The Wonder of the Age!

J. M. LINDSEY'S GREAT MEDICAL DISCOVERY!
COVERTY!—Which is a purely vegetable Preparation, for the purifying of the blood, giving vigor to the Liver, stomach and bowels, and expelling from the system all morbid matter, and substituting in its stead a healthful activity that all the functions of life.
HOW IT WAS DISCOVERED.
In the Fall of 1854, a daughter of Mr. Lindsey was suffering from a malignant attack of Cutaneous Cancer (Canker of the mouth). She had previously been prostrated by the attacks of Dysentery, Inflammation of the Lungs and Hectic Fever, successively, which resulted in the above named disease in its worst form. Her condition was most deplorable—her mouth and cheeks were literally rotten—the attending physician pronounced the case a hopeless one. Everything indicated a speedy and horrible death—a death of rotting out of life! At this critical juncture, Mr. Lindsey prepared a compound for the purpose of allaying the pain, the pain of the ulcer suffering patient cured his child, and in a short time, to his most delightful astonishment, there was a very perceptible change for the better.—The mouth began to put on a bright and healthy appearance—the foul breath became sweet—the appetite was restored, and the child seemed to take a new and fresh life.
Hope was inspired—the use of the compound was faithfully continued, the result of which, with the blessing of God, was her complete restoration. She is now perfectly healthy! From this circumstance, Mr. Lindsey was led to prepare with greater care and exactness, what had so miraculously cured his child, and continued his experimental efforts until he succeeded in bringing to perfection his Great Remedy for Blood Impurity—since which time its effects have been almost miraculous. Hundreds upon hundreds, by it, have been snatched from an untimely grave and restored to the sweets of health and the enjoyment of life. The young and old have tested its saving powers and sing aloud its virtues. Say they—"after using Lindsey's Improved Blood Searcher, we felt as if a new life was stirring our veins, and under God we owe to it more than words can express."
But hear from their own lips and then judge of the merits of this. The few testimonials that I follow show that it is truly worthy of the Great-Discovery of this or any other age.

J. M. LINDSEY,
Hollidaysburg, Blair county, Pa.
CERTIFICATES.
Patterson, Bedford Co., Pa., Oct. 14, '67.
Mr. J. M. Lindsey,
Dear Sir:—I was severely afflicted with rheumatism for a whole year—some months of which I was not able to leave my bed—when hearing of the wonderful effects of your Improved Blood Searcher, I determined to procure some of it and give it a fair trial. After using three bottles I was able to walk around again as usual, and am now wholly cured. I can recommend it to all who are similarly afflicted, and believe it is all that claims to be.
Yours, truly,
JOHN SHAFER.

A DESPERATE CASE OF TETTER AND RABBITING CURED BY THE USE OF LINDSEY'S BLOOD SEARCHER.
I, the undersigned, was severely afflicted with what was pronounced by my physicians to be a certain kind of Tetter and Barber's Itch. My condition was one of the greatest misery; my face was almost constantly running with the foul discharge of the sores, and the sores, by which it was almost completely covered. After being under the care of my physicians for nearly two months, without the least benefit, I was induced to make a trial of Lindsey's Blood Searcher, and the result was that in using one bottle and a half I found a perfect cure. I may also say that I was cured of what was pronounced by my physicians to be a certain kind of Tetter and Barber's Itch. I even resorted to the dangerous experiment of pouring pure creosote on my face and neck, but it did no purpose—the Blood Searcher was the first and only thing that did me any good. As a half bottle further is unobtainable, and I have great pleasure in recommending it to all who are afflicted with the above named diseases, and I cordially recommend it to any who may suffer from Tetter, or any other disease arising from an impure state of the blood.
JOHN DELMONT,
Hollidaysburg, Pa., July 29, 1857.

