

FOUR DAYS LATER FROM EUROPE.

Arrival of the Canadian at Quebec.

QUEBEC, June 2.—The Canadian Steamship Company's screw steamship Canadian, from Liverpool, at an early hour on the morning of the 20th of May, has arrived at Riviere du Loup, en route for this port and Montreal.

The Canadian passed Riviere du Loup, at a late hour last night, but has not yet reached this port.

Her advices are four days later than those by the Cunard steamship Arabia, at New York.

The Cunard steamship Europa, from Boston, May 6, via Halifax, arrived at Liverpool on the 17th ult.

The screw steamship City of Washington was to sail for New York on the same day with the Canadian.

GREAT BRITAIN. The British news are of an unimportant character. No movements of interest has taken place in Parliament.

The Birmingham markets were steady with a good American demand, and woolen manufactures were slightly better.

The Irish linen market was heavy. FRANCE. Paris letters report the discount market easy, with a better supply of money on the Bourse.

Considerable specie was due at Paris from Russia. It was rumored that the Bank of France had made a new contract for a supply of gold.

The silk market remained in a state of suspense, but nothing unfavorable had transpired. From Naples the accounts were good, and from Lombardy, uncertain.

SWITZERLAND. The Neuchâtel difficulty had been finally settled, all parties agreeing upon the terms.

SPAIN. It is reported from Madrid that an interview between the Mexican Ambassador and the Spanish Foreign Minister, the basis of an arrangement of the Mexican difficulty was made.

The Spanish squadron remained at Cadiz. DENMARK. The new Danish Ministry are apparently ameliorating the Holstein difficulty.

THE DANUBIAN PRINCIPALITIES. Oriz has asked the great powers to occupy the Danubian Principalities with a military force, but the powers refused permission.

SYRIA. There has been an engagement at Dannekeer between the Turks and rebelled Arabs.

PERZIA. The British treaty of peace with Persia was ratified at Teheran on the 14th of April.

CHINA AND INDIA. Details of the previously telegraphed news from China and India are published. They are entirely confirmatory of the previous accounts and contain nothing new of importance.

No further operations have yet taken place at Canton. THE CHINESE WAR. There is nothing further in regard to the Chinese War. The British forces in Canton river were unchanged. Hong Kong and Shanghai were quiet.

In India the two native regiments had retired.

[From the Danville Herald] A Bitter Persecution and Terrible Suicide. A terrible tragedy occurred at Genesee yesterday morning, of which we hear different rumors, the more probable of which appears to be as follows:—

A young Englishman, by the name of Richmond, came from the West to Genesee, about a year ago, bringing with him a woman apparently young, who pretended to be a cousin of his. Richmond was employed by H. P. North, Esq., in his flouring mill, and bore the reputation of being an industrious and faithful man. He (Richmond) was subsequently arrested on oath of the woman, and this week was to be tried for seduction and breach of promise, at the present term of the County Court and Court of Sessions, at Genesee.

As we were informed, he was so tried, and the jury awarded a verdict of \$500 to the woman. After the first trial he was again arrested, on the charge of being the reputed father of the woman's child and gave bail to provide for the support of it seven years at one dollar per week.

After having thus been arraigned a second time, Richmond was a third time arrested, on a warrant issued on the oath of the woman. On this charge, he was arrested yesterday morning, at the mill where he was at work, and after the warrant had been served by the officer, he remarked that "he supposed he had got to go to State Prison any way, or else he would not have been presented as he was," and requested permission to go up stairs to change his clothes.

This was granted by the officer, and while he was up stairs, the persons in the mill heard a noise resembling the falling of a window. It was not noticed much, however, and the officer, after waiting some time, and Richmond not returning, tired of waiting, and proceeded up stairs, together with a number of persons, and found the door locked to which Richmond had gone to change his clothes. The officer calling to Richmond and hearing no reply, forced the door open, and found the latter lying on the floor, gasping and bleeding from the effects of a pistol shot wound through his head.

It appears that a few minutes after his reaching the room, the unfortunate young man placed a pistol in his left ear and exploded it; the ball passing through his head and coming out just above his right ear.

The cause of this terrible suicide, undoubtedly is the bitter persecution to which the poor man was subjected by a woman, whom it appears persecuted him at law only for the purpose of persecuting him to his death, and we suppose now that he is dead her revenge will be satisfied and her object attained. But public sympathy is, and should be, with the poor fellow, who put an end to a sad, and harassed life, to escape a bitter and relentless persecution.

"See here, my friend, you are drunk?" "Drunk! to be sure I am, and have been for the last three years. You see, my brother and I are on the temperance mission. He lectures, while I set a frightful example.

