NEW BLACK SMITH SHOP.

THE SUBSCRIBER would respectfully inform the citizens of Ebersburg and the vicinity that he has rented the SMITH SHOP formerly occupied by Michael McCague, where he intends to carry on the BLACKSMITHING in all its branches. Persons entrusting work to his care can rest assured that it will be promptly attended to and at moderate rates. He would also, inform the citizens that the business of HORSE SHOEING will be superintended by himself personally. Owners of valuable horses will not be under the necessity of sending their stock to a neighboring village, as his experience in this line is widely known.

ISAAC WINGER,
Ebersburg, April 9, 1858.

The Wonder of the Age!

J. M. LINDSEY'S GREAT MEDICAL DISCOVERY.

COVERTY—Which is a purely vegetable Preparation, for the purifying of the blood, giving vigor to the Liver, stomach and bowels, and expelling from the system all morbid matter, and substituting in its stead a healthful activity through all the functions of life.

HOW IT WAS DISCOVERED.

In the fall of 1854, a daughter of Mr. Lindsey was suffering from a malignant attack of Cancer Ovis (Cancer of the mouth). She had previously been prostrated by the attacks of Dysentery, Inflammation of the Lungs and Hoaxia. Her disease in its worst form. Her condition was most deplorable—her mouth and cheek were literally rotten—the attending physician pronounced the case a hopeless one. Everything indicated a speedy and horrid death—a death of rotting out of life! At this critical juncture, Mr. Lindsey prepared a compound for the purpose of alleviating, possible, the pains of the little sufferer. She was made to use it freely, and in a short time, to his most delightful astonishment, there was a very perceptible change for the better.—The mouth began to put on a bright and healthy appearance, the food became sweet—the appetite was restored, and the child seemed to partake of a new and fresh life.

Hope was inspired, and the use of the compound was faithfully continued, the result of which, with the blessing of God, was her complete restoration. She is now perfectly healthy. Mr. Lindsey prepared a compound for the purpose of preparing with greater care and exactness, what had so astoundingly cured his child, and continued his experimental efforts until he succeeded in bringing to perfection his Great Remedy for all morbid humors—since which time its effects have been almost miraculously upon hundreds, by which it has been snatched from an untimely grave and restored to the sweets of health and the endearments of friends. The young and old have tested its saving power and sing aloud its virtues. Say they—"after using Lindsey's Improved Blood Searcher, we felt as if a new life were stirring our veins, and under God we owe to it more than words can express."

But hear from their own lips and then believe of its valuable effects. The few testimonials that follow show that it is indeed worthy of the Great Discovery of this or any other age.

J. M. LINDSEY,

Hollidaysburg, Blair county, Pa.

CERTIFICATES.

Pattonville, Bedford Co., Pa., Oct. 14, '57.
Mr. J. M. Lindsey,
Dear Sir—I was severely afflicted with rheumatism for a whole year—nine months of which I was not able to leave my bed—when bearing of the wonderful effects of your Improved Blood Searcher, I determined to procure some of it and give it a fair trial. After using three bottles I was able to walk around again as usual, and am now wholly cured. I can recommend it to all who are similarly afflicted, and believe it is all I claim to be.

Yours, truly,
JOHN SHATTER.

A DESPERATE CASE OF TETTER AND

BARBER'S POX, cured by the use of Lindsey's Blood Searcher. I had the honor to be cured of a most distressing and dangerous disease, which was so severely afflicted with what was pronounced by my physicians to be a certain kind of Tetter and Barber's Pox. My condition was one of the greatest misery any man was almost constantly running with the foul corruption that escaped from the tubercles, by which it was almost completely covered. After two months, without the use of medicine, I was induced to make a trial of Lindsey's Blood Searcher, and the result was that in using one bottle and a half I found a perfect cure. I may also say that I eagerly tried whatever was recommended as a cure. Such was my misfortune that I was so severely afflicted with what was pronounced by my physicians to be a certain kind of Tetter and Barber's Pox. My condition was one of the greatest misery any man was almost constantly running with the foul corruption that escaped from the tubercles, by which it was almost completely covered. After two months, without the use of medicine, I was induced to make a trial of Lindsey's Blood Searcher, and the result was that in using one bottle and a half I found a perfect cure.
