Hazlehurst, the Know-Nothing candidate for Governor, is also on the "stump," endeavoring to build up once more the fallen fortunes of the dark Lantern party, and our Denderatie friends will be pleased to learn, that Wm. It is highly probable he will visit this county during the campaign; should it suit his arrangements to do so, he may expect a warm and onthusiastic reception from the " frosty sons of thunder."

Since Hazlehurst has declared his intentions of " running for Governor" in earnest, Wilmot and his friends have given up the contest in despair. "Sambo" has at length discovered that in spite of all his efforts, he cannot swallow "Sam" altogether. However we neav despise the principles of Know-Nothingism, we cannot help admiring the fidelity with which a few of the devoted followers of "Sam' rally round his standard in the hour of adversity. They espoused his cause while success crowned his efforts and he was every where triumphant; and though the day of his destiny is over, like true disciples they still cling to him with a foud and devoted affection: "As the sun flower turns on her god as he sets, ple into corners, and telling them that his op-The same look which she turned when he rose."

Mr. Caldwell is a sound radical Democrat. He resided in Washington township, in this county, from 1854 until 1857, and during that period, he distinguished himself by his devotion to Democratic principles and men, and by his unceasing opposition to every form of Know Nothingism and Black Republicanism. > Why Don't the Squire Resign? David Wilmot having been nominated for Governor by the Black.Republican Convention, has resigned the office of President Judge of the 13th Judicial District. Squire Palmer, having been scleeted by the Know-Nothings and Black-Republicans as their candidate for Assembly, in this county, should at once, in imitation of the example of the illustrious David, resign the office of "Poor House Director," which he at present holds.

Why don't the Squire resign ? His friends are becoming nervous on the subject. If he don't, we fear his case is desperate.