CITY AND COUNTY TREASURERS.—The following act, relating to the duties of City and County Treasurers, passed at the recent session of the Legislature, has become a law, having been approved by the Governor:—

SECTION 1. Be it enacted, &c. That whenever any monies shall have been or may hereafter be collected by law in any city, county or township, for any special purpose, and paid into the hands of the treasurer of such city, county or township, it shall be unlawful for such treasurer to apply such monies, or any part thereof, to any other purpose than that for which such monies shall have been or may be collected, and every such misapplication shall be held and deemed a misdemeanor, for which such treasurer may be indicted and tried in the Court of Quarter Sessions of the proper city and county, and upon conviction thereof such treasurer shall be punished by fine of not less than the amount so misapplied, and by imprisonment in the jail of the proper city or county for not less than three months nor more than one year. Provided, That prosecutions for all offences under this act shall be commenced within six years from the time when such offence was committed.

The Case of Judge Vondersmith—Death of his Wife

In connection with the present condition of Judge Vondersmith, who is in prison in the debtors apartment of MORGANSTEN we may state that Mrs. Vondersmith died suddenly at Lancaster on Sunday afternoon. She was generally in delicate health, and recent domestic troubles, no doubt hastened her death. The death scene, which occurred under peculiarly distressing circumstances, was rendered still more painful by the dying wife and mother giving premature birth to a child a few moments before her dissolution. Her husband and the father of her three children, all old enough to realize their situation, lying in prison in Philadelphia, charged with a high crime, and the cries of the children for parents both lost to them, presented a scene of sorrow and distress rarely witnessed by human eye.

The house in which the family resided is subject to a lien of \$7000, with three years interest, which the government holds as an indemnification of the forfeited bail, and the children are therefore left not only orphan but homeless.

When the information of his wife's death was communicated to him on Monday, by a gentleman from Lancaster, Mr. F. SCHROEDER, he appeared deeply affected, and shed tears. During the whole night he constantly waked his self, and was frequently heard to wail. The decease of Mrs. Vondersmith appears to have been a powerful blow upon his spirits. There are no less than fifteen bills of indictment pending against the Judge for fraud and forgery upon the United States Government, and if tried and convicted I upon all, his term of imprisonment could be made to reach one hundred and fifty years.

DEATH FROM THE BITE OF A SPIDER.—A large framed muscular man, 30 years of age, named Harshorn, of Newton, Upper Falls, was awakened last Saturday morning by a stinging pain just above his right elbow, radiating from a small red spot. On searching the bed, a small black spider was found where his arm had rested. The swelling rapidly extended down the arm nearly all day; on Monday he was seized with a pain in bowels, which continued with frightful severity until he died at five o'clock.—Waltham (Mass.) Sentinel.

CRUEL WHIPPING.—Harmon O'Hara indicted at Utica, N. Y. for causing the death of his son, by whipping and beating him in a cruel manner, was convicted of manslaughter in the second degree, and sentenced, on Friday last, to six years in the State prison. Some parents seem to think they may beat their children as much as they please, but this is a mistake, the law protects children from cruelty as well as dumb beasts.

Who that is troubled with any of those disagreeable Complaints, such as Jaundice, Dyspepsia or Liver Diseases of any kind, but would like to know of a remedy for these unseemly visitations? We feel that we are doing our invalid readers an invaluable service if we can induce them to get a bottle of Dr. Sanford's Invigorator, and take it, for we know from personal experience that it is one of the greatest remedies for general debility, and consequent inactive bodily powers ever before used. Its action is so perfect and complete as to give relief the first time taken, and if it does to others as it has to us, half a bottle will be all that is needed. We know of nothing that we can recommend with such confidence, as a family medicine, as the Invigorator.

LADIES AND GENTLEMEN:—We would call your attention to the advertisement of Prof. O. J. Wood's Hair Restorative, which appears in the columns of our present number.

From our long acquaintance with the proprietor, and with numerous individuals who have used his preparation with perfect success for the last two years, we feel no hesitation in recommending the article as superior to any of the preparations now in use for the same purpose, viz: for restoring gray hair to its original color, a sure and perfect cure for baldness and a never failing preventive for the falling hair.

It is decidedly the best and most popular in use for beautifying, preserving, restoring and strengthening the hair, relieving diseases of the skin, and removing scurf, dandruff, and all eruptions and feverish heat from the scalp.

We speak in relation to the above from what we know, having been personally acquainted with numerous persons who have used the restorative for the above purpose with the most gratifying results.

It is not often we notice a patent medicine. Indeed we think that we have never puffed one before; but Prof. Wood's Hair Restorative is something so superior to most of the preparations of the day, that we cannot forbear asking the attention of our readers to it.—Catholic Vicindator.

WHITE TEETH, PERMANENT BRIGHT AND BEAUTIFUL COMPLEXION.—can be acquired by using the "Balm of a Thousand Flowers." What lady or gentleman would remain under the curse of a disagreeable breath, when by using the "Balm of a Thousand Flowers" as a dentifrice, would not only render it sweet, but leave the teeth white as alabaster? Many persons do not know their breath is bad, and the subject is so delicate their friends will never mention it. Beware of counterfeits. Be sure each bottle is signed
