ME A good-looking friend of ours, who is on this side of forty, though somewhat hearyheaded, while absent from this city a few days used Prof. wood's Hair Restorative, and on his return called to see his lady-love, but was amused to find she did not recognize him ; and immediately determined to pass for a cousin of himself, but was eventually chagrined to find he was supplanting his former self in the affections of the lady, which caused him to make himself known ; but the lady still says she likes the counterfeit better than the original, and insists that he continue (if necessary) to use the Hair Restorative.
