The Wonder of the Age!

J. M. LINDSEY'S GREAT MEDICAL DISCOVERY! - Which is a purely vegetable Preparation, for the purifying of the blood, giving vigor to the Liver, stomach and bowels, and expelling from the system all morbid matter, and substituting in its stead a healthful activity through all the functions of life.

HOW IT WAS DISCOVERED.

In the fall of 1854, a daughter of Mr. Lindsey was suffering from a malignant attack of Cancer Ovis (Cancer of the mouth). She had previously been prostrated by the attacks of Dysentery, Inflammation of the Lungs and Hectic Fever, successively, which resulted in the above named disease.

CERTIFICATES.

Patonsville, Bedford Co., Pa., Oct. 14, '57. Mr. J. M. Lindsey, - I was severely afflicted with rheumatism for a whole year - some months of which I was not able to leave my bed - when hearing of the wonderful effects of your Improved Blood Searcher, I determined to procure some of it and give it a fair trial.

DESPERATE CASE OF TETTER AND BARBER'S ITCH.

BARBER'S ITCH, cured by the use of Lindsey's Blood Searcher. I, the undersigned, sometime in last March, was severely afflicted with what was pronounced by my physicians to be a certain kind of Tetter and Barber's Itch.

AN INTERESTING CASE OF SCROFULA.

cured by one bottle of Lindsey's Blood Searcher. - This certifies that about one year ago our little son aged four years, was most severely afflicted with what the physicians pronounced to be scrofula, and was treated accordingly for nearly a year, but without the slightest benefit.

DESPERATE CASE OF AGUE AND DYSPERSIA.

entirely cured by the use of Lindsey's Improved Blood Searcher. - Personally appeared before me, the subscriber, one of the Justices of the Peace, in and for said county, John Moran, who being duly sworn according to law, doth depose and say that, in the spring of 1856, I was a victim to that worst of diseases - dyspepsia, and that in its worst form.