A N INTERESTING CASE OF SCROFULA CURED BY ONE BOTTLE OF LINDSEY'S BLOOD SEARCHER.
This certifies that about one year ago my little son aged four years, was most severely afflicted with what the physicians pronounced to be scrofula, and was treated accordingly for nearly a year, but without the slightest benefit. His eyes were running, a thin watery humor almost constantly, which would crust his eyes beyond the power of opening them until they were washed and cleaned by soap and water. About the same time an abscess formed just below the groin which in due time broke and composed a discharge, which would not stop to dry up or heal—the but would be very much stained and the clothing of the child perfectly sickening in a single night's time. After having the attention of a physician for so long a time, and finding the child to be getting worse, we determined to try the effects of Mr. Lindsey's Blood Searcher. This was in last March—and before two weeks had passed away the change was manifest, and I am happy to say that in the use of a SINGLE BOTTLE our little boy has been restored perfectly to health. We cannot speak too highly of this invaluable medicine. It should be in every family—some child will be without it. As a purifier of blood it is beyond all price.
DANIEL BOLLINGER,
Hollidaysburg, Pa., July 29, 1857.

Dr. J. M. LINDSEY,
Dear Sir: I have been using your Improved Blood Searcher since some time last summer, and I deem it to be a matter of duty to bear my testimony to its purifying blood restorative virtues. I have been, for a number of years, severely troubled with erysipelas and general debility; but since I put myself under the influence of your Improved Blood Searcher, I find a very decided improvement. Indeed, my acquaintances frequently remark, that I look so "fat and hearty," and that of no other cause than the use of your Improved Blood Searcher. Judging from my own experience, I believe this to be the most valuable medicine that woman can use, especially those who are or have entered upon the decline of life (from 40 to 50 years of age). I feel that it would have been above gratitude on my part sending to you my name as a witness before the public. I have been actuated solely with reference to the voice of conscience and duty. You are at liberty to make whatever use you may deem proper of this statement.
Yours, respectfully,
MARGARET W. O'DONNELL.

LIVER COMPLAINT CURED BY LINDSEY'S IMPROVED BLOOD SEARCHER.
Blair county, Pa.—Personally appeared before me, one of the Justices of the Peace, in and for Blair county, George Kopp, who being duly sworn according to law doth depose and say—Two years ago I was afflicted with pain between the shoulders, almost constant cough, loss of appetite, chills, night sweats, and very subject to take cold; I at length, because so weak that I could hardly walk, my physician done me no good. Some time last fall I commenced taking Lindsey's Improved Blood Searcher, and by the

use of two bottles was perfectly cured. I feel to recommend it to all who suffer from Liver diseases, general debility, loss of appetite, and other diseases arising from impurity of the blood—I would not like to do without it. I consider it an excellent family medicine.
(Signed) GEORGE KOPP,
A. D. 1857, before me.
Note—Mr. Kopp is a resident of Frankstown, and is well known to the citizens of Blair and Bedford counties as a man of excellent character and influence.

A DESPERATE CASE OF AGUE AND DYSPEPSIA ENTIRELY CURED BY THE USE OF LINDSEY'S IMPROVED BLOOD SEARCHER.
Blair county, Pa.—Personally appeared before me, the subscriber, one of the Justices of the Peace, in and for said county, John Moran, who being duly sworn according to law, doth depose and say that in the spring of 1855, I was a victim to that most distressing—dyspepsia, and that in its worst form. My appetite was completely gone, and when, in order to preserve life, I would force myself to swallow a mouthful of food, the stomach would immediately loath it, and cast it forth with the spittle. I had also been suffering from the Ague; each attack lasting about nine months out of the twelve, so that, with the ague and dyspepsia, I was reduced as I thought beyond recovery; I thought I must die; by my physician I was told to give up, such was my condition, when Mr. Lindsey cured me with a bottle of his Improved Blood Searcher, assuring me it would work a cure. I commenced its use with but little confidence, but in one week's time—so great was its restorative powers—I found my appetite to return, my stomach received a new tone, and I was enabled to eat anything without the slightest inconvenience, and before its leading cough (the ague) had been a charm; nor have I been troubled with ague or dyspepsia since. I enjoy a better state of health than I had done for fifteen years before; I am strong and hearty, and I feel confident that, under the blessing of God, I owe all to the invaluable Improved Blood Searcher. I believe it not to be only a sure remedy for ague, but an infallible preventative, and, as such, I would recommend it to all whose business, habits or residences, expose them to this dreadful pest of humanity. Dyspepsia cannot stay where the Improved Blood Searcher is properly used.—I feel it my duty to point all who suffer, to this all-healing medicine.
