Mr. Buchanan in his appointments follows a very eminent example, as will appear by the following passage in Spark's Life of Washington:

James McDonald.

Evening Bulletin.

"No part of the President's duty," says. Sparks in his life of Washington, "gave him more anxiety than that of distributing the offices in his gift. Applications iunumerable flowed in upon him, even before he left Mount Vernon, many of them from his personal friends, and others supported by the recommendation of his friends, nor did they cease so long as any vacancies remained .-He early prescribed to himself a rule, however, from which he never swerved, which was to give no pledges of encouragement to any applicant. He answered them all civilly, but avowed his determination to suspend a decision until the time of making the appointments should arrive, and then, without Wayne favor or bias, to select such individuals as in Luzerne his judgement were best qualified to execute with faithfulness and ability the trust reposed

KANSAS - The Washington Union says: We understand that Governor Walker, who is now in this city, will leave direct for Kansas on Monday evening next, or the following morning. The Apportionment Bill.

Annexed will be found the Appertionment bill as it passed the Legislature. Considering the fact that the Black Republicans had a majority in the Senate, that Gov. Pollock belongs to the same fraternity, and that several members of the House who professed to be Democrats were necidedly fishy, we think that this is a better bill than we had a right to expect under the circumstances-It will, we are confident, secure a good working majority in both branches of the Legislature, and this is all we should desire. It will be seen that Cambria county is crected into a separate representative district, a consummation for which the Democracy of the county have long sincerely wished. Wherever else the Democracy of the Keystone State may falter in their devotion and fidelity to the principles of the party, of one thing we are certain, that little Cambria is and will be good for one Democratic Representative annually luring the next seven years. We are also deciledly pleased with our Senatorial district. Carstria Clearfield and Elair will always, while comileges of the Lewisburg Savings' Institution. posing our Senatorial district, be represented by a To extend the charter of the Doylestown Jeffersonian democrat or we are much mistakes. Gen. H. D. Fester, for his unwestied exertions in procuring the passage of this bill, is entitled to the thanks of the Democracy of the State. By his firm and manly course throughout the session on all quastions of importance that stesented themselves, he won for himself an enviable reputation for horesty and ability -greater honors await him. The course of our own representative, Capt. Smith, also merits the commendation of every honest man in the Commonwealth. Throughout he was the steady uncompromising fee of fraud and corruption where ever they presented themselves. That soulless
