The Liver is one of the principal regulators of the human body, and when it performs its funetions well, the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the Liver for the proper performance of its functions. To prove that this remedy is at last found, aby person troubled with Liver Complaint in any of its forms, has but to try a bottle, and conviction is certain.

A compound has been formed by dissolving gums, and extracting that part which is soluble for the active virtues of the medicine. These gums remove all morbid or bac matter from the system, supplying in their place a healthy flow of by lot belonging to George S.
