event would we vote for any other than a reliable Democrat. How far we were true to this pledge, is now known—another reason also impels us to this course—the language is moderate, and more so than some transcribing circumstances of late, would justify in us.

We are proud to know that men who know us—and public prints that have respect for their own standing and the honor of men, treat us fairly. We say nothing more.

But when a few political hucksters, recking with pollution themselves, arraign us with such terms as Lobo, Member, and Whig—our feelings are soothed, and we are glad to see places to resolutions containing sentiments that every honest man knows to be false, and most every in our own defence.

If the Democracy of the East will permit such men to pass the resolutions contained in the "Pittsburg Union" of the 13th inst., to arrange a division of the Democracy of the West, and dissolve all connection with them politically, we are much obliged to them.

To place in the same line the names of the Hon. H. P. Foster, and that of Lobo & Co., is an insult to every man that has an adequate sense between honor and infamy.

It is to be regretted that the Eastern portion of the State is so full of politicians, who are so ready to believe anything they hear from the mouth of a party organ.

From Washington

Washington, Jan. 12.—The Committee on Territories have prepared a report in relation to the petition of the citizens of Carson Valley, asking for the annexation of that portion of Utah Territory to California.

The committee believe that some measure of wider scope is necessary to effect a cure of the evils of which the citizens of Carson Valley complain, namely, Mormon oppressions, and accordingly recommend the passage of a bill now in the calendar for the prevention and punishment of bigamy.

The Committee on Territories have also prepared an unfavorable report on the petition for the organization of the Territory of Arizona, in the 4th Indian Territory.

It appears that there are some eight or ten thousand inhabitants therein, and that the territory is rich in minerals, and that the people are of a high order of intelligence.
